Resolution: 2019-09-08

State of California
State Allocation Board
School Facility Program

This Resolution of the State Allocation Board (hereafter referred to as the "Board") is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on September 25, 2019.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board's criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds;

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2, and this Resolution does not bind the Board to make any additional apportionment, or bind the State to incur any indebtedness.

2. The Board anticipates that some or all of the school districts listed on the list of "Projects" referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project costs prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State's budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.

3. The Board, acting on behalf of the State, hereby declares that it is the State's official intent to use proceeds of general obligation bonds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants in accordance with applicable laws and regulations.

4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on September 25, 2019 at Sacramento, California.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 25, 2019

SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.

2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.

3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

KEY TO ADJUSTMENTS: NEW CONSTRUCTION ONLY:

(a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.

(b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.

(c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.

(d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.

(f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).

(g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.

(h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82(a).

(i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).

(j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.

(k) Adjusted for any changes in classroom inventory as a result of a reorganization election.

(l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.

(n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.

(o) Adjusted for operational grant changes as determined/provided by the California Department of Education.

(p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).

(q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.

(r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.

MODERNIZATION ONLY:

(a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.

(b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.

(c) Increased by changes in projected enrollment in subsequent enrollment reporting years.

(d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.

(e) Adjusted as a result of errors or omissions by the district or by the OPSC.

(f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.

(g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.

(h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.

(i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.

(j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.

(k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.

(l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.

(m) Adjusted as a result of classrooms demolished and replaced pursuant to Regulation Section 1859.82.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 25, 2019

PRIORITY FUNDING SCHOOL CONSTRUCTION APPORTIONMENTS

PURPOSE OF REPORT

To provide priority School Facility Program (SFP) funding Apportionments for $771.7 million for the projects that submitted a valid certification.

DESCRIPTION

At the May 2011 State Allocation Board (Board) meeting, the Board approved proposed regulations establishing two annual filing periods for prioritizing school construction funding as cash proceeds became available to provide Apportionments. The Office of Administrative Law (OAL) then approved the regulations on July 27, 2011. The proposed regulations created two 30-day periods in which school districts could request to receive an Apportionment upon acknowledgement that a *Fund Release Authorization* (Form SAB 50-05) could be submitted within 90 days of receiving an Apportionment.

Based on SFP regulations, the recent 30-day filing period began on May 8, 2019 and ended on June 6, 2019. Requests must have been physically received by the Office of Public School Construction (OPSC) on or before June 6, 2019 and are valid from July 1, 2019 through December 31, 2019.

By approving this item, the Board will provide approximately $771.7 million in Apportionments for 193 projects that represents 106 school districts and qualifying applicants.

AUTHORITY

See Attachment A.

BACKGROUND

Requests/Acknowledgements

Pursuant to SFP Regulations, districts choosing to participate in the priority funding process must submit a request to convert an Unfunded Approval to an Apportionment. As part of the request, districts are required to make the following acknowledgements:

- The district understands that the time limit on fund release shall be no more than 90 days from the date of Apportionment.
- The District acknowledges that failure to submit a valid *Fund Release Authorization* (Form SAB 50-05) within the 90-day period will result in the project being rescinded without further Board action. A rescinded application will revert back to an Unfunded Approval at the bottom of the Unfunded List (Lack of AB 55 Loans) and cannot be guaranteed bond authority. The application will receive a new Unfunded Approval date of Tuesday, December 24, 2019.
- In the case that multiple rescissions are made by the SAB, each separate application will be placed at the bottom of the Unfunded List (Lack of AB 55 Loans) in the order of the original unfunded approval date. The district will not be required to resubmit the application and no further application review will be required.
- The district acknowledges that by participating in the priority funding process, the district is waiving its right to the 18-month timeline for fund release submittal
- The district acknowledges that a Grant Agreement must be submitted pursuant to SFP Regulation 1859.90.4 and physically received by OPSC prior to or concurrently with the Form SAB 50-05.

BACKGROUND (cont.)

By approving this item, the Board will provide approximately $771.7 million in Apportionments for 193 projects on the Unfunded List (Lack of AB 55 Loans) that are eligible for an Apportionment. Any requests by applicants to participate in the priority funding process that are not converted to Apportionments shall retain their date order position on the Unfunded List (Lack of AB 55 Loans) unless the applicant receives a second non-participation occurrence. Any project receiving a second non-participation occurrence will be rescinded without further Board action.

This priority funding round generated $771.7 million in Apportionment requests from 106 applicants for 193 of 222 unique projects, which represents 87.9% percent of the projects on the Unfunded List (Lack of AB 55 Loans) that could have submitted requests. The Board is also providing one additional Apportionment due to a closeout review adjustment. In total, the Board is able to provide $771.7 million in Apportionments. The attachments provide detailed lists of the Apportionment requests received during this filing period that remain on the Unfunded List (Lack of AB 55 Loans). The applications receiving an Apportionment are highlighted in Attachments B, C, D, E, F, G and H.

STAFF ANALYSIS/STATEMENTS

Current/Future Request Periods
Requests submitted during the 30-day period that ended on June 6, 2019 will expire on December 31, 2019. A new 30-day priority funding request filing period will begin on November 13, 2019 and will end on December 12, 2019. Requests submitted during that period will be valid from January 1, 2020 through June 30, 2020.

Fund Release Requirements
Districts receiving Apportionments are required to submit a valid Form SAB 50-05 containing an original signature for each approved application. Forms SAB 50-05 must be physically received by OPSC at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on Tuesday, December 24, 2019. If a district fails to submit a valid Form SAB 50-05 within the allotted time frame, the project will be rescinded without further Board action and will receive a new unfunded approval date of December 24, 2019 on the Unfunded List (Lack of AB 55 Loans).

Grant Agreement
Pursuant to action taken by the Board at the June 5, 2017 meeting a Grant Agreement for the project with an original signature by an authorized District Representative must be submitted prior to, or concurrently with, the Form SAB 50-05 in order for the Form SAB 50-05 to be considered valid for all projects that are approved for placement on the Unfunded List (Lack of AB 55 Loans) on or after June 5, 2017. Projects on the Unfunded List as of June 5, 2017 are exempt from this requirement.

Non-Participation in Priority Funding Process
On March 25, 2013, regulation amendments regarding non-participation in the priority funding process became effective. The regulation changes limit the number of times a district can choose not to participate in the priority funding process for a project on the Unfunded List (Lack of AB 55 Loans). Projects receiving an Apportionment in this item but do not submit a valid Form SAB 50-05 by close of business on Tuesday, December 24, 2019 will receive one non-participation occurrence. If this is the project's second non-participation occurrence, the project will be fully rescinded without further Board action and will not return to the Unfunded List (Lack of AB 55 Loans). The bond authority associated with rescinded projects will return to the SFP.

Pursuant to the Board's action on September 25, 2019, the District is required to submit a complete *Fund Release Authorization* (Form SAB 50-05) on or before December 24, 2019, otherwise, the apportionment will be rescinded without further Board action and will receive a new Unfunded Approval date of December 24, 2019.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on December 24, 2019.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(1). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's outstanding bonded indebtedness (as of April 25, 2018) is at least 60 percent of its total bonding capacity.

Amounts shown for financial hardship assistance are subject to adjustment as a result of a review of the District's financial records pursuant to Regulation Section 1859.81(a) at the time of apportionment.

Pursuant to the Board's action on September 25, 2019, the District is required to submit a complete *Fund Release Authorization* (Form SAB 50-05) on or before December 24, 2019, otherwise, the apportionment will be rescinded without further Board action. This project has previously incurred one nonparticipation occurrence.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on December 24, 2019.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Financial Hardship - This project had a previous design apportionment. However, the District has sufficient funds to cover its share of the adjusted grant approval for this project.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submit pursuant to School Facility Program Regulation Section 1859.90.4.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Form SAB 50-05 submittal must contain an original signature from a designated District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on December 24, 2019.

Amounts shown for financial hardship assistance are subject to adjustment as a result of a review of the District's financial records pursuant to Regulation Section 1859.81(a) at the time of apportionment.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(4). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's total bonding capacity (as of February 6, 2019) is $5 million or less.

This application is approved as a Reservation of Funds. Pursuant to School Facility Program Regulation Section 1859.197, the Applicant is required to submit the necessary California Department of Education plan approval and the Division of the State Architect approved plans and specifications to the Office of Public School Construction by September 24, 2020. If the required documents are not physically received by this date, the Apportionment shall be rescinded without further Board action.

The applicant must submit a valid, complete Fund Release Authorization (Form SAB 50-05) within 90 days of the Office of Public School Construction's receipt of the Division of the State Architect approved plans and specifications and the California Department of Education plan approval. The Form SAB 50-05 submittal must contain an original signature from an authorized District Representative and must be physically received by the Office of Public School Construction at 707 Third Street, West Sacramento, CA 95605 prior to the close of business on the 90th day.

Pursuant to School Facility Program Regulation Section 1859.90.4, the applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a request for the release of funds.

Pursuant to School Facility Program Regulation Section 1859.199, the State portion of any and all project savings realized from the funding of a Career Technical Education Facilities Program project must be returned to the State.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant is required to submit complete and executed loan and grant agreements within 30 days of the date that the Office of Public School Construction provides these agreements to the Applicant.

Since the Applicant has requested a loan equal to the Applicant's entire matching share, Office of Public School Construction will release ten percent of the CTEFP grant amount to the applicant within 30 calendar days of the Apportionment pursuant to School Facility Program Regulation Section 1859.197. Release of funds is contingent upon the Office of Public School Construction's receipt of the signed and executed loan and grant agreements.
If the Applicant does not meet the requirements of School Facility Program Regulation Section 1859.197 related to a reservation and the requirements for a release of funds, the Applicant is required to return the amount released, plus interest, in accordance with the repayment provisions identified in School Facility Program Regulation Section 1859.106.1.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 25, 2019

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS
(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

At the January 2019 Board meeting, the Board elected to provide an increase adjustment of 5.45 percent to SFP projects for calendar year 2019. The projects listed on the Attachment reflect the Board's action of the adoption of the 5.45 percent increase based on the RS Means Construction Cost Index. In addition, the project applications represent SFP New Construction, Modernization, Charter School and Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion …, the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.

2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

The District is required to submit a valid *Fund Release Authoritzation* (Form SAB 50-05) within 18 months of the date of the apportionment; otherwise, the approtionment will be rescinded without further board action.

Senate Bill 854, Chapter 28, Statutes of 2014, repealed Labor Code (LC) Section 1771.3 which required school districts to provide payment to Department of Industrial Relations (DIR) for prevailing wage monitoring. As a result, school districts awarding a construction contract on or after June 20, 2014 are not mandated to provide payment for DIR monitoring and enforcement of prevailing wage requirements. Projects with an initial public works project awarded on or after June 20, 2014 are not eligible to receive an additional grant for prevailing wage monitoring; however, school districts are still required to notify DIR within five days of initial contract award pursuant to LC Section 1773.3(a)(1).

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(1). As of September 28, 2015, the current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Provide that the State portion of any and all project savings realized from the funding of this Facility Hardship Program project must be returned to the State.

Senate Bill 854, Chapter 28, Statutes of 2014 repealed Labor Code (LC) Section 1771.3 which required school districts to provide payment to Department of Industrial Relations (DIR) for prevailing wage monitoring. As a result, school districts awarding a construction contract on or after June 20, 2014 are not mandated to provide payment for DIR monitoring and enforcement of prevailing wage requirements. Projects with an initial public works contract awarded on or after June 20, 2014 are not eligible to receive an additional grant for prevailing wage monitoring; however, school districts are still required to notify DIR within five days of initial contract award pursuant to LC Section 1773.3(a)(1).

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(1). As of September 28, 2015, the current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Provide that the State portion of any and all project savings realized from the funding of this facility hardship program project must be returned to the State.

AUTHORITY

SFP Regulation Section 1859.198 states, in part, "Any Career Technical Education Facilities project funds returned due to projects being rescinded or reduced to cost incurred shall be made available for Apportionment in subsequent funding cycles."

RECOMMENDATIONS

1. Rescind the District's application listed above.
2. Approve a decrease of $2,989,133.00 in the State Apportionment [Bonds/2016-Nov.; 051-600] from $2,989,133.00 to $0.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, September 25, 2019

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS REDUCTION TO COSTS INCURRED

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionments to be reduced to eligible costs incurred.

DESCRIPTION

The SFP projects listed on the Attachment are financial hardship County Office of Education (COE) and financial hardship Districts that received a separate design, site, and adjusted grant fund release. The COE's and Districts have either requested to have their project reduced to costs incurred or have not met the substantial progress requirement or have indicated that they will be unable to move forward with the SFP projects listed on the Attachment. The COE's and Districts have requested that their apportionments be reduced to costs incurred to recognize eligible costs for the separate design, site, and adjusted grant phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design, site and adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that the COE's and Districts are unable to meet the substantial progress requirements or indicated that they will be unable to move forward with the projects listed on the Attachment.
2. Reduce the funded apportionments to costs incurred for the projects listed on the Attachment.
3. Direct Staff to adjust the COE's and Districts baseline eligibility, according to the increases (identified in the "Pupils Returned to the District's Baseline" column) on the Attachment, once all funds due to the State have been received.

PURPOSE OF REPORT

Type of Request	State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Facility Hardship Seismic Mitigation Program (SMP) Rehabilitation project.
Total Project Cost	$242,728.82
Cost to the State	$121,364.41

DESCRIPTION

Description of Health and Safety Threat	A Structural Engineer's Report by Hohbach-Lewin, Inc. Structural Engineers, dated June 18, 2018, identified critical deficiencies associated with having a high potential for local or global collapse in the event of seismic activity in Buildings J and S on the Branham High School site. The report classifies the two buildings as Category 2 "Most Vulnerable" building type and the buildings qualify for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82. Based on the Cost-Benefit Analysis, this application qualified for rehabilitation funding for the minimum work required to mitigate the structural deficiencies. The District will use this funding toward the replacement of these buildings.
Scope of Project	The project consists of the replacement of Buildings J and S at Branham High School.
Status of School Site	The District gave notice to proceed on this project on January 26, 2018.

QUALIFYING CRITERIA

Government/State Level Concurrence	The Division of the State Architect approved Buildings J and S for Seismic Mitigation Program eligibility and approved their Replacement Option Analysis (Phase 2) July 6, 2018.
Staff Supports the District's Request	Yes
Site Visit Completed by Staff	Staff accepted detailed reports from an industry specialist and photographs in lieu of a site visit.

RECOMMENDATION

Approve the District's request for an unfunded approval for rehabilitation funding to be used towards the replacement of Buildings J and S at Branham High School, pursuant to the SFP Regulation Section 1859.82(a)(1)(A)(1.)(b.) as shown on Attachment B.

ATTACHMENT A

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

> The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

> If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:
>
> a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
>
> b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

SFP Regulation Section (a)(1)(C) states,

> The seismic mitigation projects must meet all of the following requirements:
>
> 1. The construction contract was executed on or after May 20, 2006;
> 2. The project funding provided shall be for the minimum work necessary to obtain DSA approval;
> 3. The building is designed for occupancy by students and staff; and
> 4. The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geologic hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with the concurrence of the California Geological Survey.

Estimated Total Cost to the State	$502,314

DESCRIPTION

Description of Health and Safety Threat	A report by PACE Engineering, dated February 5, 2019, assessed the catastrophic failure of the sewer system at Lewiston Elementary. Blockages from extensive root infiltration into the sewer main have repeatedly caused toilets to overflow when used leaving standing waste water in the facility. As a result, the Trinity County Environmental Health Department issued a letter on June 13, 2019 notifying campus officials that “this is an imminent health and safety issue for all students and employees on campus, and if not remedied immediately, Trinity County Environmental Health will be forced to close the affected facilities...” On July 19, 2019, the Trinity County Health Department implemented temporary emergency mitigation measures for Lewiston Elementary School to mitigate the emergent issues to be revaluated 90 days from the date of inspection.
Scope of Project	The scope of this project includes the replacement of sewer laterals, rehabilitation work to the affected restrooms and kitchen, and other work required by the Division of the State Architect to complete the project and gain their approval.
Status of School Site	The District has closed the bathroom facility and is using portable toilets for interim waste management needs.

RECOMMENDATIONS

1. Approve the District's request for a conceptual approval to remove and replace the sewer system, affected bathrooms, and perform required ancillary work at Lewiston Elementary School site, pursuant to SFP Regulation Section 1859.83(e) as shown on Attachment B.

2. Provide that the District must file an Approved Application for funding within 18 months of this approval, pursuant to Regulation Section 1859.82(c).

3. Provide that this conceptual approval does not guarantee a commitment for funding by the Board. Any possible future funding will be subject to all governing laws and regulations, and the availability of funds.

4. Provide that the State portion of any and all savings which may be realized from the funding of this facility hardship project must be returned to the State.

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

> The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

> If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:
>
> > a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
> >
> > b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

Regulation Section 1859.83(e) states:

> Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c).

Total Project Cost	$519,258.87
Cost to the State	$311,555.32

DESCRIPTION

Description of Health and Safety Threat	The electrical system at the Arroyo Grande High School site uses an antiquated oil fused cutout (OFC) system designed in the 1920s. A report by JMPE Electrical Engineering, dated January 28, 2019, identified the potential for the OFC switches to explode if used and recommended that they be replaced immediately. In a letter dated April 28, 2017, the San Luis Obispo County Office of Education indicated that these OFC switches also contain carcinogenic fluids and "due to their component parts, pose a health and safety threat to students and staff."
Scope of Project	The scope of this project includes the replacement of the oil fused cutout switches.
Status of School Site	The District anticipates going to bid and beginning work in the Spring of 2020.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(4). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's total bonding capacity (as of September 6, 2019) is $5 million or less.

PURPOSE OF REPORT

Type of Request	State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Facility Hardship rehabilitation project.
Total Project Cost	$225,710.00
Cost to the State	$224,054.00

DESCRIPTION

Description of Health and Safety Threat	A letter from the Glenn County Health Department, dated December 27, 2018, identified the catastrophic failure of the wastewater treatment system at Plaza Elementary due to an oversaturated leach field. The letter indicates “when sewage does surface, it does so in the sports field just north of the playground and basketball courts, posing an unacceptable health and safety risk to students and other visitors to the campus.” The Health Department deemed this a “failing onsite wastewater treatment system” and required the immediate repair of the system to mitigate the health and safety threat. A report from Nor-Cal Environmental Solutions INC. designed a replacement septic system to rehabilitate the failed septic system including additional measures for increased capacity.
Scope of Project	The scope of this project includes the rehabilitation of the septic system.
Status of School Site	The District completed the replacement work in the Spring of 2019.

QUALIFYING CRITERIA

Government/State Level Concurrence	The Glenn County Health Department provided written concurrence that supports the industry specialist’s findings and recommended work to mitigate the health and safety threat.
Staff Supports the District’s Request	Yes
Site Visit Completed by Staff	Staff accepted detailed reports from an industry specialist and photographs in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an unfunded approval to rehabilitate the septic system at the Plaza Elementary School site, pursuant to SFP Regulation Section 1859.83(e) as shown on Attachment B.

2. Provide that the State portion of any and all project savings realized from the funding of this rehabilitation project must be returned to the State.

AUTHORITY

Education Code (EC) Section 17075.10(a) states:

> A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, "A district is eligible for facility hardship funding to repair, replace, or construct new classrooms and related facilities if the district demonstrates there is an unmet need for pupil housing or the condition of the facilities, or the lack of facilities, is a threat to the health and safety of the pupils."

SFP Regulation Section 1859.82(a)(1) provides for Facility Hardship grant funding when:

> The facilities are needed to ensure the health and safety of the pupils if the district can demonstrate to the satisfaction of the Board that the health and safety of the pupils is at risk. Factors to be considered by the Board shall include the close proximity to a major freeway, airport, electrical facility, high power transmission lines, dam, pipeline, industrial facility, adverse air quality emission or other health and safety risks, including structural deficiencies required by the DSA to be repaired, seismic mitigation of the Most Vulnerable Category 2 Buildings as verified by the DSA, traffic safety or because the pupils reside in remote areas of the district and transportation to existing facilities is not possible or poses a health and safety risk.

SFP Regulation Section 1859.82(a)(1)(A)(1) states,

> If the total cost to remain in the classroom or related facility is 50 percent or less than the Current Replacement Cost, the district may qualify for either grant below, as applicable:
>
> a. Modernization Excessive Cost Hardship Grant for Rehabilitation Costs pursuant to Section 1859.83(e), or
>
> b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

Regulation Section 1859.83(e) states:

> Excessive Cost for rehabilitation of facilities the Board has determined are a health and safety risk to the pupils pursuant to Section 1859.82(a)(1) and the cost/benefit analysis to mitigate the problem and remain in the facility is less than 50 percent of the Current Replacement Cost of the facility. The cost/benefit analysis shall not include increased costs associated with high performance related costs or components, with the exception of those high performance components that were pre-existing in the classroom or related facility. If the district qualifies, the district is eligible for funding of Rehabilitation Costs as a modernization project. If the Approved Application is received on or before April 29, 2002, the grant amount provided is 80 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. If the Approved Application is received after April 29, 2002, the grant amount provided is 60 percent of the amount of the cost estimate required in Section 1859.82(a)(1) that has been reviewed by the OPSC and approved by the Board. An additional grant may be provided for high performance incentive pursuant to Section 1859.77.4 provided that the high performance points attained are related to the scope of the Facility Hardship project. For any project funded in whole or in part from Proposition 47 or Proposition 55 for which the construction contract is awarded prior to January 1, 2012, the district may be eligible for the funding provided to initiate and enforce a LCP as prescribed in Section 1859.78.1(a). For any project for which the construction contract is awarded on January 1, 2012 through June 19, 2014, the grant may be adjusted in the manner prescribed in Section 1859.78.1(b) and subject to the limitations established in Section 1859.78.1(c).

Funding Source: Proposition 51 Bonds/2016-Nov.

Pursuant to the Board's action on March 11, 2009, this application has been approved and placed on the Unfunded List (Lack of AB 55 Loans). This approval does not constitute a guarantee or commitment of future State funding.

Amounts shown for financial hardship assistance are subject to adjustment as a result of a review of the District's financial records pursuant to Regulation Section 1859.81(a) at the time of apportionment.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

Based on the Board's action on June 5, 2017, this project is subject to the Grant Agreement submittal pursuant to School Facility Program Regulation Section 1859.90.4.

The District qualifies for financial hardship pursuant to SFP Regulation Section 1859.81(c)(4). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's total bonding capacity (as of September 6, 2019) is $5 million or less.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

PURPOSE OF REPORT

Type of Request	State Allocation Board (Board) approval for placement on the Unfunded List (Lack of AB 55 Loans) for a School Facility Program (SFP) Facility Hardship Seismic Mitigation Program (SMP) Rehabilitation project.
Total Project Cost	$4,126,078
Cost to the State	$2,063,039

DESCRIPTION

Description of Health and Safety Threat	A report by Barrish Pelham Consulting Engineers, dated November 15, 2018, identifies several structural deficiencies with the shear wall support system in the Small Gym Building located at the Roseville High School site. The report references material insufficiencies with the anchorage systems and load path transfer design of the building's structure that render the facility at high risk of collapse in the event of seismic activity. The building qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.
Scope of Project	The District intends to demolish the seismically deficient Small Gym Building and replace it with an Auxiliary Gym in an alternate location on the existing school site.
Status of School Site	The Small Gym is currently in use and the District anticipates the completion of construction of the Auxiliary Gym in August of 2020. Upon the completion of the replacement gym, the District plans to demolish the existing Small Gym.

QUALIFYING CRITERIA

Government/State Level Concurrence	The Small Gym Building was a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation), Phase Two (Replacement Option Analysis) and final plan approval. These approvals enable the District to apply for funding from the Board.
Staff Supports the District's Request	Yes
Site Visit Completed by Staff	Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an unfunded approval for rehabilitation funding to replace the seismically deficient Small Gym Building at the Roseville High School site, pursuant to SFP Regulation Section 1859.82(a)(1)(A)1.b as provided on Attachment B.

2. Provide that the delayed demolition of the existing Small Gym Building must be completed within four years of the final fund release for this project.

>
> b. A grant not to exceed 50 percent of the cost estimate that has been reviewed and approved by the OPSC and approved by the Board for seismic repair.

SFP Regulation Section (a)(1)(C) states,

> The seismic mitigation projects must meet all of the following requirements:
>
> 1. The construction contract was executed on or after May 20, 2006;
> 2. The project funding provided shall be for the minimum work necessary to obtain DSA approval;
> 3. The building is designed for occupancy by students and staff; and
> 4. The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geologic hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with the concurrence of the California Geological Survey.
