Gavin Newsom, Governor

Government Operations Agency

Amy Tong, Secretary

Department of General Services

Ana M. Lasso, Director

Procurement Division

Angela Shell, Deputy Director

Prepared by the

Procurement Division 707 3rd Street West Sacramento, CA 95605 (916) 375-4617 (916) 376-6249 www.dgs.ca.gov/pd

OVERVIEW

Pursuant to Government Code Section 14934 (d), this annual report is to update the Joint Legislative Budget Committee, the State Treasurer's Office, and the Department of Finance on the following information for each loan entered into during the preceding fiscal year:

- Each agency that entered into a Golden State Financial Marketplace (GS \$Mart) loan.
- Physical address of the asset(s) being financed.
- The name of the supplier.
- The name of the selected lender.
- The amount financed by each loan.
- The term of the loan.
- The interest rate of the loan.
- A description of the assets, goods or services financed by each loan.
- The total amount of outstanding GS \$Mart loans.

ABOUT THE PROCUREMENT DIVISION AND THE GOLDEN STATE FINANCIAL MARKETPLACE

PROCUREMENT DIVISION

The state of California purchases a wide variety of goods and services, including information technology (IT), vehicles, food, protective gear, firearms, asphalt and more, with annual purchases totaling over \$8 billion. The Department of General Services (DGS) Procurement Division (PD) is the central purchasing authority for all state departments, agencies, and institutions. DGS/PD sets state procurement policies and provides purchasing services that help state agencies and departments achieve their missions. DGS/PD is responsible for delegating purchasing authority, training state purchasing professionals, resolving contract disputes, conducting supplier outreach, certifying small and disabled veteranowned businesses to receive state purchasing preferences, overseeing state agency purchasing processes, environmentally preferable purchasing, and establishing and administering master contracts used by state agencies and local governments.

GS \$MART

The Golden State Financial Marketplace (GS \$Mart, pronounced "G S Smart") was established by DGS/PD in 1996.

The award-winning GS \$Mart Program is an efficient, open, organized internetbased marketplace for state of California installment purchase agreements. It enables financing arrangements to be made quickly and conveniently by eliminating much of the workload, lengthy process, and complexity that existed before GS \$Mart was established. The result is lower interest rates and greater administrative efficiency. Current available plans are tailored specifically for state contracts for IT and non-IT goods, many IT services, and energy retrofits.

Each potential lender undergoes a thorough prequalification process to ensure the lender is qualified to do business with the state. This process includes a determination of the lender's financial rating, a review of financial statements, customer references, supplier references, other government agencies' financing experience, and additional evaluations as necessary to determine the lender's qualifications. There are currently 21 lenders prequalified to do business with the state.

The GS \$Mart Program combines prequalified lenders, prenegotiated terms and conditions, and current market rates to provide state agencies with easier and quicker installment purchase agreements.

THE REPORT

As of June 30, 2023, the total outstanding loan balance in the GS \$Mart Program from previous years and the 2023-24 fiscal year is approximately \$203.1 million. This includes a total of approximately \$97.7 million in new loans from fiscal year 2023-24. Please see Attachment 1 for the report.

<u>Department</u>	Physical Address of Asset	<u>Supplier</u>	<u>Lender</u>	Amount of Loan	<u>Term</u>	Interest Rate	Asset(s) Description
