State Allocation Board

October 23, 2024

Upon notice duly given, the meeting of the State Allocation Board (SAB) was held at the East End Complex, located at 1500 Capitol Avenue, in the Auditorium, in Sacramento, California on October 23, 2024 at 3:00 p.m.

Ms. Michele Perrault, the SAB Chair, announced that this meeting was being held in person for anyone who would like to provide public comment in person. This meeting was also conducted by way of Zoom meeting for members of the public participating remotely. The meeting was physically webcast from the East End Complex, located at 1500 Capitol Avenue, in the Auditorium, in Sacramento.

Members of the SAB were present in order to establish a quorum for the meeting as follows:

- Michele Perrault, Chief Deputy Director, Policy, Department of Finance (DOF), designated representative for Joe Stephenshaw, Director, DOF
- Ana Lasso, Director, Department of General Services
- Juan Mireles, Director, School Facilities and Transportation Services Division, California Department of Education, designated representative for Tony Thurmond, Superintendent of Public Instruction
- Jeremy Smith, Governor's appointee
- Senator Josh Newman (teleconference location)
- Assembly Member Al Muratsuchi (teleconference location)
- Assembly Member Laurie Davies (teleconference location)
- Assembly Member David Alvarez (teleconference location)

Members of the SAB absent were as follows:

- Senator Scott Wilk
- Senator John Laird

Representative of the State Allocation Board/Office of Public School Construction (OPSC), was as follows:

- Rebecca Kirk, Executive Officer

Representatives of the Department of General Services, OPSC, were as follows:

- Rebecca Kirk, Executive Officer
- Michael Watanabe, Deputy Executive Officer

Representative of the Department of General Services, Office of Legal Services, was as follows:

- Henry Nanjo, Assistant Chief Counsel

With a quorum present, Ms. Perrault, Chair, called the meeting to order at 3:05 p.m.

PRIOR MINUTES

A motion was made, and seconded, to approve the September 25, 2024 meeting Minutes. The Chair called for a roll-call vote and the motion carried per the following votes:

MEMBER	AYE	NAY	ABSTAIN	ABSENT
Senator Wilk				X
Senator Laird				X
Senator Newman	X			
Assembly Member Muratsuchi	X			
Assembly Member Davies	X			
Assembly Member Alvarez	X

EXECUTIVE OFFICER’S STATEMENT

The Executive Officer informed the SAB of the following:

Upcoming Priority Funding Round 28

The 28th Priority Funding Filing Round will open on November 13, 2024 and will close at the end of the day on December 12, 2024. Requests received during this funding round will be valid from January 1, 2025, through June 30, 2025.

Emergency Regulatory Amendments for the School Facility Program/Time Limit on Fund Release Regulations

At its September 2024 meeting, emergency regulatory amendments were approved by the SAB that would allow the SAB to provide up to 18 months for a school district to meet fund release requirements for projects pertaining to a school facility on a military installation that is the recipient of a federal grant that requires a local matching share.

The regulatory amendments are in the process of submission to the Office of Administrative Law (OAL). Once OAL posts the notice of the filing on its website, there will be an opportunity for public comment for five calendar days.

Next Meeting

The last meeting of the year is scheduled for Tuesday, December 3, 2024.

The time and location of the meeting will be determined and announced at a later date.

Recognition

The Executive Officer recognized the recent passing of Tom Duffy from the Coalition for Adequate School Housing and Owen Alvarez from SchoolWorks, Inc. The Executive Officer spoke to their lengthy careers in the school facilities field, and conveyed condolences from OPSC to their families and colleagues.

CONSENT ITEMS

A motion was made, and seconded, to approve the Consent calendar as presented. The Chair called for a roll-call vote and the motion carried per the following votes:

MEMBER	AYE	NAY	ABSTAIN	ABSENT
Senator Wilk				X
Senator Laird				X
Senator Newman	X

FINANCIAL REPORTS

The SAB accepted the Financial Reports as presented.

REPORTS, DISCUSSION ITEMS, AND INFORMATION ITEMS

The SAB acknowledged the following reports:

- *State Allocation Board Three-Month Projected Workload*
- *State Allocation Board Meeting Date for the 2024 Calendar Year*
- *School Facility Program Unfunded List as of September 25, 2024*
- *School Facility Program Workload List of Applications Received Through September 30, 2024*
- *School Facility Program Applications Received Beyond Bond Authority List as of September 30, 2024*
- *Facility Hardship/Rehabilitation Approvals Without Funding as of September 25, 2024*

ADJOURNMENT

There being no further business to come before the SAB, the Chair adjourned the meeting at 3:13 p.m.

Executive Officer Statement

EXECUTIVE OFFICER STATEMENT
State Allocation Board Meeting, December 3, 2024

PROPOSITION 2 OUTCOME AND FUTURE PLANNING

Proposition 2, the Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024, appears to have been approved by a majority of California’s voters in the November 5, 2024 general election. Today’s agenda includes an action item for the State Allocation Board’s (Board’s) consideration regarding initial implementation of Proposition 2, subject to certification of the election results by the California Secretary of State on December 13, 2024.

Proposition 2 provides \$8.5 billion in new bond authority for the School Facility Program (SFP) and makes numerous changes to the SFP. Over the course of the next year, Office of Public School Construction (OPSC) staff will conduct a series of stakeholder meetings on behalf of the Board to propose regulatory amendments to implement Proposition 2. After discussion with stakeholders, staff will present recommended regulatory amendments to the Board for consideration and approval beginning in early 2025, followed by submittal of these emergency regulations to the Office of Administrative Law (OAL).

As announced to school districts, county offices of education, and stakeholders on November 7, school districts may continue to submit SFP New Construction and Modernization applications for funding on an ongoing basis. Until further notice, school districts must continue to submit a school board resolution pursuant to SFP Regulation Section 1859.95.1(b) acknowledging, among other certifications, that the application is being submitted while bond authority is currently exhausted.

Following certification of the election results by December 13, 2024, OPSC will update the Workload List and Applications Received Beyond Bond Authority List based on the availability of Proposition 2 bond authority.

UPCOMING CHARTER SCHOOL FACILITY PROGRAM FILING ROUND

With the passage of Proposition 2, \$600 million* has been authorized for the Charter School Facilities Program (CSFP). Existing CSFP regulations require applicants seeking a preliminary CSFP apportionment to submit an application during a 120-calendar-day filing round beginning 180 calendar days after an election authorizing additional CSFP funding. Accordingly, subject to certification of the election results by the California Secretary of State on December 13, 2024, a new filing round will open and applications will be accepted beginning **May 4, 2025**, and can be submitted until the round closes on **August 31, 2025, at 11:59 p.m.** Applications must be submitted through the OPSC Online Application. Applications received after 11:59 p.m. on August 31, 2025, will not be valid.

If the total amount requested from valid and complete applications exceeds the funding available, a preference points system and funding matrix will be used to prioritize applications for funding, in accordance with CSFP regulations. OPSC will announce dates soon for webinars on the CSFP program and application process. For additional information, please refer to the Charter School Facilities Program webpage.

*The total amount available for project funding may be reduced by administrative costs of the program for OPSC, the California Department of Education, the California School Finance Authority and the State Controller's Office.

PROPOSED EMERGENCY REGULATORY AMENDMENTS FOR THE SCHOOL FACILITY PROGRAM

The Board approved emergency regulatory amendments at the September 25, 2024 Board meeting that authorized extended fund release deadlines for projects pertaining to a school facility located on a military installation that is the recipient of a federal grant that requires a local matching share. The emergency regulatory amendments were approved by OAL and became effective on November 1, 2024.

PRIORITY FUNDING ROUND 28

The 28th Priority Funding Filing Round opened on November 13, 2024 and closes at the end of the day on December 12, 2024. Applicants are encouraged to submit Priority Funding requests electronically through OPSC Online. All requests must be received by OPSC before the end of the day on December 12, 2024. These requests will be valid from January 1, 2025 through June 30, 2025.

NEXT MEETING

The first meeting of 2025 is scheduled for Wednesday, January 22, 2025. The time and location of the meeting will be determined and announced at a later date.

Consent

State of California
State Allocation Board

SCHOOL FACILITY PROGRAM

This Resolution of the State Allocation Board (hereafter referred to as the “Board”) is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on December 3, 2024.

WHEREAS, the Board has previously approved or determined to be approvable a number of projects for construction or modernization eligibility of facilities for school districts and is making apportionments and/or unfunded approvals for the grant amounts for projects that meet the Board’s criteria for the apportionment of grants pursuant to Education Code Sections 17072.10, 17078.52, 17078.70, 17079 or 17074.10 or Board Regulations 1859.81.1 or 1859.83;

WHEREAS, Treasury Regulations Section 1.150-2 require the State (on whose behalf the Board is acting) to declare its reasonable intent to provide grant funding to school districts, in accordance with Board policy and law, for costs of the projects with proceeds of State bonds.

NOW THEREFORE, BE IT RESOLVED:

1. This Resolution is adopted by the Board for the purposes of establishing compliance with Treasury Regulations Section 1.150-2 and this Resolution does not bind the Board to make any additional apportionment or bind the State to incur any indebtedness.
2. The Board anticipates that some or all of the school districts listed on the list of “Projects” referred to in this Resolution will pay certain capital expenditures in connection with some or all of the project’s cost prior to the issuance of bonds by the State to pay for the grants for the projects. The reimbursement of such costs is consistent with the State’s budgetary and financial circumstances, and in accordance with Board policy, as no other funds or accounts of the State have been budgeted or are available to pay the costs of the projects on either a short-term or a long-term basis.
3. The Board, acting on behalf of the State, hereby declares that it is the State’s official intent to use proceeds of general obligation bonds and/or General Fund proceeds that may become available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable, laws and regulations.
4. This Resolution shall be continuously available for inspection by the general public during normal business hours at the offices of the Board at 707 3rd Street, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.
5. Any eligibility determination does not constitute a commitment of future funding by the Board.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on December 3, 2024 at Sacramento, California.

Rebecca Kirk
Executive Officer
State Allocation Board

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: San Bernardino City Unified
Application Number: 51/67876-00-003
Total District Enrollment: 49,407
County: San Bernardino

School Name: Pacific High
Project Grade Level: 9-12
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) Apportionment for a School Facility Program (SFP) Seismic Mitigation Program (SMP) Replacement project.

Total Project Cost: \$10,485,384.00

Cost to the State: \$5,242,692.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report by KNA Structural Engineers, Inc., dated May 25, 2018, identifies several structural deficiencies in the Auditorium Building (Building T) located at the Pacific High School site. The report referenced deficiencies with the wall anchorage and wall support designs of the structure. All the material insufficiencies identified in the report render the Auditorium Building (Building T) at high risk of collapse in the event of seismic activity. The Auditorium Building (Building T) qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of the project includes the demolition and replacement of the Auditorium Building (Building T) at the Pacific High School site.

This is a resubmittal of project 51/67876-00-002, approved at the May 24, 2023 State Allocation Board meeting.

STATUS OF SCHOOL SITE

The District has awarded the contract and the Notice to Proceed has been issued. The construction is underway and anticipated to be completed by June 2026.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The Auditorium Building (Building T) was classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation) and Phase Two (Replacement Option Analysis and Design Criteria) as well as providing final plan approval. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATIONS

1. Approve the District's request for an Apportionment for Replacement funding for the replacement of the Auditorium Building (Building T) at the Pacific High School Site, pursuant to SFP Regulation Section 1859.82.2(b) as shown on Attachment B.
2. Provide that the District's Modernization eligibility will be reset for the Auditorium Building (Building T) to the date of Apportionment for this project.

ATTACHMENT A

AUTHORITY

Seismic Mitigation Program – Replacement Projects (as of August 31, 2020)

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.2 states that “A school district is eligible for funding to repair, reconstruct, or replace the Most Vulnerable Category 2 Buildings which were originally constructed to be used as School Facilities and pose an unacceptable risk of injury to its occupants in the event of seismic activity. Program eligibility is determined by the Division of the State Architect while determination of grant funding is determined by the Board based on the following criteria.

Notwithstanding Sections 1859.93 and 1859.93.1, all applications for the seismic mitigation of the Most Vulnerable Category 2 Buildings shall be funded in the order of receipt of an Approved Application for funding. Any grants provided for the purpose of this section shall be provided as a new construction project and allocated on a 50 percent state share basis.”

SFP Regulation Section 1859.82.2(a) states,

(a) Seismic mitigation projects must meet all of the following requirements:

- (1) The construction contract was executed on or after May 20, 2006;
- (2) The project funding provided shall be for the minimum work necessary to obtain DSA approval;
- (3) The School Building is designed for occupancy by students and staff; and
- (4) The DSA concurs with a report by a structural engineer, which identifies structural deficiencies that pose an unacceptable risk of injury to its occupants in a seismic event. The structural engineers report shall conform to the guidelines prepared by the DSA, in accordance with Education Code Section 17310.

If the unacceptable risk of injury is due to the presence of faulting, liquefaction or landslide, these hazards must be documented by a geological hazards report prepared by an engineering geologist in accordance with California Building Code, Part 2, Chapter 18, section 1803A and with concurrence of the California Geological Survey

ATTACHMENT A

SFP Regulation Section 1859.82.2(b) states in part, “To qualify for replacement funding for School Buildings, the district must submit an Approved Application for funding and either (1) or (2) below:

- (1) For School Buildings that are lost, destroyed, or unable to be repaired, ...
- (2) For School Buildings with interior square footage to be mitigated”

Laboratory Classrooms (including science and consumer home economics. (Does not include Industrial and Technology/Education Laboratory)	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.	1,300 sq. ft. for each replacement classroom.

ATTACHMENT A

Section 1859.61. Adjustments to the Modernization Baseline Eligibility.

(l) Adjusted upon Board receipt of the local school board resolution acknowledging that the buildings have been removed from K-12 classroom use, as follows:

(1) School Buildings and/or classrooms that receive replacement funding via the New Construction Grant or the Facility Hardship Square Footage Grant pursuant to Section 1859.82.1 or Section 1859.82.2.

(2) School Buildings and/or classrooms that were originally included in the district's baseline eligibility and were later demolished or removed from classroom use due to health and/or safety concerns that meet the requirements of Regulation Section 1859.82.1 or 1859.82.2 as verified by OPSC, except the district did not have the current enrollment to support the replacement and funding of those School Buildings and/or classrooms. Buildings and/or classrooms removed from K-12 classroom use that remain on the school site will be identified on a list published on OPSC's website.

For (l)(1) the building age shall be reset to the date of the Apportionment for the corresponding project. For (l)(2) the building shall be removed from the classroom inventory used to establish modernization eligibility at the site.

STIPULATED TERMS & NEXT STEPS

A valid Fund Release Authorization (Form SAB 50-05) must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. within 180 calendar days of SAB approval of the Apportionment for this project. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Cascade Union Elementary
Application Number: 58/69914-00-001
Total District Enrollment: 1,453
County: Shasta

School Name: Meadow Lane Elementary
Project Grade Level: K-8
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) Apportionment for a School Facility Program (SFP) Facility Hardship Program rehabilitation project.

Total Project Cost: \$668,745.00
Cost to the State: \$401,247.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A structural evaluation by Response Structural Engineers dated January 9, 2023, and revised on December 20, 2023, finds multiple issues with the roofing in the covered walkways adjacent to Wings 100, 200, and 500 on the Meadow Lane Elementary campus, including advanced dry-rot, spongy glulam beams, and rotted decking and fascia, likely the result of failure in the roofing system. The report states that these issues create an imminent health and safety threat to students and staff.

SCOPE OF PROJECT

The minimum work necessary to mitigate the health and safety threat includes the replacement of rotted framing, decking and fascia, strengthening of glulam beams by sistering new members along the existing beams, and treatment of the new and existing beams with an exterior grade primer and paint system.

STATUS OF SCHOOL SITE

The District has selected a contractor and intends to start construction at the end of the 2024-2025 school year. The goal is to have the work completed prior to start of the 2025/2026 school year in August 2025.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The Division of the State Architect has provided written concurrence that the conditions detailed in the industry specialist’s report pose a threat to the health and safety of students and must be corrected, and that the work included in the approved project plans is the minimum work necessary to mitigate the identified issues.

Staff Supports the District’s Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted a detailed report from an industry specialist in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATION

Approve the District’s request for an Apportionment to rehabilitate the covered walkways on the Meadow Lane Elementary campus, pursuant to SFP Regulation Section 1859.82.1, as shown on Attachment B.

ATTACHMENT A

AUTHORITY

Facility Hardship Program – Rehabilitation Projects (as of August 31, 2020)

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states that “a district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(c) states,

Districts may qualify for funding to rehabilitate their School Buildings, components of School Buildings, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

- (1) School Buildings where the minimum cost to mitigate the health and safety threat and remain in the School Building is 50 percent or less of the Current Replacement Cost.
- (2) Components of the School Buildings or school sites conditions are causing a health and safety threat to students and/or staff.

Applicant Share (40%) 267,498.00

Total Project Cost \$ 668,745.00

STIPULATED TERMS & NEXT STEPS

A valid Fund Release Authorization (Form SAB 50-05) must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. within 180 calendar days of SAB approval of the Apportionment for this project. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Junction Elementary
Application Number: 58/70367-00-001
Total District Enrollment: 72
County: Siskiyou

School Name: Junction Elementary
Project Grade Level: TK-8
Financial Hardship: Yes

TYPE OF REQUEST

State Allocation Board (Board) Apportionment for a School Facility Program (SFP) Facility Hardship Program rehabilitation project.

Total Project Cost: \$646,415.00

Cost to the State: \$509,711.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report issued by Frontier Consulting Engineers on November 10, 2023, indicated that the HVAC system at Junction Elementary School, which consisted of a hydronic heating boiler system with piping designed to distribute heated water to fan coils across the premises, experienced a catastrophic failure in September 2022. This failure resulted in the complete loss of heating, cooling, ventilation, and hot water services, thereby posing a significant health and safety risk to the school's occupants and necessitating a temporary closure of the school. The report further explains the lack of sufficient heating and ventilation system resulted an unhealthy and unsafe environment for occupancy by students and staff due to the climate conditions of Somes Bar. Local weather records indicate that the Somes Bar region typically experiences average low temperatures ranging from 30 to 40 degrees Fahrenheit for eight months each year. These low temperatures align with the academic calendar, creating an untenable situation in which students and staff would be situated in facility lacking adequate heating and ventilation.

SCOPE OF PROJECT

The minimum work necessary to mitigate the health and safety threat involves substituting the current hydronic heating and ventilation system with a straightforward HVAC system that operates independently of a pressurized hot water system. Furthermore, it is advisable to implement a heat pump system featuring individual heat pumps for each classroom, ensuring that the overall heating system of the school does not rely on the functionality of a single unit.

STATUS OF SCHOOL SITE

The District contracted for the replacement HVAC system in October 2023 and the installation of the new HVAC system was completed by January 2024.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The Division of the State Architect (DSA) has provided written concurrence that supports the industry specialist's findings and recommended work to mitigate the health and safety threat.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted a detailed report from an industry specialist in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATION

Approve the District's request for an Apportionment to replace the existing hydronic heating and ventilation system with a simple HVAC system and install a heat pump system at the Junction Elementary site, pursuant to SFP Regulation Section 1859.82.1(c) as shown on Attachment B.

FACILITY HARDSHIP / REHABILITATION PROGRAM

SCHOOL DISTRICT DATA

School District: Los Angeles Unified
Application Number: 58/64733-00-005
Total District Enrollment: 529,902
County: Los Angeles

School Name: Venice Senior High
Project Grade Level: 9-12
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for Apportionment for a School Facility Program (SFP) Seismic Mitigation Program (SMP) Rehabilitation project.

Total Project Cost: \$2,885,648.00
Cost to the State: \$1,442,824.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

The lunch shelter at the Venice Senior High school site was built in the late 1970s and contains reinforced concrete cantilever columns. A report by IDS Group, Inc., dated February 22, 2012, identified several structural deficiencies in the lunch shelter structure. The report references insufficiencies with the structure including “insufficient strength of columns and foundations” and “excessive drift of the columns” that render the structure at high risk of collapse in the event of seismic activity. The structure qualifies for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the demolition and replacement of the lunch shelter at the Venice Senior High School site.

STATUS OF SCHOOL SITE

Construction was completed in 2020 and the structure is open for occupancy to students and staff.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The lunch shelter structure was classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation), Phase Two (Replacement Option Analysis), and final plan approval. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted detailed reports from industry specialists and DSA approval in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATION

Approve the District's request for an Apportionment for rehabilitation funding that will be used to replace the lunch shelter structure at the Venice Senior High School site, pursuant to SFP Regulation Section 1859.82.2 as provided on Attachment B.

County: Los Angeles

School Name: Crenshaw Senior High
Project Grade Level: 9-12
Financial Hardship: No

TYPE OF REQUEST

State Allocation Board (Board) approval for Apportionment for a School Facility Program (SFP) Seismic Mitigation Program (SMP) Rehabilitation project.

Total Project Cost: \$1,718,472.00
Cost to the State: \$859,236.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

The original multipurpose building and attached lunch shelter at the Crenshaw High school site were designed in the late 1960s and contains concrete bearing shear walls with reinforced brick masonry structural elements. A report by KPFF Consulting Engineers, dated April 25, 2017, examines the multipurpose room and lunch shelter buildings and identifies several structural deficiencies in the original structure. The report references material insufficiencies and "inadequate lateral force-resisting/cantilevered diaphragms" with the lunch shelter including the existing diaphragm has inadequate shear strength and lacks lines of seismic resistance that render the facilities at high risk of collapse in the event of seismic activity. The buildings qualify for the SMP based on the qualifying criteria in Education Code Section 17075.10 and SFP Regulation Section 1859.82.2.

SCOPE OF PROJECT

The scope of this project includes the demolition and replacement of the unenclosed area of lunch shelter that is attached to the multipurpose room building.

STATUS OF SCHOOL SITE

Construction was completed in 2021, and the building is open for occupancy to students and staff.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The lunch shelter and food service area were classified as a Most Vulnerable Category 2 Building type as defined in SFP regulations and has met qualifying criteria of the SMP. The Division of the State Architect (DSA) has approved the District for Phase One (Eligibility Evaluation), Phase Two (Replacement Option Analysis) and final plan approval. These approvals enable the District to apply for funding from the Board.

Staff Supports the District's Request: Yes

State Allocation Board (Board) Apportionment for a School Facility Program (SFP) Facility Hardship Program rehabilitation project.

Total Project Cost: \$208,275.00
Cost to the State: \$124,965.00

DESCRIPTION

DESCRIPTION OF HEALTH AND SAFETY THREAT

A report from by IMEG Consulting Engineers on September 6, 2023, states that during the construction of the Mammoth High Increment 1 project, the general contractor discovered rust scale in the steel columns located on the southern side of the multipurpose room building. On June 28, 2023, UES, the testing company, provided visual observation of the area and performed Ultrasonic Thickness (UT) testing to compare the steel wall thickness where rust was observed with the steel wall thickness where the column appeared to be free of rust. IMEG assessed the existing building's drawings, photos, UES report and UT test results finding significant damage in the steel columns which act as a main component in the building's gravity system. The report states that the observed damage presents a health and safety risk to the students occupying the facility.

SCOPE OF PROJECT

The minimum work necessary to mitigate the health and safety threat requires locations where the extent of the rusted zone does not appear to be significant, and where UT testing confirms that there has been a less than 10% loss of steel wall thickness, IMEG recommends that all visible rust be cleaned, and the column coated to protect future corrosion. Where columns are observed to have significant rust, such as where pitting is obvious, or a reduction in steel wall thickness is observed, IMEG recommends that the column be retrofitted due to the reduction in column strength capacity. Where UT testing indicates a loss of greater than 10% of steel wall thickness, IMEG also recommends that these columns be retrofitted.

STATUS OF SCHOOL SITE

On August 6, 2023, the Division of State Architect (DSA) granted plan approval for the repairs to corroded columns under CCD 24. At present, the project is 97% complete, with a projected final completion date of October 31, 2024.

QUALIFYING CRITERIA

GOVERNMENT/STATE LEVEL CONCURRENCE

The DSA has provided written concurrence that the conditions detailed in the industry specialist's report pose a threat to the health and safety of students and must be corrected, and that the work included in the approved project plans is the minimum work necessary to correct the identified issues.

Staff Supports the District's Request: Yes

SITE VISIT COMPLETED BY STAFF

Staff accepted a detailed report from an industry specialist in lieu of a site visit.

AUTHORITY

See Attachment A

RECOMMENDATION

Approve the District's request for an Apportionment to repair the steel columns in the multi-purpose room building at the Mammoth High campus, in accordance with SFP Regulation Section 1859.82.1, as detailed in Attachment B.

ATTACHMENT A

AUTHORITY

Facility Hardship Program – Rehabilitation Projects (as of August 31, 2020)

Education Code (EC) Section 17075.10(a) states:

A school district may apply for hardship assistance in cases of extraordinary circumstances. Extraordinary circumstances may include, but are not limited to, the need to repair, reconstruct, or replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317, determined by the department to pose an unacceptable risk of injury to its occupants in the event of a seismic event.

SFP Regulation Section 1859.82 states, “A school district may apply for Facility Hardship, including Seismic Mitigation, Program assistance in cases of extraordinary circumstances that have caused an imminent health and safety threat.”

SFP Regulation Section 1859.82.1 states that “a district is eligible for Facility Hardship funding to repair, replace, or construct School Buildings or related required components that are currently causing a health and safety threat to the students and/or staff. Projects solely to replace components that have reached the end of their useful life, perform routine maintenance or repair, issues resulting from the deferment of routine maintenance or repair, lack of current code compliance, or the addition of components that were not previously existing, do not meet the qualifying criteria of the program. However, this work may be incorporated into a qualifying Facility Hardship application if it is required to be completed to gain DSA approval.”

SFP Regulation Section 1859.82.1(c) states,

Districts may qualify for funding to rehabilitate their School Buildings, components of School Buildings, or school site conditions. Factors to be considered by the Board may include (1) or (2) below:

- (1) School Buildings where the minimum cost to mitigate the health and safety threat and remain in the School Building is 50 percent or less of the Current Replacement Cost.
- (2) Components of the School Buildings or school sites conditions are causing a health and safety threat to students and/or staff.

APPLICANT DATA

Applicant: Mammoth Unified **PTN:** 73692 - 14
Application No: 58/73692-00-001 **County:** Mono
School Name: Mammoth High

STIPULATED TERMS & NEXT STEPS

A valid Fund Release Authorization (Form SAB 50-05) must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. within 180 calendar days of SAB approval of the Apportionment for this project. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

SCHOOL FACILITY PROGRAM ELIGIBILITY ESTABLISHMENTS

PURPOSE OF REPORT

To present the Districts' requests for School Facility Program (SFP) eligibility approval.

DESCRIPTION

The school districts shown in the following sections have complied with State Allocation Board (Board) regulations regarding new construction or modernization eligibility determinations for the projects listed.

RECOMMENDATIONS

1. Approve the eligibility determinations for the districts/projects shown on the Attachment.
2. Provide that this approval of eligibility determination for the districts/projects listed does not constitute a commitment for future funding by the Board.
3. For purposes of any application for funding, provide that the district must comply with all requirements of law and regulations pertaining to the SFP.

SCHOOL FACILITY PROGRAM ELIGIBILITY ADJUSTMENTS

PURPOSE OF REPORT

To adjust the baseline eligibility for new construction and modernization projects under the Leroy F. Greene School Facilities Act of 1998.

DESCRIPTION

The districts listed on Attachment A have received eligibility approval for new construction. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.51.

The districts listed on Attachment B have received eligibility approval for modernization. There has been a change in their baseline in accordance with the California Code of Regulations relating to the Leroy F. Greene School Facilities Act of 1998, Section 1859.61.

RECOMMENDATIONS

1. Approve an adjustment to the new construction eligibility baseline determination as shown on Attachment A.
2. Approve an adjustment to the modernization eligibility baseline determination as shown on Attachment B.
3. Provide that this approval of adjusted eligibility determination does not constitute a commitment for future funding by the State Allocation Board.

KEY TO ADJUSTMENTS

NEW CONSTRUCTION ONLY

- (a) Reduced by the number of pupils provided grants in a new construction School Facility Program (SFP) project and by the number of pupils that received a Preliminary Apportionment pursuant to Section 1859.140 or a Preliminary Charter School Apportionment pursuant to Regulation Section 1859.162.2.
- (b) Reduced by the number of pupils housed, based on the loading standards pursuant to Ed. Code Section 17071.25(a)(2)(A), in a new construction LPP project funded under the provisions of the LPP pursuant to Regulation Section 1859.12 or 1859.13.
- (c) Reduced by the number of pupils housed in additional classrooms constructed or purchased based on the loading standards, pursuant to Ed. Code Section 17071.25(a)(2)(A), in a modernization SFP project.
- (d) Adjusted as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Increased/decreased by changes in projected enrollment in subsequent enrollment reporting years, except as provided in (j) below.
- (f) Adjusted as a result of errors or omissions by the district or by the Office of Public School Construction (OPSC).
- (g) Adjusted as result of amendments to the SFP Regulations that affect the eligibility.
- (h) Increased by the number of pupils eligible for grants pursuant to Regulation Section 1859.82.1(b)(4)(A) or 1859.82.2(b)(4)(A).
- (i) Reduced by the number of pupils housed in classrooms provided after the baseline eligibility was determined by the State Allocation Board, with 12 exceptions at Regulation Section 1859.51(i).
- (j) For Small School Districts, following a 3-year period after the district's eligibility was approved by the Board, decreased by any reduction in projected enrollment, and by any increase in pupils in the latest CDE operational grant report per Ed. Code Sec. 42268.
- (k) Adjusted for any changes in classroom inventory as a result of a reorganization election.
- (l) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (m) As directed by the SAB due to finding a Material Inaccuracy pursuant to Section 1859.104.1.
- (n) Increased by the number of pupils that received a Preliminary Apportionment that was rescinded pursuant to Section 1859.148 or a Preliminary Charter School Apportionment that was rescinded pursuant to Section 1859.166.
- (o) Adjusted for operational grant changes as determined/provided by the California Department of Education.
- (p) For High School Attendance Area (HSAA) districts with Preliminary Apportionments within the 2002 or 2004 Critically Overcrowded School Facilities Account, adjusted in accordance with Regulation Section 1859.51(p)(1), (2), or (3).
- (q) Adjusted by the difference between the Alternative Enrollment Projection for the current enrollment reporting year and the projected enrollment determined pursuant to Section 1859.42 for the current enrollment reporting year, or by the eligibility remaining from this calculation that can no longer be utilized if the funds made available pursuant to EC Section 17071.75(a)(1)(A) have been exhausted.
- (r) Adjusted per Ed. Code Sec. 17071.75(b)(2) by the number of pupils housed, based on the loading standards per Ed. Code Sec. 17071.25(a)(2)(A), in any classroom(s) where title was relinquished to the School District receiving the transferred classrooms.
- (s) Increased by the capacity of classrooms included in an approved application, with two qualifiers that must be met in Regulation Section 1859.51(s).

KEY TO ADJUSTMENTS

MODERNIZATION ONLY

- (a) Reduced by the number of pupils provided grants in a modernization SFP project or CSFP Rehabilitation project at the specific site.
- (b) Reduced by the number of pupils housed, based on the loading standard pursuant to EC Section 17071.25(a)(2), in a modernization LPP project funded under the LPP pursuant to Regulation Section 1859.14 and 1859.15.
- (c) Increased by changes in projected enrollment in subsequent enrollment reporting years.
- (d) (1) Increased for additional facilities not previously modernized with State funds, that become 25 years old, if permanent, or 20 years old, if portable or, (2) as a result of audit findings made pursuant to Regulation Sections 1859.90 and 1859.105.
- (e) Adjusted as a result of errors or omissions by the district or by the OPSC.
- (f) Adjusted as result of amendments to the Subgroup 5.5 Regulations that affect the eligibility.
- (g) For classroom loading standards adopted by the Board for non-severely and severely disabled individuals with exceptional needs.
- (h) As directed by the SAB due to finding a Material Inaccuracy pursuant to Regulation Section 1859.104.1.
- (i) Increased for facilities previously modernized with State funds, which qualify for an additional modernization apportionment pursuant to Regulation Section 1859.78.8.
- (j) Adjusted as a result of the Reconfiguration of an existing high school under the Small High School Program.
- (k) Decreased for facilities that were deemed eligible for modernization pursuant to Regulation Sections 1859.60 and 1859.61(d) and subsequently replaced, or will be replaced under a signed contract for construction or acquisition of facilities, in a project funded by the district without participation from the State.
- (l) Adjusted as a result of replaced eligible portables funded with the Overcrowding Relief Grant, per Ed. Code Section 17079 et seq.
- (m) Adjusted upon Board approval of the local school board resolution acknowledging that the buildings have been removed from K-12 use.
- (n) (1) Adjusted for a Facility Hardship or Seismic Mitigation replacement project pursuant to Regulation Section 1859.61(l)(1) or, (2) Adjusted for a Facility Hardship or Seismic Mitigation replacement project pursuant to Regulation Section 1859.61(l)(2).

SCHOOL FACILITY PROGRAM APPORTIONMENTS

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for Apportionment.

DESCRIPTION

On September 21, 2022, the Board took action, due to the availability of General Fund proceeds, to return to making direct Apportionments while keeping the same benefits of the quick distribution of funds, as the priority funding system, by adopting proposed emergency regulations that revised the fund release deadlines from 18 months to either 180 calendar days for non-financial hardship school districts or 365 calendar days for school districts that qualify for financial hardship. The SFP new construction and modernization projects presented on the Attachment are in date order of a complete application being received by the Office of Public School Construction (OPSC) and are Ready for Apportionment. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date.

AUTHORITY

SFP Regulation Section 1859.90 states:

- “(a) With the exception of an Apportionment made pursuant to Sections 1859.81.1(e) or 1859.81.2, Apportionments provided through the Priority Funding Process and subject to 1859.90.2, the OPSC will release State funds that the Board has apportioned to the district after submittal, by the district, of the Form SAB 50-05 and a Grant Agreement, pursuant to Section 1859.90.4.

- (b) With the exception of Apportionments described in paragraphs (1) and (2) of subsection (c), a district must submit the Form SAB 50-05 and Grant Agreement, within 180 calendar days of the Apportionment of the SFP grant for the project or within 365 calendar days for Apportionments that include financial hardship assistance. If the district does not submit the Form SAB 50-05 and Grant Agreement within the above specified time, the entire New Construction Adjusted Grant, or Modernization Adjusted Grant or Type I or II, part of a qualifying SFP Modernization, or Joint-Use Project Apportionment shall be rescinded without further Board action, and the pupils housed in the project, if applicable, will be added back to the district’s baseline eligibility. The district may refile a new

Application for the project subject to district eligibility and available State funds at the time of resubmittal.

....“

BACKGROUND

As part of the Governor’s approved Budget Act for the 2022-2023 fiscal year, one-time General Fund dollars were appropriated to the Board in the amount of \$1.3 billion for new construction and modernization projects under the SFP, as well as \$1,960.5 million was appropriated from the Governor’s approved Budget Act for the 2023-2024 fiscal year. As a result of receiving funding for the SFP that is not contingent on bond sales, the Board was able to return to using an existing regulatory process that allows for Apportionments to be made on a flow basis outside the current Priority Funding process, which is designed to accommodate twice yearly bond sales. Making Apportionments on a flow basis will enable school districts to more quickly and efficiently access much needed cash for construction projects. In order to ensure that cash moves quickly once allocated to school districts, regulations were changed to shorten the deadlines for fund release from 18 months to either 180 calendar days or 365 calendar days for districts that qualify for financial hardship.

School districts must submit the Grant Agreement and a valid *Fund Release Authorization* (Form SAB 50-05) 180 calendar days from Board approval for non-financial hardship projects and 365 calendar days from Board approval for financial hardship projects.

RECOMMENDATIONS

1. Approve the SFP applications as presented on the Attachment.
2. Specify that the projects are subject to the fund release deadlines as outlined in SFP Regulation Section 1859.90.

STIPULATED TERMS & NEXT STEPS

A valid Fund Release Authorization (Form SAB 50-05) must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. within 180 calendar days of SAB approval of the Apportionment for this project. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Total State Share (60%)		<u>1,736,262.00</u>
Applicant Share (40%)		<u>1,157,508.00</u>
Total Project Cost	\$	<u>2,893,770.00</u>

STIPULATED TERMS & NEXT STEPS

A valid Fund Release Authorization (Form SAB 50-05) must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. within 180 calendar days of SAB approval of the Apportionment for this project. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Applicant Share (40%)		11,739,328.00
Total Project Cost	\$	<u>29,348,320.00</u>

STIPULATED TERMS & NEXT STEPS

A valid Fund Release Authorization (Form SAB 50-05) must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. within 180 calendar days of SAB approval of the Apportionment for this project. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

SCHOOL FACILITY PROGRAM UNFUNDED APPROVALS

(Lack of AB 55 Loans)

PURPOSE OF REPORT

To present to the State Allocation Board (Board) a list of School Facility Program (SFP) applications for unfunded approval.

DESCRIPTION

The projects listed on the Attachment represent SFP New Construction, Modernization, Charter School and/or Overcrowding Relief Grant projects in date order of a complete application being received by the Office of Public School Construction (OPSC).

AUTHORITY

SFP Regulation Section 1859.2 defines an Unfunded List (Lack of AB 55 Loans) as an information list of unfunded projects that was created due to the State's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans) to fund school construction projects as declared in the Department of Finance Budget Letter #33 issued on December 18, 2008.

SFP Regulation Section 1859.95 states:

"When the Board has no funds to apportion ..., the Board will also accept and process applications for apportionment for purposes of developing an Unfunded List based on the date the application is ready for Apportionment, with the exception of New Construction funding applications that utilize eligibility generated by the Alternative Enrollment Projection.

An application for funding included on an Unfunded List is eligible for reimbursement subject to adjustments in the New Construction Grants amount pursuant to Section 1859.77."

BACKGROUND

At the March 11, 2009 SAB meeting, the Board requested that Staff continue to process applications to the Board for unfunded approval, up to the bonding authority. The Attachment reflects applications being presented for unfunded approval, including SFP modernization and new construction projects in date order of a complete application being received by the OPSC. The list also includes health and safety facility hardship applications for funding that have been processed and are ready for approval regardless of received date. The unfunded approval of the applications as reflected on the Attachment does not constitute a guarantee of future funding.

RECOMMENDATIONS

1. Approve the SFP application(s) as presented on the Attachment.
2. Provide that these unfunded approvals do not constitute a guarantee of future funding.

STIPULATED TERMS & NEXT STEPS

This application is placed on the Unfunded List (Lack of AB 55 Loans) pursuant to the Board's action on March 11, 2009. This approval does not constitute a guarantee or commitment of future state funding.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant previously received \$372,881.40 for advance funding for design costs.

This approval is pending a current financial soundness determination by the California School Finance Authority at their next regularly scheduled board meeting.

STIPULATED TERMS & NEXT STEPS

A valid Fund Release Authorization (Form SAB 50-05) must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. within 365 calendar days of SAB approval of the Apportionment for this project. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant qualifies for financial hardship pursuant to School Facility Program Regulation Section 1859.81(c)(5). The Applicant qualifies for financial hardship using other evidence of reasonable effort as approved by the Board on 9/21/2022.

SCHOOL DISTRICT APPEAL REQUEST

SCHOOL DISTRICT DATA

School District: Jacoby Creek Elementary
Application Number: 50/62893-00-001
Total District Enrollment: 462

County: Humboldt
School Name: Jacoby Creek Elementary
Project Grade Level: K-8
Financial Hardship: Yes

PURPOSE OF REPORT

To present the District's request to approve a change in scope for a School Facility Program (SFP) New Construction application that received funding at Jacoby Creek Elementary School.

DESCRIPTION

On January 24, 2024, the District received a direct apportionment in the amount of \$7,465,399.78 for a New Construction project at the Jacoby Creek Elementary School. The project as originally approved consisted of eight permanent construction classrooms.

The District submitted a *School District Appeal Request* (Form SAB 189) on September 17, 2024 for State Allocation Board (Board) consideration of a scope change that differs from what was originally submitted by the District and approved by the Board. The total number of classrooms in the project will not change, only the construction type of some of the classrooms. The project will now consist of five portable classroom buildings and three permanent classrooms, instead of the previously authorized eight permanent construction buildings.

The District has not requested an increase in funding for the change in scope, and the change in scope has no bearing on the original application's funding order.

AUTHORITY

See Attachment A.

BACKGROUND

District and Project History

The Jacoby Creek Elementary School District is K-8 school district located in Bayside in Humboldt County. The District currently serves a student population of 462.

Jacoby Creek Elementary School District received an Apportionment with Financial Hardship (FH) approval as a result of an appeal on January 24, 2024. The Board's approval included the Apportionment for the new construction application (50/62893-00-001) at Jacoby Creek Elementary School in the amount of \$7,465,399.78, with a District contribution of \$452,510.00 (see Attachment B).

BACKGROUND (cont.)

Following the Board's approval and apportionment, the District determined that it was unable to construct the project as originally designed due to increased construction costs and budgetary constraints. However, by acquiring portable classroom buildings for a portion of the project, the District will be able to bring the project costs back within the previously apportioned state grant and matching financial hardship amounts. This change will require new approvals from the California Department of Education (CDE) as well as the Division of the State Architect (DSA), necessitating a change in scope request for the original project.

Therefore, the District submitted a Form SAB 189 on September 17, 2024, requesting the Board's approval of a change in project scope from eight permanent construction classrooms to three permanent classrooms and five portable classroom buildings, with no additional funds requested.

Status of the Project

The District intends to submit plans for review to CDE and DSA in November 2024, anticipating a supersede CDE approval by end of November or early December 2024 and new DSA approval by mid-February 2025. The District's project has a 365-day time limit on fund release deadline of January 24, 2025. Approval of the District's appeal request is necessary before the school district is able to submit a valid Form SAB 50-05 for the release of funds, as the contract to purchase the portable buildings makes up a portion of the scope needed to meet the fund release requirements. The District will enter into the remainder of the contracts for site work associated with building installation following CDE and DSA approval of the plans.

STAFF ANALYSIS/STATEMENTS

District Position

The District requests approval of a change in scope for the following considerations:

- The District determined that in the six years between design, application submittal, and apportionment, the new estimated costs for the original design were well over a million dollars higher than the available funding.
- Even after value engineering to the maximum extent possible, the District was unable to bring the original design under budget.
- The District has found a solution to acquire high quality portable buildings of approximately the same size as the original design that can be placed in the same locations on the campus. Using the portable buildings will enable to the District to add the capacity necessary to meet the classroom needs for the project.

The full text of the District's request is included as Attachment C.

Staff Position

The District requests to amend the originally approved scope of work of its SFP New Construction funding application (50/62893-00-001). The District is requesting to change

STAFF ANALYSIS/STATEMENTS (cont.)

the project scope by switching five of the originally approved eight classrooms from permanent to portable construction.

Applications for funding for the construction of a project are accompanied by CDE and DSA approved plans. The Board's approval of the project funding is full and final and based on the plans accompanying the project. Flexibility is recognized as part of SFP projects; however, the intent or project scope must be maintained. In some extenuating circumstances, staff may present a school district's request for a scope change to the Board. General guidelines for scope changes have been in place since 2005. A change of scope in certain situations may be permitted if the following conditions are met:

- CDE and DSA have approved the changes in the plans.
- The amended project meets the 60 percent commensurate requirement.
- The original intent/purpose of the project is maintained.

The District has demonstrated that these conditions are being addressed. The District stated in the appeal request that CDE and DSA approvals will be necessary and has started the process to obtain those approvals. The District will submit plans to CDE for review in November and receive an updated plan approval letter shortly thereafter. The District will upload plans for DSA review on November 13 and anticipates DSA approval by mid-February 2025.

The 60 percent commensurate requirement states that school districts must demonstrate that the estimated construction costs in its project are equal to or greater than 60 percent of the combined state share and district share for the project. The District provided updated construction costs estimated for site development and portable classrooms. Staff verified that the estimated construction cost of the amended project scope is still greater than 60 percent of the combined state share and district share funding amount that was previously approved by the Board at the January 24, 2024 meeting.

The original intent/purpose of the project is maintained. The number of classrooms, location of classrooms, and purpose of the classrooms remain the same as the original plans.

Additionally, the District received no advantage in the ability to submit the application by first designing permanent classrooms so there is no issue with "line jumping." Therefore, staff has reviewed the District's request and determined that the outcome of the scope change still meets all criteria to qualify for the SFP New Construction Program.

Conclusion

Staff supports the District's request for a scope change revising the project scope from the new construction of eight permanent construction classrooms to three permanent classrooms and five portable classroom buildings, with no additional funds requested.

The changed project scope still meets all necessary criteria to qualify for SFP funding.

STAFF ANALYSIS/STATEMENTS (cont.)

The District remains eligible for the resulting amended request for three permanent classrooms and five portable buildings. The scope change does not result in an increase in the funding amount of the previously approved Apportionment. However, the District has confirmed that they will submit their new DSA approvals to OPSC upon receipt of their finalization. If the new plan verification review results in a reduction in site development grants, an amended funding item corresponding to the amended project scope will be presented to the Board at a later date.

Staff supports the District's appeal.

RECOMMENDATIONS

Approve the District's appeal request with the following additions:

1. Approve the District's appeal request to change five of the original eight classrooms from permanent to portable construction for OPSC Application Number 50/63073-00-002.
2. Require the District to submit the updated DSA and CDE plan approval letters to OPSC for review and verification of the originally approved grants.

ATTACHMENT A

AUTHORITY

Education Code Section 17072.35.

A grant for new construction may be used for any and all costs necessary to adequately house new pupils in any approved project, and those costs may only include the cost of design, engineering, testing, inspection, plan checking, construction management, site acquisition and development, evaluation and response action costs relating to hazardous substances at a new or existing schoolsite, demolition, construction, acquisition and installation of portable classrooms, landscaping, necessary utility costs, utility connections and other fees, equipment including telecommunication equipment to increase school security, furnishings, and the upgrading of electrical systems or the wiring or cabling of classrooms in order to accommodate educational technology. A grant for new construction may also be used to acquire an existing government or privately owned building, or a privately financed school building, and for the necessary costs of converting the government or privately owned building for public school use. A grant for new construction may also be used for the costs of designs and materials that promote the efficient use of energy and water, the maximum use of natural lighting and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and other characteristics of high performance schools.

SFP Regulation Section 1859.2. Definitions

For the purpose of these regulations, the terms set forth below shall have the following meanings, subject to the provisions of the Act:

....

“Approved Application(s)” means a district has submitted the application and all documents to the Office of Public School Construction that are required to be submitted with the application as identified in the General Information Section of Forms SAB 50-01; SAB 50-02; SAB 50-03; and SAB 50-04, as specified in Section 1859.2.

....

“Form SAB 50-04” means the *Application For Funding*, Form SAB 50-04 (Revised 05/20), which is incorporated by reference.

...

“New Construction Grant” means the funding provided pursuant to Education Code Section 17072.10(a) and Sections 1859.71 and 1859.71.1.

SFP Regulation Section 1859.21. SFP Application for Funding.

A School District seeking funding for a modernization or new construction project shall complete and file with the OPSC, the Form SAB 50-04.

SCHOOL DISTRICT Jacoby Creek School District	APPLICATION NUMBER 50/62893-00-001
SCHOOL NAME Jacoby Creek Elementary School	COUNTY Humboldt
DISTRICT REPRESENTATIVE Melanie Nannizzi	E-MAIL ADDRESS mnannizzi@jcsk8.org

Purpose of Request:

The Jacoby Creek School District (District) is requesting approval of a change of scope for the project to use portable buildings instead of the originally planned "stick built" permanent construction for 5 of the classrooms in the new construction application apportioned in January 2024. The change of scope request is necessary to bring the project within budget. The District received financial hardship assistance for this project and has no additional local funds available to make up the funding shortfall necessary to construct the classrooms as originally designed. Without approval of the change of scope request, the district will not be able to move forward to construct the five classrooms.

Basis of Request:

- Law (Statute) _____
- Regulation _____
- Other (specify) SAB Change of Scope Policy

Description:

Please see attached narrative request.

Request to Change the Scope of Application Number 50/62893-00-001

The Jacoby Creek School District respectfully requests that the State Allocation Board allow a change of scope to its new construction project, Office of Public School Construction (OPSC) Application Number 50/62893-00-001, to switch from permanent construction to portable construction for 5 of the 8 new classrooms approved.

Reason for Request

The project was originally designed and approved by the Division of the State Architect in 2018. The full funding application was apportioned at the January 24, 2024, State Allocation Board meeting in the amount of \$7,917,910, including financial hardship assistance provided by the State Allocation Board as part of a prior appeal request. The District's available contribution for the project included in the funding amount was \$452,510 which was used to fund design costs. The District is grateful for the Board's approval of the financial hardship assistance under the appeal request as there are no additional local funds available to contribute to this project. Unfortunately, due to escalating construction costs in the six years between design, application submittal, and apportionment, the new estimated costs for the original design are well over a million dollars higher than the available funding. Even after value engineering to the maximum extent possible, there is no way to bring the original design under budget. The District has found a solution to acquire high quality portable buildings of approximately the same size as the original design that can be placed in the same locations on the campus. Using the portable buildings will enable the District to add the capacity necessary to meet the classroom needs for the project. This solution will require very few changes to the sitework and can be accomplished within the required program timelines. However, because of this change, new approvals from the California Department of Education as well as the Division of the State Architect will be required, necessitating a change in scope request for the original project.

Change of Scope Policy Considerations

The change of scope request is consistent with the State Allocation Board Change of Scope policy as well as with past change of scope requests that the State Allocation Board has approved as outlined below:

- DSA and CDE Approvals will be obtained
 - The District understands that CDE and DSA approvals will be necessary and has started the process to obtain those approvals. The District is about to contract with the building manufacturer to obtain the construction drawings for the buildings so that the plans can be submitted to DSA in October. As soon as the drawings are obtained, the request will be submitted to CDE to update the plan approval.
- The amended plans will meet the 60 percent commensurate requirement.

ATTACHMENT C

1617 Old Arcata Road
Bayside, CA 95524
(707) 822-4896
www.jcsk8.org
Superintendent/Principal
Melanie Nannizzi

- The 60% threshold for this project is \$4,750,746. To date, expected costs are as follows:
 - Contract for New Construction current phase = \$2,289,169
 - Building Cost Only for portable classrooms = \$2,338,800
 - Costs of site work and to install the portable classrooms = Not yet bid, estimated at \$2,760,000
- The original intent/purpose of the project is maintained.
 - The number of classrooms is the same.
 - The location of the classrooms is the same.
 - The purpose of the classrooms is the same (1 Transitional Kindergarten, 1 Science, 3 standard grades 1-8 classrooms).
- There is no issue with “line jumping”.
 - The District received no advantage in the ability to submit the application by first designing permanent classrooms. Permanent classroom design typically takes longer than portable classroom design.
- Funding Amounts are not impacted.
 - As the same number of classrooms are being built, there is no change to the base grant amount.
 - The District acknowledges that OPSC will review the new DSA approved plans to ensure that no site development grants are impacted, though very few changes are expected as the buildings remain in the same footprints.

Conclusion

While the District certainly would have preferred to use the original stick-built design, the escalating costs of construction have made that impossible. Use of portable buildings will bring the project costs back within the previously apportioned state grant and matching financial hardship funding amounts. The District appreciates the Board’s consideration and approval of this change so that the project may move forward.

SCHOOL DISTRICT DATA

 County: Orange
 Financial Hardship: No

School District: Capistrano Unified
 School Name: Esencia K-8

PURPOSE OF REPORT

To recommend accounting revisions to close out a completed project.

DESCRIPTION

A review of expenditures reported by the District has been made in accordance with School Facility Program (SFP) Regulation Section 1859.106 and the revisions indicated are necessary to close out this completed project.

The District incurred additional eligible expenditures per SFP Regulation Sections 1859.74 and 1859.106 and may receive additional Department of Toxic Substances Control (DTSC) funding in the amount of \$114.00. The District has concurred with these findings and is eligible for an additional apportionment of the State share in the amount of \$57.00.

Detail of Final Cost & Financing

PURPOSE OF REPORT

To recommend accounting revisions to close out a completed project.

DESCRIPTION

A review of expenditures reported by the District has been made in accordance with School Facility Program (SFP) Regulation Section 1859.106 and the revisions indicated are necessary to close out this completed project.

The District incurred additional eligible expenditures per SFP Regulation Sections 1859.74 and 1859.106 and may receive additional hazardous waste and Department of Toxic Substances Control (DTSC) funding in the amount of \$151,964.50. The District was also over-funded for site acquisition costs in the amount of \$90,583.00 and site other in the amount of \$3,623.00. The District has concurred with these findings and is eligible for an additional apportionment of the State share in the amount of \$57,758.50.

Detail of Final Cost & Financing

Budget Item	Currently Approved	Required Change	Revised Approval
2% of Appraised or Actual Value	\$ 90,583.00	\$ (3,623.00)	\$ 86,960.00

PURPOSE OF REPORT

To recommend accounting revisions to close out a completed project.

DESCRIPTION

A review of expenditures reported by the District has been made in accordance with School Facility Program (SFP) Regulation Section 1859.106 and the revisions indicated are necessary to close out this completed project.

The District incurred additional eligible expenditures per SFP Regulation Sections 1859.74 and 1859.106 and may receive additional Department of Toxic Substances Control (DTSC) funding in the amount of \$44,565.00. The District was also over-funded for hazardous waste removal costs in the amount of \$121,021.00. The District has concurred with these findings and agrees to return the State funds in the amount of \$38,228.00.

Detail of Final Cost & Financing

Total State Apportionment	\$38,346,670.50	(\$38,228.00)	\$38,308,442.50

Financing	Currently Approved	Required Change	Revised Approval
State (SFP)	\$38,346,670.50	(\$38,228.00)	\$38,308,442.50
District Contribution	38,346,670.50	(38,228.00)	38,308,442.50
Total Project Costs	\$76,693,341.00	(\$76,456.00)	\$76,616,885.00

RECOMMENDATIONS

1. Approve a decrease of \$76,456.00 in the total project cost from \$76,693,341.00 to \$76,616,885.00.
2. Approve a decrease of \$38,228.00 in the State Apportionment [Bonds/2016-Nov.; 051-500] from \$38,346,670.50 to \$38,308,442.50.
3. Approve a decrease of \$38,228.00 in the District Contribution from \$38,346,670.50 to \$38,308,442.50.
4. Require the District to return State funds in the amount of \$38,228.00.

SCHOOL FACILITY PROGRAM SUBSTANTIAL PROGRESS TIME EXTENSIONS (Design/Site)

PURPOSE OF REPORT

To present the District's request for a time extension to show substantial progress for the School Facility Program (SFP) projects attached.

DESCRIPTION

The SFP regulations requires that a District which receives a design grant approval must demonstrate substantial progress has been made on the project within 18 months of receiving the fund release. Evidence of substantial progress can be demonstrated by showing any of the following:

1. Submittal of an approved New Construction or Modernization Adjusted Grant funding application.
2. Submittal of a Districts certification that the final building plans for the project have been submitted to and accepted by the Division of the State Architect (DSA) for review and approval.
3. Submittal of an approved separate site funding application pursuant to Section 1859.81.1(a) or an approved environmental hardship funding application pursuant to Section 1859.75.1.
4. Submittal to the Office of Public School Construction (OPSC) of evidence satisfactory to the State Allocation Board (SAB) detailing the reason(s) that plans have not been completed and accepted by the DSA.

AUTHORITY

Pursuant to Regulation Section 1859.105 (c)(4), sufficient evidence of substantial progress shall include other evidence satisfactory to the SAB detailing the reason(s) that plans have not been completed and accepted by the DSA. If the SAB determines that substantial progress has been made, the SAB shall condition its finding of substantial progress upon the District commitment to complete and submit an Approved Adjusted Grant application within 18 months from the date of the SAB's determination of substantial progress.

STAFF COMMENTS

The Attachment represents the project applications in which the District received a design grant apportionment and a subsequent fund release. The District has submitted acceptable explanation of why a substantial progress extension is required. Staff recommends approval of the request for additional time to submit evidence that Substantial Progress has been met on the design grant.

RECOMMENDATIONS

1. Approve the District's request for a determination of substantial progress with regard to the SFP applications, as indicated on the Attachment.
2. Failure to comply with either requirement as indicated on the Attachment will result in the project apportionments being reduced to costs incurred or rescinded.

ATTACHMENT

Substantial Progress Time Extensions
SCHOOL FACILITY PROGRAM
 State Allocation Board Meeting, December 3, 2024

	<i>Project Numbers</i>	<i>School District / County / School Name</i>	<i>Summary of School District Narrative</i>	<i>Staff Recommendations</i>
Design Grant	50/61622-00-002	Williams Unified Colusa Williams Elementary	The projects received Design Grant apportionments on February 22, 2023. Williams Unified School District is pursuing a bond in November, and the outcome will directly impact the scope of design for two projects, one at the elementary school and the other at the junior/senior high school. As the District does not currently qualify for financial hardship, the bond's success is critical. This is the only information the District has at this time.	<ol style="list-style-type: none"> 1. Require the District to submit acceptable plans to the DSA by September 3, 2025. 2. Require the District to submit complete and approvable Adjusted Grant funding applications to OPSC by June 3, 2026. <p>If both conditions are not met by June 3, 2026, OPSC will proceed to rescind or reduce the projects to costs incurred.</p>
	50/61622-00-003	Williams Unified Colusa Williams Junior/Senior High	Because of these circumstances, the District is requesting an 18-month extension to meet the substantial progress requirements.	

SCHOOL FACILITY PROGRAM
SUBSTANTIAL PROGRESS REDUCTION TO COSTS INCURRED

PURPOSE OF REPORT

To present School Facility Program (SFP) project apportionment to be reduced to eligible costs incurred.

DESCRIPTION

The SFP projects listed on the Attachment are financial hardship and non-financial hardship districts that received a separate design or adjusted grant fund release. The Districts have either requested to have their projects reduced to costs incurred or have not met the substantial progress requirement and have indicated they will be unable to move forward with the SFP projects listed on the Attachment. The Districts have requested their apportionments be reduced to costs incurred to recognize eligible costs for the separate design phase or adjusted grant phase.

AUTHORITY

Pursuant to Education Code Section 17076.10(b), sufficient evidence of substantial progress for the design, site and adjusted grant apportionments shall be due 18 months from the date any funds were released to the district. The SFP Regulation Section 1859.105 requires that when an apportionment is reduced to project costs incurred or rescinded, all State funds not used to finance eligible expenditures are to be returned to the State Allocation Board (SAB). The SFP Regulations also stipulate that interest earned on State funds, which is not used to finance eligible expenditures, is due to the SAB.

RECOMMENDATIONS

1. Find that the Districts are unable to meet the substantial progress requirements or indicated that they will be unable to move forward with the projects listed on the Attachment.
2. Reduce the funded apportionments to costs incurred or rescission for the projects listed on the Attachment.

State of California
State Allocation Board

**CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN
AND FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM**

This Resolution of the State Allocation Board (hereafter referred to as the “Board”) is applicable to the appropriate sections of the Education Code and is described and filed in the office of the Executive Officer and will be made available to all interested parties as the Resolution pertains to the documents attached hereto. Said documents were acted upon by the Board at its meeting on December 3, 2024.

WHEREAS, the Board has determined to be approvable a number of projects for new construction or retrofit eligibility of California preschool, transitional kindergarten and/or kindergarten facilities for school districts, it is making apportionments and/or adjustments for the grant amounts for projects that meet the Board’s criteria for the apportionment of grants pursuant to Education Code Section 17375.

NOW THEREFORE, BE IT RESOLVED:

1. The Board anticipates that the school district(s) will pay certain capital expenditures in connection with some or all of the project(s) cost.
2. The Board, acting on behalf of the State, hereby declares that it is the State’s official intent to use General Fund proceeds that are available for such purpose, consistent with the requirements of law that are in effect at the time the funds are available, to provide grants, in accordance with applicable laws and regulations.
3. This Resolution shall be continuously available for inspection by the general public during normal business hours at the office of the Board at 707 3rd Street, 4th Floor, West Sacramento, California, commencing within one week after the date of enactment of this Resolution.

I, the undersigned, duly authorized as the Executive Officer of the State Allocation Board, do hereby certify the foregoing to be true and correct, and that this Resolution was adopted at a meeting of said Board on December 3, 2024 at Sacramento, California.

Rebecca Kirk
Executive Officer
State Allocation Board

This project is being amended as a result of the removal of the previously authorized additional grant for automatic sprinkler system, which was not included in the approved plans and specifications.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

This project is subject to the Grant Agreement submittal pursuant to Regulation Section 1860.17.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The District qualifies for financial hardship pursuant to Regulation Section 1860.14(a)(1). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's outstanding bonded indebtedness at the date of request (July 28, 2023) is at least 60 percent of its total bonding capacity.

Advance funds in the amount of \$159,830.00 were previously released to the District. The remaining funds in the amount of \$884,670.40 (\$1,099,353.00 less advance funds released and available district contribution) will be released by OPSC upon the receipt of a valid, signed Grant Agreement as specified in Regulation Section 1860.17 and a complete Fund Release Request (Form SAB 70-02)

Pursuant to Regulation Section 1860.19(b)(4), any savings, including interest, unexpended or unencumbered after one year from the completion of the project, as specified in Section 1860.18, must be returned to the State.

This project is being amended as a result of the removal of the previously authorized additional grant for automatic sprinkler system, which was not included in the approved plans and specifications.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

This project is subject to the Grant Agreement submittal pursuant to Regulation Section 1860.17.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Advance funds in the amount of \$159,830.00 were previously released to the District. The remaining funds in the amount of \$664,685.00 (\$1,099,353.00 less advance funds released and available district contribution) will be released by OPSC upon the receipt of a valid, signed Grant Agreement as specified in Regulation Section 1860.17 and a complete Fund Release Request (Form SAB 70-02)

Pursuant to Regulation Section 1860.19(b)(4), any savings, including interest, unexpended or unencumbered after one year from the completion of the project, as specified in Section 1860.18, must be returned to the State.

This project is being amended as a result of the removal of 1) one previously authorized Full-Day Kindergarten classroom at the District's request. This classroom was not included in the District's approved plans and specifications; and 2) the previously authorized additional grant for Automatic Sprinkler System, which was not included in the approved plans and specifications.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

This project is subject to the Grant Agreement submittal pursuant to Regulation Section 1860.17.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

Advance funds in the amount of \$799,150.00 were previously released to the District. The remaining funds in the amount of \$2,440,258.00 (\$4,319,211.00 less district cash contribution and advance funds released) will be released by OPSC upon the receipt of a valid, signed Grant Agreement as specified in Regulation Section 1860.17 and a complete Fund Release Request (Form SAB 70-02).

With the exception of School Districts receiving Financial Hardship funding, a portion of the School District's required matching share will be equal to a 25 percent District share and a 50 percent District share for New Construction, pursuant to Regulation Sections 1860.11.

Pursuant to Regulation Section 1860.19(b)(4), any savings, including interest, unexpended or unencumbered after one year from the completion of the project, as specified in Section 1860.18, must be returned to the State.

This project is being amended as a result of the removal of the previously authorized additional grant for automatic sprinkler system, which was not included in the approved plans and specifications.

The District shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

This project is subject to the Grant Agreement submittal pursuant to Regulation Section 1860.17.

The District is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The District qualifies for financial hardship pursuant to Regulation Section 1860.14(a)(3). The District has demonstrated it is financially unable to provide all or a part of the matching funds and is levying the developer fees or equal alternative revenue source justified by law. The District's total bonding capacity (as of August 2, 2023) is \$5 million or less.

Advance funds in the amount of \$159,830.00 were previously released to the District. The remaining funds in the amount of \$913,535.00 (\$1,099,353.00 less advance funds released and available district contribution) will be released by OPSC upon the receipt of a valid, signed Grant Agreement as specified in Regulation Section 1860.17 and a complete Fund Release Request (Form SAB 70-02)

Pursuant to Regulation Section 1860.19(b)(4), any savings, including interest, unexpended or unencumbered after one year from the completion of the project, as specified in Section 1860.18, must be returned to the State.

**CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN
AND FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM
REQUEST FOR EXTENSION TO FUND RELEASE DEADLINE**

PURPOSE OF REPORT

To present Ducor Union Elementary School District's (District) request for a second extension to the deadline to submit the *Fund Release Authorization* (Form SAB 70-02) for its California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program (Program) funding application.

DESCRIPTION

School Districts participating in the Program must submit a complete Form SAB 70-02 within 18 months of receiving an apportionment pursuant to Program Regulation Section 1860.16(f). In addition to the complete Form, applicants must also enter into a binding contract for at least 90 percent of the building construction activities of the project. On September 25, 2024, the Board approved an extension of five months for the District's new construction project of one transitional kindergarten classroom, application number 70/71894-00-002. This item requests an additional extension to February 1, 2025, which results in a total extension of nine months to the original deadline.

AUTHORITY

Regulation Section 1860.16(f) states:

For an Apportionment received pursuant to Section 1860.7(b) and 1860.7(d), where submittal of the necessary CDE plan approval and/or DSA-approved plans and specifications were not required at the time the Board granted an Apportionment, the School District has up to 18 months to submit the required approvals and a complete *Fund Release Request* (Form SAB 70-02) from the date of the first Apportionment. The School District may submit in writing other evidence satisfactory to the Board of circumstances beyond the control of the School District that precludes the School District from submitting the required CDE plan approval, DSA-approved plans and specifications, and a complete Form SAB 70-02 within 18 months from the date of the first Apportionment. If the required submittals or other evidence in writing are not received within 18 months of the first Apportionment, the Apportionment shall be rescinded and the Full-Day Kindergarten Facilities Grant will return to the Program for reallocation without further Board action.

- (1) School Districts submitting other evidence shall have up to three years from the date of the first Apportionment to submit the required approvals and a complete *Fund Release Authorization* (Form SAB 70-02). This shall not extend the deadline in Section 1860.18.

BACKGROUND

The Program provides funding to construct new school facilities and retrofit existing school facilities for the purpose of expanding existing programs or providing new programs for preschool, transitional kindergarten, and full-day kindergarten pupils. On September 27, 2023, the Board approved Staff's policy recommendations to modify funding deadlines and requirements for projects apportioned during the third and fourth funding rounds of the Program, as well as conforming regulatory amendments for future applications. The approval included an amendment to Program Regulation Section 1860.16(f) that allows the School District to submit "in writing other evidence satisfactory to the Board of circumstances beyond the control of the School District that precludes the School District from submitting the required CDE plan approval, DSA-approved plans and specifications, and a complete Form SAB 70-02 within 18 months from the date of the first Apportionment." These regulatory amendments were approved by the Office of Administrative Law on October 1, 2024.

STAFF ANALYSIS/COMMENTS

On September 25, 2024, the Board approved the District's request for an extension to October 31, 2024 (Attachment A). However, due to circumstances beyond the District's control, it has submitted a second extension request on October 15, 2024, to request additional time to meet the fund release requirements. The project consists of one transitional kindergarten classroom and is delayed due to ongoing challenges obtaining a construction bid within budget. The District has value engineered the project to the maximum extent possible, however current construction costs far exceed available District funds. The lack of sufficient funds is the only remaining obstacle preventing the District from awarding a contract for this project. The District obtained the necessary plan approvals from the Division of the State Architect and California Department of Education. Since the approval of the previous extension request, the District placed a General Obligation Bond on the local November 5, 2024 election ballot for \$4.7 million. If successful, these funds would permit the District to move forward on the project with the assurance of being able to cover the District share and submit a complete Form SAB 70-02 by February 1, 2025.

The District's initial apportionment was on November 28, 2022 with an original deadline to submit a complete Form SAB 70-02 by May 28, 2024. If the extension request is approved, the new deadline to submit a complete Form SAB 70-02 will be February 1, 2025.

Staff has reviewed the District's request, which is included as Attachment B, and determined that it provides satisfactory evidence to justify the requested extension. Staff supports the District's request for a second extension to submit the Form SAB 70-02 by February 1, 2025. However, the approval of this extension does not extend the three-year deadline to complete the project and submit a complete Expenditure Report (Form SAB 70-03) with final expenditures by November 28, 2025.

RECOMMENDATION

Approve the District's request for an extension to February 1, 2025. Require that the District submit a complete Form SAB 70-02 for application number 70/71894-00-002 by February 1, 2025, or the apportionment will be rescinded without further Board action.

**CALIFORNIA PRESCHOOL, TRANSITIONAL KINDERGARTEN
AND FULL-DAY KINDERGARTEN FACILITIES GRANT PROGRAM
REQUEST FOR EXTENSION TO FUND RELEASE DEADLINE**

PURPOSE OF REPORT

To present Ducor Union Elementary School District's (District) request for an extension to the deadline to submit the *Fund Release Authorization* (Form SAB 70-02) for its California Preschool, Transitional Kindergarten and Full-Day Kindergarten Facilities Grant Program (Program) funding application.

DESCRIPTION

School Districts participating in the Program must submit a complete Form SAB 70-02 within 18 months of receiving an apportionment, pursuant to the Board's policy adopted on September 27, 2023, as amendments to Program Regulation Section 1860.16(f). In addition to the completed Form, applicants must also submit the required approvals from the California Department of Education (CDE) and Division of the State Architect (DSA) and comply with all other requirements listed on the Form instructions and certifications, including but not limited to, entering into a binding contract for at least 90 percent of the building construction activities of the project. This item requests an extension of five months to this deadline for the District's new construction project, application number 70/71894-00-002.

AUTHORITY

As approved on September 27, 2023, Section 1860.16(f) of the Program Regulations read as follows:

For an Apportionment received pursuant to Section 1860.7(b) and 1860.7(d), where submittal of the necessary CDE plan approval and/or DSA-approved plans and specifications were not required at the time the Board granted an Apportionment, the School District has up to 18 months to submit the required approvals and a complete *Fund Release Request* (Form SAB 70-02) from the date of the first Apportionment. The School District may submit in writing other evidence satisfactory to the Board of circumstances beyond the control of the School District that precludes the School District from submitting the required CDE plan approval, DSA-approved plans and specifications, and a complete Form SAB 70-02 within 18 months from the date of the first Apportionment. If the required submittals or other evidence in writing are not received within 18 months of the first Apportionment, the Apportionment shall be rescinded and the Full-Day Kindergarten Facilities Grant will return to the Program for reallocation without further Board action.

- (1) School Districts submitting other evidence shall have up to three years from the date of the first Apportionment to submit the required approvals and a complete *Fund Release Authorization* (Form SAB 70-02). This shall not extend the deadline in Section 1860.18.

BACKGROUND

The Program provides funding to construct new school facilities and retrofit existing school facilities for the purpose of expanding existing programs or providing new programs for preschool, transitional kindergarten, and full-day kindergarten pupils. On September 27, 2023, the Board approved Staff's policy recommendations to modify funding deadlines and requirements for projects apportioned during the third and fourth funding rounds of the Program, as well as conforming regulatory amendments for future applications. The approval included an amendment to Program Regulation Section 1860.18 (f) that allows the School District to submit "in writing other evidence satisfactory to the Board of circumstances beyond the control of the School District that precludes the School District from submitting the required CDE plan approval, DSA-approved plans and specifications, and a complete Form SAB 70-02 within 18 months from the date of the first Apportionment." These regulatory amendments are currently proceeding through the regulatory process.

STAFF ANALYSIS/COMMENTS

The project will consist of one transitional kindergarten classroom. On May 28, 2024, OPSC received the District's request for an extension to submit a complete Form SAB 70-02 due to circumstances beyond its control. The project has been delayed due to challenges obtaining a construction bid within budget. The District has already obtained final plan approvals from the Division of the State Architect and California Department of Education. The District plans to rebid the project and submit a complete Form SAB 70-02 by October 31, 2024.

The District's initial apportionment was on November 28, 2022 with a current deadline to submit a complete Form SAB 70-02 by October 31, 2024. If the extension request is approved, the new deadline to submit a complete Form SAB 70-02 will be October 31, 2024.

Staff has reviewed the District's request, which is included as an Attachment, and determined that it provides satisfactory evidence to justify the requested extension. Staff supports the District's request for a five-month extension to submit the Form SAB 70-02. However, the approval of this extension does not extend the three-year deadline to complete the project and submit a complete Expenditure Report (Form SAB 70-03) with final expenditures by November 28, 2025.

RECOMMENDATION

Approve the District's request for an extension to October 31, 2024. Require that the District submit the Form SAB 70-02 for application number 70/71894-00-002 by October 31, 2024, or the apportionment will be rescinded without further Board action.

RE: Program Fund Release Authorization

Subject: Ducor Union Elementary School District California Preschool Transitional Kindergarten and Full Day Kindergarten Facilities Grant Project Number 70/71894-00-002 Request for Additional time on Fund Release Requirements

Dear Friends at OPSC,

The Ducor Union Elementary School District is requesting an extension until October 31, 2024, to submit final release documents for the CPTKFDKFGP Project. The project was approved and received an Advanced Design Apportionment at the November 28, 2022, State Allocation Board Meeting. The District's fund release deadline is May 28, 2024.

The District is a Small Rural School District with one site and qualifies as a Financial Hardship District. Despite funding challenges and the lack of sufficient funding to complete this small school project due to isolation, the District has remained diligent in attempting to move forward. However, the current funding model does not provide sufficient funding to cover the projected costs. DUESD does not possess the liquid fluidity to backfill the nearly \$300,000.00 deficit. The district was identified as budgetarily qualified in the 2023-24 school year and is currently working to extract itself from this quagmire. The building is definitely needed, and the district would like more time to develop the options.

The District faces many challenges to meet the budget allocation, and sadly despite our best efforts to attract potential bidders, only one company responded, and this bid exceeded the allocation. We are currently in the process of searching for additional funding to complete the project, but this additional funding will need to be secured in the open market. We do have an architectural company under contract, and we just recently received approval for these plans. The date of the DSA counter approval and site, foundation, and utilities was May 10, 2024. The district went out to bid on May 14, 2024 and received one response that exceeded the allocation.

The District respectfully requests an extension for the above-referenced project. The Project has achieved both DSA and CDE approvals. The Project was bid on May 14, 2024. The District is requesting a time extension until October 31, 2024, to submit the

ATTACHMENT A

70-02. The time extension will allow the District time to either re-bid the Project, value engineer the Project or pursue other means or mechanisms to bring the Project within budget.

If you have any questions or if I can be of further service, please contact me directly at 559-786-9140. I do appreciate your time and consideration.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "Robert M. Hudson".

Robert M. Hudson Ed.D.
Interim Superintendent

RE: Program Fund Release Authorization

Subject: Ducor Union Elementary School District California Preschool Transitional Kindergarten and Full Day Kindergarten Facilities Grant Project Number 70/71894-00-002 Request for Additional time on Fund Release Requirements

Dear Friends at OPSC,

The Ducor Union Elementary School District is requesting an extension until February 1, 2025, to submit final release documents for the CPTKFDKFGP Project. The project was approved and received an Advanced Design Apportionment at the November 28, 2022, State Allocation Board Meeting. The District's fund release deadline is May 28, 2024.

The District is a Small Rural School District with one site and qualifies as a Financial Hardship District. Despite funding challenges and the lack of sufficient funding to complete this small school project due to isolation, the District has remained diligent in attempting to move forward. However, the current funding model does not provide sufficient funding to cover the projected costs. DUESD does not possess sufficient liquid fluidity to backfill the \$300,000.00 deficit. The district was identified as budgetarily qualified in the 2023-24 school year and is currently working to extract itself from this quagmire.

Since our last extension request, the District has placed a General Obligation Bond on November 5, 2024, election for 4.7 million dollars. If successful that would permit the district to move forward on the project with the assurance of being able to cover the additional cost and conditions required in the building project. Unfortunately, our previous extension expires on October 31, 2024, five days before the General Election. An extension to February 1, 2025, would allow us sufficient time to realign our financing and revive the project.

The District respectfully requests an extension for the above-referenced project. The Project has achieved both DSA and CDE approvals. The Project was bid on May 14, 2024. The District is requesting a time extension until February 1, 2025, to submit the 70-02. The time extension will allow the District time to either re-bid the Project, value

ATTACHMENT B

engineering the Project or pursue other means or mechanisms to bring the Project within budget.

If you have any questions or if I can be of further service, please contact me directly at 559-786-9140. I do appreciate your time and consideration.

Sincerely yours,

A handwritten signature in blue ink, appearing to read "R. M. Hudson".

Interim Superintendent

UNUSED SITES PROGRAM ASSESSMENTS, ADDITIONS, WAIVERS, REDUCTION OF FEES AND DELETIONS

PURPOSE OF REPORT

To request the State Allocation Board (Board) approve the following reports:

- Unused School Site Payments (Attachment B)
- Waivers of Assessment of Fees for Unused School Sites (Attachment C)
- Reduction of Fees for Unused School Sites (Attachment D)
- Added Unused School Sites (Attachment E)
- Deleted Unused School Sites (Attachment F)

DESCRIPTION

Current statute requires all school districts to report their unused sites to the Board on an annual basis. Using the information provided, the school districts are assessed a fee for each unused site equal to one percent of the value of the site. A school district may request a waiver or a reduction of the fee for any site, provided that the school district meets certain criteria for the use of the site. School districts are also required to report any newly acquired site or sites that are no longer being used for school purposes. A site may be deleted from the Unused Sites Program when a school district sells a site, begins construction on a site or reopens a site for school purposes.

This item is requesting the Board approve the nonuse payments, waivers, reduction of fees, additions and deletions for unused school sites as shown on the attachments.

AUTHORITY

Please see Attachment A.

BACKGROUND

As required by law, all school districts are required to report any unused school sites to the Board annually. The school districts self-certify requests for waivers and reduction of fees based on certain criteria outlined in Education Code Section 17219. In addition, school districts are required to report any newly acquired or closed school sites. An unused school site may be deleted if a school district has sold, constructed a new school or reopened a previously closed school site.

Funds collected by the State Controller's Office are transferred to the State School Site Utilization Fund.

STAFF ANALYSIS/STATEMENTS

Unused School Site Payments

The school districts on Attachment B are being assessed unused school site fees based on the self-certified reports submitted to the Office of Public School Construction. This information will authorize the State Controller's Office to withhold an amount equal to the school districts' total assessed fee, in four equal installments, during the months of February through May as prescribed in law. A total of \$8,795,244 will be withheld for the Fiscal Year 2023/2024.

Waivers of Assessment of Fees for Unused School Sites

Attachment C lists school districts that have submitted self-certified documents requesting a waiver of the unused school site assessment due to the State. The school districts must meet any one of the following conditions to be eligible for a waiver:

- a) The school district has resolved to use the site for the purpose for which it was intended within a specified period of time (will be used within 1, 2 or 3 years);
- b) The site has a value less than the exemption amount of \$60,539 for the current Fiscal Year (below minimum);
- c) The school district has advertised the school site for sale and received no bids that, in the judgment of the Board, reflect the fair market value of the property (Attempted to sell);
- d) The site was used for at least one-half of the year for purposes as specified in law (community use, child care program);
- e) The site was leased for at least one-half of the year to a tenant that is paying possessory taxes on the site (leased to tenant); or,
- f) Nonuse payments would cause the school district to receive less than \$120 per pupil in average daily attendance in the school district during the preceding school year (Basic Aid).

Reduction of Fees for Unused School Sites

The school district listed on Attachment D is requesting a reduction of unused school site fees for either of the following reasons as self-certified by the school district:

- a) The payment of bond debt service costs that are directly related to the actual construction of school facilities; or,
- b) A modification of the adjusted value of the site.

If the debt service amount is less than the unused school site fee assessment, the specific percentage of reduction will be reflected on Attachment D.

Added Unused School Sites

The school districts on Attachment E have reported newly acquired school sites or closed school sites, as required by law. Newly acquired school sites will not be subject to an unused school site fee for a period of five years from the date of acquisition for elementary school districts with any grade combination of Kindergarten (K) through eight and for all unified school districts with sites designated for K through six. Any high school districts or unified school districts with sites designated for grades seven through twelve will not be assessed an unused school site fee for a period of seven years. Any unused school site that has previously been utilized as a school but is no longer in use for school purposes, will not be subject to an unused school site fee for a period of five years.

Deleted Unused School Sites

Attachment F lists the unused school sites that have been sold, have begun or completed construction, opened or reopened for school purposes, based on self-certification by the school districts. These school sites will no longer be assessed an unused school site fee.

RECOMMENDATIONS

1. Authorize the State Controller's Office to withhold each school district's nonuse payments as listed on Attachment B.
2. Approve the waivers as shown on Attachment C.
3. Approve the nonuse payment reductions as shown on Attachment D.
4. Approve the added unused school sites as shown on Attachment E.
5. Approve the deletion of unused school sites as shown on Attachment F.

ATTACHMENT A

Education Code (EC) Section 17219. (a) Whenever a school district acquires or has acquired a site for school purposes, as determined by the State Allocation Board, and does not use the site within (1) five years of the date of acquisition for the kindergarten, if any, and any of grades 1 to 8, inclusive, maintained by an elementary school district or a unified school district, or, (2) seven years of the date of acquisition for any of grades 7 to 12, inclusive, maintained by a high school district or a unified school district, or if a school district has a site at any grade level that has previously been used but has not been used for school purposes within the preceding five years, the school district shall be subject to nonuse payments, unless the State Allocation Board, from time to time, makes a determination that the school district will utilize the property for the purpose for which it was intended within a reasonable period of time, in a specific amount for each additional year in which the site is retained and not used by the district beyond the foregoing specified periods, except the first additional year shall be deemed to end not earlier than April 30, 1973.

(b) Payment shall not be required under this section as to any site having a value of twenty thousand dollars (\$20,000) or less. Commencing on January 1, 1988, and annually thereafter, the State Allocation Board shall increase this exemption figure by the amount of the current fiscal year inflation adjustment specified in Section 42238.1, if any.

(c) The payments required shall be computed by the Executive Officer of the State Allocation Board and certified to the Controller, and payments shall be equal to one one-hundredth (1/100) of the original purchase price of the site modified by either a factor reflecting the change in assessed value of all lands in the state from the date of purchase of the site to the current date or any other factor that in the determination of the State Allocation Board is applicable to the site under consideration.

(d) Whenever the State Allocation Board has determined that a school district in good faith has, within the preceding year, advertised the schoolsite for sale to the highest bidder pursuant to the provisions of Article 4 (commencing with Section 17455) of Chapter 4 of Part 10.5 and has received no bids that in the judgment of the State Allocation Board reflect the fair market value of the property, the Executive Officer of the State Allocation Board shall not compute any nonuse payments for the site for a period of one year beyond the date of the determination.

(e) Nonuse payments shall not be required for any year with respect to a schoolsite that for one-half or more of the number of days of that year has been utilized for any of the following purposes:

(1) By the school district, or by any other governmental entity pursuant to agreement with the school district, for school purposes, for use as a civic center, or for community playground, playing field, or other outdoor recreational purposes, "civic center," for this purpose, means a site used for one or more of the purposes described in Section 40041.

(2) By the State Allocation Board, pursuant to agreement with the school district, for the storage of emergency portable classrooms.

(3) By the school district, or by any other public or private entity pursuant to agreement with the school district, for the operation of a child care program.

(f) Nonuse payments shall not be required for any year with respect to a schoolsite that was leased at least one-half of the days in that year in a manner that subjected the

site to property taxes equal to the taxes that would have been paid if the site had been sold.

EC Section 17221. The amount of any nonuse payments required of any school district under Section 17219 shall be reduced, without regard to fiscal year, by the amount of the proceeds, resulting from the lease of district property that is subject to that section, that are expended by the district the payment of bond debt service costs that are directly related to the actual construction of school facilities.

EC Section 17222. The Controller shall, during the next fiscal year following that in which the Executive Officer of the State Allocation Board certifies to him or her the amount of payment, deduct the total amount of the payment of each district in equal amounts from each of the February, March, April and May installments of the apportionments made to the district from the State School Fund under Sections 46304, 46305, and 41050, Sections 41330 to 41343, inclusive, and Sections 41600 to 41972, inclusive, whichever are in effect. However, in no event shall the deductions exceed an amount which would result in a district's receiving, in any school year, from the State School Fund, less than one hundred twenty dollars (\$120) per pupil in average daily attendance in the district during the preceding school year. On order of the Controller, the amount so deducted shall be transferred to the State School Site Utilization Fund which is hereby created.

EC Section 17223. (a) Whenever a school district has either begun to use an unused site or has sold that site within two years of the date the Controller, pursuant to Section 17222, has deducted a certified nonuse payment from the district's State School Fund apportionment, the State Allocation Board shall certify that fact to the Controller. The Controller shall then cease to withhold any additional payments and shall return to the district from the State School Site Utilization Fund the payments, without interest, which had been withheld for the particular site during the prior fiscal year and the current fiscal year.

(b) If the school district begins to use or has sold the site more than two years after the aforesaid date, the State Allocation Board shall so certify to the Controller and no further payments shall be withheld as specified in Section 17222.

EC Section 17224. Any funds in the State School Site Utilization Fund, including interest, that are not subject to return to a school district pursuant to Section 17223 shall revert to the Deferred Maintenance Fund.

WAIVERS OF THE SUBSTANTIAL ENROLLMENT REQUIREMENT

PURPOSE OF REPORT

To present a request to waive the substantial enrollment requirement and subsequent increase in district building capacity under the School Facility Program (SFP).

DESCRIPTION

The school district listed on the Attachment has been reviewed by the State Allocation Board (Board) Waiver and Review Committee (Committee) and found to meet the requirements of the Board to receive a waiver from the adjustment to the existing school building capacity. The policy basis for each waiver is contained in the “waiver code” on the Attachment. The Committee recommends approval of the waiver request.

AUTHORITY

Education Code Section 17017.7(c)

(c) “Substantial enrollment,” for the purposes of this section, means enrollment of at least 30 percent of district pupils in kindergarten and grades 1 to 6, inclusive, or 40 percent of pupils in kindergarten and grades 1 to 12, inclusive, in the high school attendance area for which the school district is applying for new facilities. The calculation set forth in this subdivision, as to a self-certifying district, shall be made by the district, in accordance with any standards governing that calculation that are adopted by the board. The calculation shall be certified by the district to the board and used by the board for the purposes of this section. The self-certifying district shall maintain documentation of the calculation as may be required by the board, and the calculation shall be subject to subsequent audit as the board may direct. If a self-certifying district is found by the board to have materially misrepresented its pupil enrollment pursuant to this subdivision, the board may impose either or both of the penalties set forth in paragraphs (1) and (2) of subdivision (b) of Section 17041.2, in accordance with that section.

SFP Regulation Section 1859.35. Calculation of Existing School Building Capacity.

The district’s existing school building capacity shall be determined by totaling the amount calculated in (a) and (b).

(a) With the exception of classrooms for Special Day Class pupils for which the multiplier is indicated on the Form SAB 50-02, multiply the number of available classrooms in the district, the HSAA or the Super HSAA by the following: 25 for each K-6 classroom and 27 for each 7-12 classroom. Available classrooms shall be determined by the reduction of classrooms identified in Section 1859.32 from the gross classroom inventory prepared pursuant to Section 1859.31 and the inclusion of portable classrooms as provided pursuant to Education Code Section 17071.30 (a) or (b).

- (b) Multiply the K-6 pupil capacity of the elementary district, the unified district, the HSAA or the Super HSAA in a unified district as determined by the results of the calculations in (a) at the time of the initial determination of eligibility by six percent. **When the elementary or unified district meets the Substantial Enrollment Requirement (SER) or qualifies for a waiver of the SER authorized by Education Code Sections 17017.6 and 17017.7(c), the amount reported in (b) shall be zero.** For High School Districts, the amount reported in (b) shall be zero.

BACKGROUND

The SFP requires that the existing school building capacity of a district be adjusted using the Board's priority one requirements for funding as those requirements existed under the Lease-Purchase Program. The relevant priority one requirement at that time was that a district has thirty-percent of their K-6 enrollment attending schools operating on a year-round calendar or accepts an increase in capacity equal to six percent of the district's K-6 students. Districts that did not meet the Multi-Track Year-Round Education (MTYRE) requirement could request a waiver of the reduction if they could demonstrate that certain financial or educational hardships existed that prevented the district from operating MTYRE programs.

As the district capacity increases, the net eligibility available in the SFP decreases.

STAFF ANALYSIS/STATEMENTS

The Board's Committee is comprised of the Field Representative of the California Department of Education's School Facilities and Transportation Services division. The Committee has reviewed the district's request and recommends the Board approve the request.

RECOMMENDATION

Approve the request as shown on the Attachment.

B. The original bond allocation of \$29 million augmented by \$21 million from Prior Bond Funds to Joint Use at the 06/27/07 SAB meeting and \$7.5 million at the 7/23/08 SAB meeting pursuant to Assembly Bill 127, Chapter 35, Statutes of 2006 (Perata/Nunez).

C. The original bond allocation of \$4,960,000,000 augmented by \$5,831,911 from Prior Bonds at the 10/6/2010 SAB meeting.

D. It includes the transfer of Critically Overcrowded School Facilities Program Funds to New Construction (transfers in Prop. 55 includes: \$268.8 million approved at the 1/25/2006 SAB meeting, \$318.3 million approved at the 9/23/2009 SAB meeting, \$225 million approved at the 8/4/2010 SAB meeting, \$211.7 million approved at the 12/15/2010 SAB meeting, \$145 million at the 4/25/2012 SAB meeting, \$30.4 million after the 3/20/2013 SAB meeting, and \$32,297 after the 3/26/2014 SAB meeting per SFP Regulation Sections 1859.154 (c)).

E. Original bond allocation of \$50,000,000 augmented by \$15,547,233 from the State School Building Aid Fund at the 2/28/2007 SAB meeting and by \$1,232,224 from Prior Bonds at the 10/6/2010 SAB meeting.

F. Total authority is not available at this time due to outstanding accounts receivable. Proposition 1D \$24,497 for New Construction and \$95,358 for Charter School. Proposition 55 \$1,461,909 for New Construction and \$288,232 for Charter School.

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, December 3, 2024

SCHOOL DISTRICT APPEAL REQUEST

School District: Lompoc Unified
Application Numbers: 54/69229-00-001
57/69229-00-017
Total District Enrollment (2023/2024): 9,413

County: Santa Barbara
School Name: Manzanita Public Charter
Project Grade Levels: K-6
Financial Hardship: No

PURPOSE OF REPORT

To present the District’s request for State Allocation Board (Board) approval for accelerated processing, Apportionment, and 18 months to request the release of funds to benefit its school on a military installation for the following projects:

School District	County	Applicant School Site/s	Beneficiary School Site	Military Installation	Application Number/s
Lompoc USD	Santa Barbara	Manzanita Public Charter	Manzanita Public Charter	Vandenberg Space Force Base	54/69229-00-001
Lompoc USD	Santa Barbara	Manzanita Public Charter	Manzanita Public Charter	Vandenberg Space Force Base	57/69229-00-017

DESCRIPTION

Since 2012, the Office of Public School Construction (OPSC) has actively worked with school districts throughout California to obtain funding from the Board to provide the local match towards federally funded school construction and modernization projects on military installations.

The District in this appeal is nearing completion of the proposal and award for the construction phase of its project on a military installation.

The Board’s approval of the District’s request would provide approximately \$7.9 million in state funding (approximately \$1 million in newly approved state Modernization funding, and an extended time limit on fund release for approximately \$6.9 million previously apportioned at the September 25, 2024 Board meeting) that will be used towards the District’s local match in obtaining approximately \$42.5 million in federal funding.

AUTHORITY

See Attachment A.

BACKGROUND

Public Schools on Military Installations Program

In 2010, the Department of Defense (DOD) established the Public Schools on Military Installations (PSMI) grant program to administer a federal appropriation designated for the construction, renovation, repair, or expansion of elementary and secondary public schools on military installations to address capacity needs or facility condition deficiencies.

The DOD assessed the condition and capacity of public schools on military installations as part of the PSMI grant program. Based on the findings of the physical assessment, the DOD developed a priority list of public schools on military installations with the most serious condition and/or capacity deficiencies, which receive priority consideration under the PSMI. The PSMI program provides federal reimbursement of up to 80 percent of project costs to school districts, provided the school district matches federal funding with 20 percent of the project cost.

At the April 2012 meeting, the Board established the Department of Defense Subcommittee. The purpose of the Board's subcommittee was to consider funding options to assist all California school districts with DOD schools in meeting their 20-percent matching share requirement. At the June 2012 DOD subcommittee meeting, OPSC presented an analysis of the potential School Facility Program (SFP) funding options that school districts could pursue to meet the 20-percent match requirement. The recommendations of the subcommittee were presented to the Board at the August 2012 meeting. These recommendations included consideration of SFP Regulation changes for DOD projects to provide preliminary Apportionments and recommending to the Legislature that future bond funds be made available specifically for DOD schools. In considering the recommendations, the Board elected to recommend that the State Legislature provide funding for military base schools in California in the next bond proposal to cover the total need for these types of projects.

In 2018, the DOD continued an ongoing assessment of the condition and capacity of schools on military installations. Based on the findings of the physical assessment, the DOD developed an updated priority list. As federal funds have been appropriated for the PSMI, the Office of Local Defense Community Cooperation (OLDCC), which administers the grant funds, has invited the school districts in this appeal to participate in the PSMI grant program. These schools are now considered among the highest priority PSMI sites in the nation.

School districts must submit verification to the OLDCC that local matching funds are available to leverage and receive final approval for federal funding. As in the past, the SFP funding for this District is a significant supporting component of the District's proposal to access this federal funding opportunity.

BACKGROUND (cont.)

Status of the Project

The District is requesting expedited processing and an Apportionment for a Modernization project at Manzanita Public Charter School. The District is also requesting an Apportionment outside the Priority Funding process for a Charter School Facilities Program project at Manzanita Public Charter School that was approved for a Priority Funding Apportionment at the September 25, 2024 Board meeting. For both projects, the District is requesting the Board approve the Apportionments under the broad authority outlined in Education Code Section 17076.10(d) and the emergency regulations approved by the Board at the September 25, 2024 meeting, which provide up to 18 months to submit the *Fund Release Authorization* (Form SAB 50-05). The extended timeline is necessary to align with the federal approval of the District's construction funding, which is anticipated in the first quarter of 2025.

Approval of the appeal request will allow the District to commit the funding towards its local match for the PSMI project at Manzanita Public Charter School on Vandenberg Space Force Base in Lompoc, CA.

The PSMI project will modernize classroom and administrative spaces, modernize and expand the campus' Kitchen-Multipurpose Room buildings, construct three new buildings, and include campuswide site improvements.

STAFF ANALYSIS/STATEMENTS

District's Position

In the *School District Appeal Request* (Form SAB 189) summarized in this appeal item, the school district requests expedited processing and Apportionments to assist with providing the local match towards a PSMI project.

The full text of the District's request is included as Attachment B.

Staff's Position

Past Precedent

Since 2012, staff and the Board have provided support to school districts invited to participate in the PSMI program. To date, Board approvals have provided approximately \$103.8 million in state funding for 26 projects on 15 school sites, which will lead to approximately \$701.6 million in federal funding for these projects across the state. This includes the Board's most recent approval for expedited processing and Apportionments for seven projects at the September 2024 meeting.

Previous Board support for PSMI projects has been in the form of expedited processing, financial hardship approvals under "other evidence," and expedited Apportionments.

STAFF ANALYSIS/STATEMENTS (cont.)

Status of Funds and Adjusted Grant Application for Funding

Approval of this appeal request would expedite processing and Apportionments for two SFP projects to fund the local match for the District's PSMI project. Expediting processing and the Apportionment for the Modernization project would accelerate the funding ahead of other projects already received, but also facilitates the future receipt of nearly \$42.5 million in federal funding.

With the passage of Proposition 2 in November 2024, \$7.3 billion in new bond authority is available for New Construction and Modernization projects, as well as \$600 million for Charter School Facilities Program projects. Through October 31, 2024, OPSC has received \$4.9 billion in funding requests for New Construction and Modernization. A new CSFP filing round is not scheduled until May 2025. While the CSFP is a competitive program and the District was successful in prior funding rounds, it is unknown if the District's application would be funded in a future filing round.

Apportionment and Time Limit on Fund Release

As part of its appeal, Lompoc USD has requested that the Board approve an Apportionment under the authority of Education Code Section 17076.10(d) and SFP Regulation Section 1859.90, which allow up to 18 months to submit the Form SAB 50-05. The District indicates that the extended timeline is necessary to align the SFP funding timelines with the PSMI construction deadlines.

Under SFP regulations, direct Apportionments made outside of the Priority Funding process have 180 calendar days to submit the Grant Agreement and valid *Fund Release Authorization* (Form SAB 50-05), or 365 days for districts receiving Financial Hardship assistance. Districts that do not meet these requirements within the specified time limit on fund release have their projects rescinded without further Board action. However, SFP Regulation Section 1859.90 was amended by the Board at the September 25, 2024 meeting to provide flexibility to the Board for projects pertaining to a school facility on a military installation that is the recipient of a federal grant that requires a local matching share, and this regulatory change became effective on November 1, 2024.

The District is also requesting the rescission of its Priority Funding Apportionment from the September 25, 2024 Board meeting and approval of an Apportionment outside the Priority Funding process for the CSFP project at Manzanita Public Charter School. The District indicates that it cannot meet the deadline for the time limit on fund release for the existing Priority Funding Apportionment, for which the District would be required to submit a Grant Agreement and valid Form SAB 50-05 by December 24, 2024. Therefore, the District requests that this Apportionment be rescinded and that the Board approves an Apportionment outside the Priority Funding process for this project, along with an 18-month time limit on fund release. The extended timeline is necessary to align with the federal approval of the District's construction funding, which is anticipated in the first quarter of 2025.

STAFF ANALYSIS/STATEMENTS (cont.)

Conclusion

Due to the unique circumstances associated with the extended timeframe necessary for the District to provide DOD with proof of matching funds, staff supports the District's request for approval of expedited processing and Apportionments.

Approval of the appeal would commit funding to the projects and would assist the District in meeting its matching obligation for the DOD project. Approval of the appeal would also be consistent with the Board's longstanding support for projects on military installations. To date, prior Board approvals for financial hardship status under "other evidence" criteria, use of funding at alternate locations, and outside the Priority Funding process, have provided approximately \$103.8 million in state funding for 26 projects on 15 school sites, which will lead to approximately \$701.6 million in federal funding across the state.

RECOMMENDATIONS

1. Approve rescission of the Priority Funding Apportionment for the District's SFP Charter School Facilities Program project and provide an Apportionment as shown on Attachment C.
2. Approve the District's request for expedited processing and Apportionment for the SFP Modernization project as shown on Attachment D.
3. Allow up to 18 months for submittal of the Grant Agreement and a valid *Fund Release Authorization* (Form SAB 50-05) for these projects pertaining to a school facility on a military installation that is the recipient of a federal grant that requires a local matching share, as provided for in SFP Regulation Section 1859.90.

This Item was approved by the State Allocation Board on December 3, 2024.

ATTACHMENT A

AUTHORITY

Education Code (EC) Section 17070.35: General Provisions

(a) In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter. However, the board shall have no authority to set the level of the fees of any architect, structural engineer, or other design professional on any project. The initial regulations adopted pursuant to this chapter shall be adopted as emergency regulations, and the circumstances related to the initial adoption are hereby deemed to constitute an emergency for this purpose. The initial regulations adopted pursuant to this chapter shall be adopted by November 4, 1998. If the initial regulations are not adopted by that date, the board shall report to the Legislature by that date, explaining the reasons for the delay.

(2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary.

(3) Determine the eligibility of school districts to receive apportionments under this chapter.

(4) Apportion funds to eligible school districts under this chapter.

(b) The board shall review and amend its regulations as necessary to adjust its administration of this chapter to conform with the act that amended this section to add this subdivision. Regulations adopted pursuant to this subdivision shall be adopted by November 5, 2002, and shall be adopted as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The adoption of any emergency regulation pursuant to this subdivision filed with the Office of Administrative Law shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, any emergency regulation adopted pursuant to this section shall remain in effect for no more than 365 days unless the board has complied with Sections 11346.2 to 11348, inclusive, of the Government Code.

EC Section 17076.10: Program Accountability

(a) A school district that receives any funds pursuant to this chapter shall submit a summary report of expenditure of state funds and of school district matching funds annually until all state funds and school district matching funds are expended, and shall then submit a final report to the board. The board may require an audit of these reports or other school district records to ensure that all funds received pursuant to this chapter are expended in accordance with program requirements.

(b) If the board finds that a participating school district has not made substantial progress towards increasing its pupil capacity or modernizing its facilities within 18 months of receiving any funding pursuant to this chapter, the board shall rescind the apportionment in an amount equal to the unexpended funds.

ATTACHMENT A

- (c) (1) If the board, after the review of expenditures or audit has been conducted pursuant to subdivision (a), determines that a school district failed to expend funds in accordance with this chapter, the department shall notify the school district of the amount that must be repaid to the 1998 State School Facilities Fund, the 2002 State School Facilities Fund, the 2004 State School Facilities Fund, the 2006 State School Facilities Fund, or the 2016 State School Facilities Fund, as the case may be, within 60 days. If the school district fails to make the required payment within 60 days, the department shall notify the Controller and the school district in writing, and the Controller shall deduct an amount equal to the amount to be repaid by the school district under this subdivision, from the school district's next principal apportionment or apportionments of state funds to the school district, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution. Any amounts obtained by the Controller shall be deposited into the 1998 State School Facilities Fund, the 2002 State School Facilities Fund, the 2004 State School Facilities Fund, the 2006 State School Facilities Fund, or the 2016 State School Facilities Fund, as appropriate.
- (2) Notwithstanding paragraph (1), if the board determines that repayment of the full liability within 60 days after the board action would constitute a severe financial hardship, as defined by the board, for the school district, the board shall approve a plan of equal annual payments over a period of up to 20 years. The plan shall include interest on each year's outstanding balance at the rate earned on the state's Pooled Money Investment Account during that year. The Controller shall withhold amounts, other than basic aid apportionments required by Section 6 of Article IX of the California Constitution, pursuant to the plan.
- (d) If a school district receives an apportionment, but has not met the criteria to have funds released pursuant to Section 17072.32 or 17074.15 within a period established by the board, but not to exceed 18 months, the board shall rescind the apportionment and deny the district's application.

SFP Regulation Section 1859.90: Fund Release Process

- (a) With the exception of an Apportionment made pursuant to Sections 1859.81.1(e) or 1859.81.2, Apportionments provided through the Priority Funding Process and subject to 1859.90.2, the OPSC will release State funds that the Board has apportioned to the district after submittal, by the district, of the Form SAB 50-05 and a Grant Agreement, pursuant to Section 1859.90.4.
- (b) With the exception of Apportionments described in paragraphs (1) and (2) of subsection (c), a district must submit the Form SAB 50-05 and Grant Agreement, within 180 calendar days of the Apportionment of the SFP grant for the project or within 365 calendar days for Apportionments that include financial hardship assistance. If the district does not submit the Form SAB 50-05 and Grant Agreement within the above specified time, the entire New Construction Adjusted Grant, or Modernization Adjusted Grant or Type I or II, part of a qualifying SFP Modernization project, or Joint-Use Project Apportionment shall be rescinded without further Board action, and the pupils housed in the project, if applicable, will be added back to the district's baseline eligibility. The district may refile a new Application for the project subject to district eligibility and available State funds at the time of resubmittal.

ATTACHMENT A

(c)(1) Notwithstanding subsection (b), if an Apportionment is made for an Application pertaining to a school facility located on a military installation that is the recipient of a federal grant that requires a local matching share, the Board may require the district to submit the Form SAB 50-05 and Grant Agreement within a determined time period, not to exceed 18 months of the Apportionment of the SFP grant for the project. If the district does not submit the Form SAB 50-05 and Grant Agreement within the above specified time, the entire Apportionment shall be rescinded without further Board action, and the pupils housed in the project, if applicable, will be added back to the district's baseline eligibility. The district may refile a new Application for the project subject to district eligibility and available State funds at the time of resubmittal.

(2) Notwithstanding subsection (b), if the Apportionment was made for a Type II Joint-Use Project, not part of a qualifying SFP Modernization project, pursuant to Article 12 of these Regulations, the district must submit the Form SAB 50-05 and a Grant Agreement within 18 months of the date the plans and specifications for the Joint-Use Project that have been approved by the DSA and the CDE are submitted to the OPSC or the Apportionment shall be rescinded without further Board action.

(d) OPSC will release State funds that have been apportioned by the Board pursuant to Section 1859.81.1(e) to the district within 30 calendar days of the following, whichever occurs last: an Apportionment or upon submittal by the district of a Grant Agreement pursuant to Section 1859.90.4. Submittal of the Grant Agreement must occur within 365 days of the Apportionment. If the district received an Apportionment pursuant to 1859.90.2, the Grant Agreement must be submitted within the specified time period in 1859.90.2.

SFP Regulation Section 1859.90.2: Priority Funding Process

The priority funding process allows the Board to distribute available funds to districts or charter schools that request, pursuant to (a) or (b) below, as applicable, an Apportionment or an advance release of funds from a Preliminary Apportionment or Preliminary Charter School Apportionment, during specific 30-calendar day filing periods beginning with July 27, 2011 and continuing with the 2nd Wednesday of January and the 2nd Wednesday of July of 2012. Requests submitted during the filing periods described above are valid until the next filing period begins. The specific 30-calendar day filing periods subsequent to 2012 begin with January 9, 2013 and continue with the 2nd Wednesday of May and the 2nd Wednesday of November, each calendar year. Requests submitted during the filing period beginning with January 9, 2013 are valid until June 30, 2013. Requests submitted during a filing period beginning with the 2nd Wednesday of May are valid from July 1 until December 31 of that year. Requests submitted during a filing period beginning with the 2nd Wednesday in November are valid from January 1 until June 30 of the following year. Requests must be physically received by the OPSC by the 30th calendar day of each filing period to be considered valid.

(a) In order to be considered for an Apportionment, approved advance release of design funds from a Preliminary Charter School Apportionment, or approved advance release of environmental hardship site acquisition funds from a Preliminary Apportionment, the district or charter school must provide a priority

ATTACHMENT A

funding request in the form of a written statement signed by an authorized representative that includes each of the project Application numbers, and the type of Apportionment request (e.g., Apportionment, separate Apportionment for design or site acquisition), within the 30-calendar day filing period, and shall contain the following:

- (1) Statement that the request is to convert the unfunded approval to an Apportionment or to receive an approved advance release of funds; and
 - (2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of Apportionment or approved advance release of funds request, except for a Career Technical Education Facilities Project in (a)(5), and that failure to do so will result in the rescission of the Apportionment or approved advance release of funds request without further Board action; and
 - (3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(2); and
 - (4) Acknowledgement that, if the district submits the Form SAB 50-05 on or after July 1, 2013 and is required to submit an LCP third party report, pursuant to Section 1859.97(b), the report will be submitted to the OPSC and the DIR at least 60 days prior to submitting the Form SAB 50-05; and
 - (5) For those receiving an Apportionment, acknowledgement that by participating in the priority funding process, the district or charter school is waiving its right to the timeline for fund release submittal described in Section 1859.90.
 - (6) For a Career Technical Education Facilities Project that was granted an unfunded approval without the required CDE plan approval and/or required DSA-approved plans and specifications, the applicant's request must include:
 - (A) Acknowledgement that the applicant must submit the required approval(s) to the OPSC within 12 months from the date of the Apportionment. If the required submittal(s) is not received within 12 months, the Apportionment shall be rescinded without further Board action pursuant to Section 1859.197(c)(1); and
 - (B) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 90 calendar days of the submittal described in (6)(A) and that failure to do so will result in the rescission of the Apportionment without further Board action; and
 - (C) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (a)(6)(B).
- (b) In order to be considered for an approved advance release of site acquisition funds from a Preliminary Charter School Apportionment, the district or charter school must provide a priority funding request in the form of a written statement signed by an authorized representative within the 30-calendar day filing period, and shall contain all of the following:
- (1) Statement that the request is to convert the advance release of funds to an approved advance release of funds request; and,
 - (2) Acknowledgement that a valid, original signature Form SAB 50-05 must be submitted and physically received by the OPSC within 180 calendar days of the approved advance release of funds request and that failure to do so will result in the rescission of the approved advance release of funds request without further Board action; and

ATTACHMENT A

(3) Acknowledgement that a Grant Agreement must be submitted pursuant to Section 1859.90.4 and physically received by the OPSC prior to, or concurrently with, the Form SAB 50-05 referenced in (b)(2); and

(4) Acknowledgement that it must provide evidence that it has entered into the Charter School Agreements within 90 calendar days of approval of the advance release of funds request and that failure to do so will result in the rescission of the approval without further Board action.

(c) If a district or charter school receives an Apportionment or approved advance release of funds request through the priority funding process, the OPSC must receive a valid, original signature copy of the Form SAB 50-05 within the specified time period, pursuant to (a)(2), (a)(6) or (b)(2), as applicable, and a Grant Agreement, pursuant to (a)(3),(a)(6)(C), or (b)(3), as applicable. Upon submittal of the original signature copy of the Form SAB 50-05, if OPSC determines that the Form SAB 50-05 is not valid, the district will have ten business days to amend the Form SAB 50-05 in order to make the Form SAB 50-05 valid. If the OPSC does not receive a valid, original signature copy of the Form SAB 50-05 within the time period:

(1) The priority funding Apportionment or approved advance release of funds request shall be rescinded without further Board action, and

(2) If the Application is not subject to rescission pursuant to Section 1859.90.3(c) as defined in Section 1859.90.3(d), the Application shall return to the Unfunded List (Lack of AB 55 Loans) with a new unfunded approval date that is 90 calendar days from the date of Apportionment or approval of the advance release of funds request.

(d) In the event that the amount of requests received during a specific 30-calendar day filing period exceeds the funds available, the Board shall apportion based on the unfunded approval date and the Application received date up to the available cash from each bond source. Projects that have requested to participate in the priority funding process for which an Apportionment cannot be provided shall retain their date order position on the Unfunded List (Lack of AB 55 Loans). Requests not converted to Apportionments will not be returned to the district or kept by the OPSC.

(e) In the event that unexpected cash proceeds from sources other than bond funds become available for use for priority funding Apportionments, at a public meeting the Board may, based on considerations relevant to the amount of time available to effect a distribution of funds, waive the 30-calendar day filing provision specified in this section for impacted school districts to provide funds more rapidly.

(1) OPSC shall identify and invite impacted school districts to submit a priority funding request that meets all other criteria in (a) above.

(2) Requests submitted under this provision shall be valid from the date the priority funding request is submitted until the end of the regularly scheduled filing period specified above.

(3) Requests submitted under this provision must comply with all other requirements of the priority funding process in this Section and Section 1859.90.3.

(4) Districts may decline to submit a request outside the normal 30-calendar day filing period without consequence. If the option to submit a request is declined, the requirements to participate in the standard 30-calendar day filing periods specified in (a) above remain in effect.

ATTACHMENT A

(5) Unexpected cash proceeds from sources other than bond funds include, but are not limited to, the \$250 million appropriated from the General Fund to the 2016 State School Facilities Fund as a result of the enactment of Statutes of 2021, Chapter 44, Section 163 (Assembly Bill 130).

(f) For purposes of this section “rescinded” or “rescission” shall mean that the Apportionment or approved advance release of funds request returns to unfunded approval status with a new unfunded approval date, except for (a)(5)(A). The new unfunded approval date will be 90 calendar days from the Apportionment date. The district or charter school will not be required to re-submit the Application and no further Application review will be required.

SFP Regulation Section 1859.90.3: Participation in the Priority Funding Process

This section applies to Applications for funding for new construction, modernization, Overcrowding Relief Grant, Career Technical Education Facilities Program, Facility Hardship pursuant to Sections 1859.82.1 and 1859.82.2, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment.

(a) For each Application on the Unfunded List (Lack of AB 55 Loans) for new construction, modernization, Facility Hardship pursuant to Sections 1859.82.1 or 1859.82.2, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [March 25, 2013]. For each Application on the Unfunded List (Lack of AB 55 Loans) for Overcrowding Relief Grant, Career Technical Education Facilities Program, and Charter School Facilities Program, excluding advance release of design and/or site acquisition funds from a Preliminary Charter School Apportionment, the occurrences of (1) or (2) below shall be limited after the effective date of this regulation section [October 1, 2014]:

(1) The district abstains from participating in a priority funding 30-calendar day filing period described in Section 1859.90.2 for the Application on the Unfunded List (Lack of AB 55 Loans).

(2) The Application receives a priority funding Apportionment pursuant to Section 1859.90.2(a), and the district fails to meet the fund release requirements pursuant to Section 1859.90.2(c).

(b) The first occurrence of (a)(1) or (a)(2) shall result in the following, as applicable:

(1) If (a)(1) occurs, the Application shall retain its place on the Unfunded List (Lack of AB 55 Loans).

(2) If (a)(2) occurs, the priority funding Apportionment shall be rescinded and the Application shall be returned to the Unfunded List (Lack of AB 55 Loans) pursuant to Section 1859.90.2(c)(2).

(c) If subsection (b) has occurred, a subsequent occurrence of either (a)(1) or (a)(2) shall result in the rescission of the Application’s Apportionment and/or unfunded approval, as applicable, and the removal of the Application from the Unfunded List (Lack of AB 55 Loans) without further Board action. The Application shall be returned to the applicant.

(d) For purposes of subsection (c), “rescinded” or “rescission” of an unfunded approval shall mean that the bond authority associated with the Apportionment or unfunded approval, as applicable, returns to the appropriate School Facility Program bond authority source for reallocation. If applicable, the pupils housed in

ATTACHMENT A

the project will be added back to the district's baseline eligibility pursuant to Sections 1859.51(d) for new construction or 1859.61(d) for modernization.

SFP Regulation Section 1859.90.5: Local Bond Reimbursement Fund Releases

When a school district uses local bond funds to make eligible project expenditures authorized in the Leroy F. Greene Act and state school bonds funds are made available to reimburse the state's share of those eligible project expenditures, the reimbursement funds shall be used as follows:

- (a) Toward retiring the local bonds; and/or
- (b) Toward uses permitted by the local bond, or
- (c) For any high priority capital outlay expenditure in the district as permitted in Education Code Section 17070.63(c).

The use of the reimbursement funds in accordance with this section shall be subject to oversight by the applicable county office of education pursuant to Education Code Section 1240.

School District Lompoc Unified School District	Application Number 54/69229-00-001
School Name Manzanita Public Charter School	County Santa Barbara
District Representative Douglas Sorum	E-mail Address sorum.douglas@lusd.org

Purpose of Request:

1. Request for apportionment of construction grant under the SFP's 18-month funding timeline to be under contract for at least 50% of funds, in lieu of the 90-day priority funding timeline.
2. Request expedited review/processing and apportionment of Modernization application for the Kitchen/MPR project (OPSC application TBD) and that the apportionment of construction grant be placed under the SFP's 18-month funding timeline to be under contract for at least 50% of funds, in lieu of the 90-day priority funding timeline.

Basis of Request:

- Law (Statute) Education Code (EC) Section 17076.10(d)
- Regulation _____
- Other (specify) _____

Description:

This Application (Classroom/Admin Modernization, PTN 69229-99) is one of three elements in a Public Schools on Military Installations (PSMI) federal grant project. The second element PTN 69229-100) is a modernization and expansion of the campus' Kitchen-MPR building, and the third element is comprised of (3) new buildings and other site improvements. The third element creates sufficient new square footage to be used temporarily as swing space for the two modernization elements.

Allowing this application the 18-month funding timeline in lieu of the 90-day priority funding will allow sufficient time for the two other project elements to be completed, approved by DSA, and all three elements bid and awarded as a single package, as required by the PSMI program. The current project schedule is targeting late March 2025 for contract award.

Please see supporting documents, Attachments 1-4.

Signature of Authorized District Representative 	Date 5/31/24
---------------------------------------------------------------------------------------------------------------------------------------	-----------------

General Overview

Lompoc Unified School District was invited to apply for a grant under the Public Schools on Military Installation (PSMI) in April 2020. This invitation was in response to the Facility Condition Assessment report completed for schools on installations and recognized in the Department of Defense's 2018 PSMI Prioritized List (Attachment #2). The Office of Local Defense Community Cooperation (OLDCC) prioritizes schools with the most severe capacity or facility condition deficiencies. The Manzanita site was rated Q-4, the most severe (worst) rating and was placed in the highest-ranking band for the program's funding.

The Manzanita site serves the Lompoc community at large as a K-6 school of choice. It specifically serves Vandenberg Space Force Base families and their children, which currently comprises 34% of Manzanita's enrollment.

The District applied for and was subsequently awarded a design grant under the PSMI program with a design grant allocation of \$2,754,800 from the Office of Local Defense Community Cooperation (OLDCC) (Exhibit #2). The PSMI federal grant program represents a critical funding stream for the Manzanita project recognized by OLDCC supported by the District. A distinctive feature of the PSMI program is its requirement for a 20% local or state match contribution from participating school districts. This requirement emphasizes the importance of local and state commitment to improving educational facilities for military-connected students. While federal funding provides a significant portion of the resources needed for these projects, the local or state match ensures a shared investment as the program requires.

Thus, the basis for this appeal request is secure the state funding with a timeline that allows the entirety of the PSMI project to proceed through design, DSA approval, and bidding/Board award.

District Background

Lompoc Unified School District is located in Lompoc, California, approximately 150 miles northwest of Los Angeles. The District is in Santa Barbara County along the Central Coast, which is also home to Vandenberg Space Force Base (VSFB). That installation supports a population of over 18,000 people, including military, family members, contractors, and civilian employees. The population of the entire Santa Barbara County is roughly 443,000. Space Launch Delta 30, Vandenberg's host unit, supports West Coast launch activities for the Air Force, Department of Defense, National Aeronautics and Space Administration, national programs, and various private industry contractors.

Lompoc Unified is comprised of eleven elementary schools including the sponsored Manzanita Public Charter School, as well as two middle schools, and three high schools. The District serves Transitional Kindergarten through Twelfth Grade and maintains an enrollment of approximately 9,200 students.

There are three federal facilities within the District. In addition to Manzanita, the District also operates Crestview Elementary School and Vandenberg Middle School on VSFB property; Crestview ES is located within the secure perimeter of the base, while the other two are just east of the main gate.

Site Background Information – Manzanita Public Charter School

Manzanita Public Charter School is a Transitional Kindergarten through Sixth grade campus serving approximately 450 students.

The campus was constructed as Los Padres Elementary School in 1966 in the midst of base housing to the east of VSFB's main gate. The east base housing was eventually removed in favor of creating VSFB housing within the secure perimeter of the base. With the elimination of adjacent housing, the Los Padres ES enrollment dropped significantly, and the District elected to close the school in 2007. LUSD granted Manzanita their charter status in early 2008 and the Manzanita Public Charter School began operating in August 2008 with an initial enrollment of 250 students.

Project Scope

The ultimate objective of this project is the renovation, modernization, and expansion of Manzanita Public Charter School, which is responsive to and complies with the latest Facility Condition Assessment Report issued on March 22, 2018. The Facility Condition Assessment Report rated Manzanita Elementary School as Condition Q-4 (red) and Capacity C-4 (red). The "Manzanita PSMI Modernization and Expansion Project" will include seven new classrooms, a new food preparation and service area, renovating the existing multipurpose room, renovating the existing classrooms and administration buildings, a new gymnasium building, a new library/info center, creation of a courtyard style TK-K play yard, and addressing and enhancing the general systems and infrastructure which have reached their end-of-life utilization.

Status to Date

In 2017, prior to the invitation to the PSMI program, Manzanita sought a small CSFP grant to address some minor facilities issues, including a small kitchen remodel, fencing, and painting improvements. OPSC Application #54/69229-00-002 was awarded at the January 24, 2018, SAB meeting in the amount of \$735,694.00, with Design Advance Funding of \$73,569.40 received in March 2019.

After the invitation to the PSMI program in April 2020 and the initial forecast of a much larger project to address all the Facilities Conditions Assessment Report deficiencies, Manzanita transferred the existing award to the District and assisted with expanding the CSFP grant to access the full modernization eligibility at the time, which would then serve as the primary funding source for the 20% non-federal match required by the PSMI program.

The initial CSFP grant triggered a deadline for the District to create the larger-scoped modernization plans, obtain CDE and DSA approval, and request expanded state funding no later than January 2023. Design funding from OPSC was released in December 2022, with an allocation of \$533,777 to the District for Advanced Design funding, and the District provided a local match of \$177,883.

The District secured the services of their primary architecture firm, Kruger Bensen Ziemer (KBZ) Architects, to assist with the PSMI project. In April 2022, a DSA pre-application meeting was held at the Los Angeles Regional office to review the proposed expanded modernization projects, and it was quickly identified that the Kitchen/MPR building would need to undergo a seismic retrofit as part of the project scope. In order to meet the January 2023 OSPC funding deadline, the Modernization was split into two projects: one for the more-intense Kitchen/MPR project (PTN 69559-100) that would require further analysis and study to include the seismic retrofit and would likely exceed the January 2023 deadline, and a second project (PTN 69559-99) that was the balance of the existing classroom and admin buildings for modernization that was approved by DSA on January 20, 2023. The new buildings and related sitework comprise the third element of the total project, and is currently in design development.

Progress milestones achieved:

Element One – Classroom/Admin Modernizations:

The first element has been fully designed and approved by CDE and DSA. The third-party cost estimate has been completed.

Element Two – Kitchen/MPR Modernization & Expansion:

The seismic retrofit has been fully designed and the project approved by CDE and DSA. The third-party cost estimate has been completed.

Element Three – New Buildings and Site Improvements

Schematic design has been completed with a third-party cost estimate. With this third estimate, it allowed the first look at the overall project budget.

Budget Review and Optimization:

The District, design team, and stakeholders have held several meetings regarding exceeding the initially forecast budget. Discussions were held regarding educational priorities for Manzanita and evaluations of any scope creep beyond improvements related to the Facilities Conditions Assessment report. The overall project has been reduced to address the highest priorities and needed replacements, and at the same time Manzanita and LUSD have agreed to increase their funding match commitment to increase the overall project budget needed to construct the priority and necessary improvements.

Engagement with Regulatory Agencies:

Constructing and modernizing school facilities on a military base requires significant consultation with installation staff and ongoing conversations with the Federal Team (OLDCC) to ensure

compliance with Federal Standards. The District has held monthly meetings with OLDCC and VSFB representatives in addition to the design team, OPSC, and other stakeholders. Engagements with regulatory bodies, including VSFB's Civil Engineer Squadron and the OLDCC federal compliance team have provided valuable insights and guidance to ensure compliance and facilitate approval processes. Recently, the District's consultant has completed the Cultural Resources Report necessary for the NEPA clearance, which is expected to be received this summer.

Following the budget alignment exercise, the District's design team has been engaged in the redesign and completion of the 60% documentation milestone scheduled for mid-August with another third-party cost estimate to follow. The construction design documents are scheduled for submission to DSA no later than October 31, 2024.

Concluding Comment

In conclusion, the District is seeking to expedite review of the Kitchen/MPR project and allow both the Classroom/Admin project and the Kitchen/MPR project an apportionment under SFP's 18-month timeline due to the critical importance of securing funding for the renovation, modernization, and expansion of Manzanita Public Charter School. The funding and extended timeframe to get under contract will allow the full PSMI project to be realized. This project aligns with the priorities set forth by OLDCC and addresses significant functional and facility condition deficiencies identified in the Facility Condition Assessment Report. The PSMI Construction Grant under consideration amounts to approximately \$42.5 million, which would not otherwise be accessible to District without state funding that would be applied to the required \$10.6 million match. This project emphasizes the shared commitment to improving educational facilities for military-connected students, and leverages state funding to the greatest benefit of the students, families, and community served by Lompoc Unified School District.

 (Approved by the Deputy Secretary of Defense on April 15, 2019)

FY 2018 RANKING	FY 2018 RANKING BAND (NOTE 6)	STATE	SERVICE	INSTALLATION	SCHOOL NAME	2018 CONDITION			2018 CAPACITY				
						Q-RATING (Current)	CONDITION INDEX (CI %)	CONDITION STATUS	C-RATING (Current)	% OVER CAPACITY	CAPACITY STATUS	CURRENT ENROLLMENT	CALCULATED CAPACITY (DoDEA)
NA	NA	CALIFORNIA	Air Force	Vandenberg Air Force Base	Maple High School	Q-4	44.26	Note 1	C-1	0%	Note 1	0	374
NA	NA	MARYLAND	Army	Fort George G. Meade	Manor View Elementary School	N/A	N/A	Note 2	N/A	N/A	Note 2	N/A	N/A
NA	NA	ARIZONA	Army	Fort Huachuca	Col Smith Middle School / School Closed	N/A	N/A	Note 1	N/A	N/A	Note 1	N/A	N/A
NA	NA	IDAHO	Air Force	Mountain Home Air Force Base	Stephensen Middle School / School Demolished	N/A	N/A	Note 3	N/A	N/A	Note 3	N/A	N/A

- Notes:
- 1) Closed; School is shuttered or no longer used for student instruction.
 - 2) Not Assessed; School was inaccessible due to construction activities in progress.
 - 3) Not Assessed; School demolished.

Condition Q-Ratings

- Q-1: 100 - 90 Good
 Q-2: 89 - 80 Fair
 Q-3: 79 - 60 Poor
 Q-4: 59 - 0 Failing

Capacity Percentage C-Ratings

- C-1: 0% or Under
 C-2: 1% - 15% over capacity
 C-3: 16% - 24% over capacity
 C-4: At least 25% over capacity

Band Ranking: Colors converted to numerical scores (Red = 3 points; Yellow = 2 points; Green = 1 point) and the bands were rank ordered based on combined score (higher score = higher priority). Bands with the same score were rank ordered first by prioritizing those bands with red in either criterion over those without red; then by giving priority to the condition grade over the capacity grade. Within each band, schools are listed in order of the numerical score (worst to best) of the priority criteria. For example, in band number one where condition is weighed slightly heavier than capacity, the schools are listed within the band in order of the condition numerical score. The nine bands are shown below in order of priority:

- Band 1 -Red Condition - Red Capacity (6 points)
- Band 2 -Red Condition - Yellow Capacity (5 points)
- Band 3 -Yellow Condition - Red Capacity (5 points)
- Band 4 -Red Condition - Green Capacity (4 points)
- Band 5 -Green Condition - Red Capacity (4 points)
- Band 6 -Yellow Condition - Yellow Capacity (4 points)
- Band 7 -Yellow Condition - Green Capacity (3 points)
- Band 8 - Green Condition - Yellow Capacity (3 points)
- Band 9 - Green Condition - Green Capacity (2 points)

KBZ job 21001

Updated 29 May 2024

MPCS Overall Project Schedule (2024) (latest updates in bold)

Completion Date

	Completion Date
Value Engineering/Budget Resolution Complete.....	4/17
Updated backgrounds from KBZ to Consultants.....	4/30
CDE Approval of Kitchen/MPR project.....	5/31
LUSD/KBZ to submit OPSC Appeal Letter(s).....	5/31
LUSD/KBZ to submit OPSC (SAB Form 50-04) Application for Kitchen/MPR.....	5/31
Cultural Resources Study Complete by Dudek (1 st draft completed 5/17).....	5/31
SHPO review of Cultural Resources Study.....	TBD (June?)
NEPA completed by VSFB.....	TBD (August?)
LUSD to submit Funding Request to OPSC.....	5/8 – 6/6
60% complete from Mechanical and Structural.....	7/26
60% complete from all other consultants.....	8/9
60% review comments published by KBZ.....	8/16
OPSC sends LUSD Appeal to SAB to switch to 18-month timeline & expedited processing of K-MPR.....	8/28
PSMI Construction Grant 1st Draft.....	9/6
KBZ to register project with DSA with 11/5 submittal date (10/31 upload target).....	9/17
OPSC requests funding Apportionment at SAB.....	9/25
95% (DSA Submittal) from Mechanical.....	10/18
95% (DSA Submittal) from all other consultants.....	10/25
DSA V1 submittal upload target (KBZ).....	10/31
PSMI Construction Grant 2nd Draft.....	11/6
KBZ revisions to Classroom/Admin & Kitchen/MPR projects to align with New Bldgs/Site.....	11/27
DSA V1 comments received (estimated).....	11/27
KBZ to initiate Final 3 rd Party Estimate for total project (all three DSA packages).....	12/2
DSA V2 corrections from all consultants (Studio responses & revised docs) (estimated).....	12/16
DSA V2 upload (KBZ) (estimated).....	12/18
DSA V2 comments received (estimated).....	12/27
Final 3 rd Party Estimate for total project (all three DSA packages).....	12/20
PSMI Construction Grant Submittal.....	12/31
DSA V3 upload / in-person backcheck (estimated).....	1/16/2025
DSA Approval/Ready to Bid.....	1/31/2025
KBZ compilation of (3) projects into master Bid Set.....	2/7/2025
Bid Period.....	2/10 – 4/8, 2025
PSMI Construction Grant Approval.....	March 2025
LUSD Board Award.....	March 2025
Deadline to be 50% under contract for Modernization scope (OPSC funding).....	March 25, 2026
LUSD to submit OPSC Fund Release Authorization (Form SAB 50-05).....	(?)

Existing Acres:	14.74			

STIPULATED TERMS & NEXT STEPS

Pursuant to the Board's action on December 3, 2024, the Applicant is required to submit a complete Fund Release Authorization (Form SAB 50-05) on or before June 3, 2026, otherwise, the apportionment will be rescinded without further Board action. The Board rescinded the prior Priority Funding Apportionment made at the September 25, 2024 meeting and reapportioned the project to provide 18 months to submit a valid Form SAB 50-05.

The Form SAB 50-05 must be signed by the designated Applicant Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. on June 3, 2026. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov. OPSC will continue to accept hard copy versions that are mailed or hand delivered to the Office of Public School Construction at 707 Third Street, 4th Floor, West Sacramento, CA 95605.

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement pursuant to School Facility Program Regulation Section 1859.90.4 for the project prior to or concurrent with a request for the release of funds.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

The Applicant previously received \$660,842.80 for advance design costs.

Modernization - Adjusted Grant Approval

APPLICANT DATA

Applicant:	Lompoc Unified	PTN:	69229 - 100
Application No:	57/69229-00-017	County:	Santa Barbara
School Name:	Manzanita Public Charter		

HISTORY OF PROJECT FUNDING

	Fund Code	Proposition	Previously Authorized	Authorized This Action	State Apportionment This Action
State Share					
Mod/Add. Grant	001-2324	GF	\$	\$ 1,042,560.00	\$ 1,042,560.00
Applicant Share					
District Contribution				695,040.00	
Total			\$ <u>0.00</u>	\$ <u>1,737,600.00</u>	\$ <u>1,042,560.00</u>
Funding Source:	General Funds FY 2023/2024				

APPLICATION DATA

Type of Project:	Elementary School	
Pupils Assigned Under 50 Yrs:	K-6:	0
Pupils Assigned Over 50 Yrs:	K-6:	91
Recommended Acres:		10.4
Existing Acres:		14.74

PROGRAM GRANT DATA

Accessibility Fire Grant	\$	22,774.00
Base Grant - Over 50Yr	\$	759,122.00
Fire Detection	\$	17,745.00
Small Size Project	\$	91,095.00
Utilities	\$	151,824.00
Total State Share (60%)		<u>1,042,560.00</u>
Applicant Share (40%)		695,040.00
Total Project Cost	\$	<u>1,737,600.00</u>

STIPULATED TERMS & NEXT STEPS

The Applicant shall ensure that it is in compliance with all applicable laws, regulations and certifications it made on the program forms.

The Applicant is required to submit a signed Grant Agreement for the project prior to or concurrent with a valid Fund Release Authorization (Form SAB 50-05). Failure to submit an executed Grant Agreement and valid Form SAB 50-05 prior to the deadline shall result in the Apportionment being rescinded without further board action.

The Applicant is responsible for ensuring that the project is compliant with Prevailing Wage Monitoring and/or Labor Compliance Program requirements at the time construction contracts are executed and/or construction commenced.

A valid Fund Release Authorization (Form SAB 50-05) must be signed by the designated District Representative and must be received by the Office of Public School Construction prior to 11:59 p.m. within 18 months (June 3, 2026) of SAB approval of the Apportionment for this project. The form may be submitted electronically via OPSC Online or via email to OPSCApplicationReviewTeam@dgs.ca.gov.

Action Items

REPORT OF THE EXECUTIVE OFFICER
State Allocation Board Meeting, December 3, 2024

PROPOSED BOARD POLICIES FOR INITIAL IMPLEMENTATION OF PROPOSITION 2
FOR THE SCHOOL FACILITY PROGRAM

PURPOSE OF REPORT

To present the State Allocation Board (Board) with policy recommendations for initial implementation of the Kindergarten through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024 (Proposition 2), which was approved by a majority of California's voters on November 5, 2024¹.

DESCRIPTION

On November 5, a majority of California's voters approved Proposition 2, which implements the provisions of Assembly Bill (AB) 247 (Muratsuchi, Chapter 81, Statutes of 2024). In part, Proposition 2 provides \$8.5 billion in proceeds from the sale of bonds for the construction and modernization of Transitional Kindergarten (TK) through Grade 12 school facilities.

Proposition 2 specifies that the \$8.5 billion is allocated to the School Facility Program (SFP) as follows:

- New Construction - \$3.3 billion
 - Up to 10 percent (\$330 million) shall be available to small school districts
- Modernization - \$4.0 billion
 - Up to 10 percent (\$400 million) shall be available to small school districts
 - Up to \$115 million shall be available to address the remediation of lead in water
- Charter School Facilities Program (CSFP) - \$600 million
- Career Technical Education Facilities Program (CTEFP) - \$600 million

Proposition 2 also makes numerous changes to the SFP, including:

- Requires submittal of a five-year school facilities master plan as a condition of participating in the SFP;
- Establishes a points-based methodology for calculating the local contribution a school district is required to make to be eligible to receive state funding;

¹ Subject to certification of the election results by the California Secretary of State by December 13, 2024.

- Requires school districts participating in the SFP New Construction or Modernization programs after November 5, 2024, to submit an updated report of the school district's existing school building capacity;
- Authorizes additional state funding for the replacement of school buildings that are at least 75 years old;
- Establishes several new supplemental grants and authorizes the Board to provide interim housing assistance following specified natural disasters;
- Provides specified assistance to school districts with a school facility on a military installation, small school districts, and for the testing and remediation of specified lead levels in water fountains and faucets used for drinking or preparing food on school sites; and
- Increases the maximum level of total bonding capacity allowable for a school district to be eligible for financial hardship assistance.

This item proposes to set Board policy on several aspects of Proposition 2 that need to be addressed immediately, until regulatory amendments are presented to the Board and approved by the Office of Administrative Law (OAL), to provide school districts and stakeholders necessary guidance for the continued submittal of applications for funding.

AUTHORITY

See Attachments A1 and A2.

BACKGROUND

Proposition 2 makes numerous changes to the SFP. These changes are applicable to all SFP applications received on or after October 31, 2024. Proposition 2 specifies that SFP applications received before October 31, 2024 will be processed to the Board in accordance with SFP statutes as they read on January 1, 2024.

Need for Immediate Action

Although it will take time for staff to process grandfathered applications received before October 31, 2024, staff has noted the need for early guidance from the Board to inform school districts who submitted applications on or after October 31, 2024, or who are currently planning to submit applications for funding. Staff has also determined the need for the Board to set some program parameters expeditiously so that Facility Hardship Program and Seismic Mitigation Program applications, which address imminent health and safety needs and receive expedited processing and funding under existing SFP regulations, are processed under Proposition 2 quickly and without delay.

Implementation Timing

This item is intended to seek Board guidance on the most critical components for initial implementation of Proposition 2 and it is not all-inclusive of all aspects of Proposition 2. Stakeholder input and feedback will be critical to inform implementation of many aspects of Proposition 2. This feedback is planned to occur beginning in early 2025 through a series of stakeholder meetings. Once stakeholders have had the opportunity to provide input and feedback, staff will present proposed recommended regulatory changes to the Board for consideration and approval. Attachment C presents estimated timelines for implementation of Proposition 2.

STAFF ANALYSIS/STATEMENTS

For purposes of the SFP, “school district” is defined as “a school district or a county office of education,” and hereafter the term “school district” in this item refers to this definition unless otherwise specified. This definition does not include charter school applicants that are eligible to apply for the Charter School Facility Program.

Proposition 2 defines “small school district” as “a school district with an enrollment of fewer than 2,501 pupils.”

Topic #1 – New Construction and Modernization Program Authority Set Asides

Proposition 2 allows up to 10 percent of the funding allocated for both New Construction and Modernization to be available for small school districts. Proposition 2 also allows up to \$115 million from Modernization authority to be available to address the remediation of lead in water. Finally, Proposition 2 requires the Board to provide a grant of \$5 million to the California Department of Education (CDE) from the funding allocated for New Construction and/or Modernization to augment CDE’s federal Supporting America’s School Infrastructure grant and support priority school districts, as defined.

Staff intends to present options to the Board at a future meeting regarding amounts to be set aside from the funding allocated by Proposition 2 for New Construction and Modernization for these purposes, as well as for necessary administrative costs.

Topic #2 – Unfunded Approvals and Priority Funding Apportionments

In recent years, the Board has been able to provide direct apportionments to New Construction and Modernization projects due to the availability of General Fund resources for the SFP from the Budget Acts of 2021-22 through 2023-24. The remaining General Fund proceeds available for SFP projects are anticipated to be exhausted by February 2025. With a return to bond funding for the SFP as the result of voter approval of Proposition 2, staff notes that once remaining General Fund proceeds are exhausted, staff will present processed SFP applications to the Board for consideration of Unfunded Approvals. Upon the Board’s Unfunded Approval, projects will be placed on the Unfunded List (Lack of AB 55 Loans) and must participate in the priority funding process as outlined in SFP Regulation Sections 1859.90.2 and 1859.90.3 to receive Proposition 2 bond funds. This process will apply to New Construction, Modernization, CSFP, and CTEFP projects. These

projects will also be subject to the regulations guiding non-participation in the priority funding process.

Topic #3 - Five-Year School Facilities Master Plans

Proposition 2 requires that, as a condition of participating in the SFP, school districts must submit to OPSC a five-year school facilities master plan, or an updated five-year school facilities master plan, approved by the governing board of the school district.

Proposition 2 requires:

- School districts to include specified minimum elements as part of the required five-year school facilities master plan, including an inventory of existing facilities, sites, and property.
- OPSC to develop guidelines, in consultation with CDE, that school districts may use to guide the development of the school facilities master plan.
- OPSC to develop guidelines or standards, in consultation with CDE, that school districts must use to develop and submit the inventory of existing facilities, sites, and property, which must include specified elements.
- The State Controller's Office (SCO) to include instructions in the K-12 audit guide to verify that all required components are reflected in participating school districts' school facilities master plans.
- School districts to update their school facilities master plans to reflect any changes in enrollment, capacity, or other areas, as appropriate for purposes of participating in the SFP.

Prior to the passage of Proposition 2, OPSC heard from some school districts and stakeholders who expressed concern regarding implementation of the five-year school facilities master plan requirement. In particular, concerns were expressed regarding whether the time necessary for OPSC and CDE to develop the required guidelines, and the time and potential cost for school districts to create or update a master plan, would preclude school districts from submitting otherwise complete applications for funding in the meantime.

Proposition 2 requires submittal of a five-year school facilities master plan with specified elements as a condition of SFP participation, but it does not specify when the required master plan must be submitted. OPSC recommends that the Board consider establishing expectations around the timelines for school districts to submit the required five-year master plan so that school districts have a clear understanding of how to fulfill the new statutory requirement while minimizing impact to timelines for current and upcoming projects. Additionally, OPSC recommends that the timelines consider the unique nature of Facility Hardship and Seismic Mitigation Program applications requesting funding to address imminent health and safety issues or to seismically retrofit the most vulnerable facilities. Specifically, OPSC recommends

that the Board adopt the following timelines and policies:

1. Facility Hardship Program and Seismic Mitigation Program Applications

- Under existing SFP regulations, applications for Facility Hardship and the Seismic Mitigation Program receive first priority for processing and presentation to the Board for funding consideration. Facility Hardship and Seismic Mitigation Program applications submitted on or after October 31, 2024 are subject to the Proposition 2 requirement to submit a five-year school facilities master plan.
- Accordingly, to allow submittal, processing, and approval of these applications without delay, submittal of the master plan will be required by the time the school district's substantial progress certification for construction of the project is due (18 months after fund release), or by the time of submittal of the 100 percent complete *Expenditure Report* (Form SAB 50-06), whichever occurs first.
- OPSC will contact all school districts that submitted applications between October 31, 2024 and December 3, 2024 to request a governing board resolution acknowledging the requirement to submit the master plan by the previously mentioned deadline. The governing board resolution must also acknowledge the project may be rescinded for failure to submit a master plan with the required components. These school districts will be provided 60 days to submit the resolution to OPSC or the application will be returned to the applicant.
- Applications submitted on or after December 4, 2024 will be required to include a governing board resolution acknowledging the requirement to submit the master plan by the previously mentioned deadline. The governing board resolution must also acknowledge the project may be rescinded for failure to submit a master plan with the required components. OPSC will provide applicants who submit an application without the resolution a corrective "24-hour letter" to request submittal of the resolution to OPSC within 24 hours or the application will be returned to the applicant.

2. New Construction and Modernization applications submitted on October 31, 2024 through 12 months following OAL's approval of regulations implementing these policies

- To allow continuous submittal of applications, submittal of the master plan will be required at the time the application is processed by OPSC, prior to presentation to the Board for approval. Consistent with current practice, OPSC will notify school districts 90 days in advance of commencing application processing.
- OPSC will contact all school districts that submitted applications between October 31, 2024 and December 3, 2024 to request a

governing board resolution acknowledging the requirement to submit the master plan at the time the application is processed by OPSC. The governing board resolution must also acknowledge the project may be rescinded for failure to submit a master plan with the required components. These school districts will be provided 60 days to submit the resolution to OPSC or the application will be returned to the applicant.

- Applications received on December 4, 2024 through 12 months following OAL's approval of regulations implementing these policies will be required to submit a governing board resolution acknowledging the requirement to submit the master plan by the time the application is processed by OPSC. The governing board resolution must also acknowledge the project may be rescinded for failure to submit a master plan with the required components. OPSC will provide applicants who submit an application without the resolution a corrective "24-hour letter" to request submittal of the resolution to OPSC within 24 hours or the application will be returned to the applicant.
3. New Construction and Modernization applications submitted more than 12 months following OAL's approval of regulations implementing these policies
- Applications received more than 12 months following OAL's approval of regulations implementing these policies will be required to submit the master plan at the time the application is submitted to OPSC. Applications submitted without the master plan will be provided a corrective "24-hour letter" to request submittal of the master plan to OPSC within 24 hours or the application will be returned to the applicant.

OPSC and CDE plan to begin a series of stakeholder meetings in early 2025 to clearly identify the five-year master plan components required by Proposition 2, develop additional guidance for the five-year master plans, and to discuss formal regulatory changes to make the previously mentioned timeline policies permanent. OPSC intends to present regulatory changes on this topic to the Board no later than June 30, 2025.

Following OAL approval of the regulations implementing these policies, OPSC will work with SCO to amend the K-12 audit guide instructions.

Topic #4 - Required Local Matching Share

Historically, SFP New Construction and Modernization projects have been eligible for a fixed state share percentage of the total approved project cost, except for school districts eligible for financial hardship funding, which may receive up to 100 percent state funding. School districts applying for New Construction funding must provide an equal matching share. When applying for Modernization funding, the state historically provides 60 percent of the total approved project cost, and the school district provides 40 percent of the total approved project cost.

Proposition 2 establishes a points-based determination and sliding scale for the required state and local matching shares for SFP projects that do not qualify for financial hardship assistance². Proposition 2 specifies the number of points awarded based on the school district’s gross bonding capacity per enrollment, the school district’s unduplicated pupil percentage as determined for purposes of the Local Control Funding Formula, whether the school district has an enrollment of 200 pupils or fewer, and whether the project includes the use of a project labor agreement. Based on the total number of points for a project, the required local matching share will be adjusted as follows, with no change to the total approved project cost. The range of total possible points is between 3 points and 16 points.

Points are assigned as follows:

Gross Bonding Capacity* per Total School District Enrollment

\$0 - \$9,999	4 points
\$10,000 - \$19,999	3 points
\$20,000 - \$54,999	2 points
\$55,000+	1 point

* Proposition 2 defines “gross bonding capacity” as “a school district’s capacity to issue debt,” which “is calculated by multiplying the applicable school district’s total assessed value [as defined] by the school district’s specified tax cap pursuant to [Education Code] Sections 15102, 15106, 15268, and 15270.” For unified school districts, the gross bonding capacity is equal to 2.5 percent of the assessed valuation. For non-unified school districts, the gross bonding capacity is 1.25 percent of the assessed valuation.

Unduplicated Pupil Percentage

75.00% - 100.00%	8 points
50.00% - 74.99%	6 points
25.00% - 49.99%	4 points
<= 24.99%	2 points

School District Enrollment <= 200 pupils = 2 points

Project includes the use of a Project Labor Agreement = 2 points

² School districts eligible for financial hardship assistance may qualify for additional state funding beyond the Proposition 2 points-based determination and sliding scale amounts and may receive up to 100 percent state funding.

Based on the number of points for a project, Proposition 2 specifies that the required SFP state and local matching shares will be adjusted as follows:

New Construction

Total Points	State Share	Local Share
>10 points	55%	45%
9 or 10 points	53%	47%
8 points	52%	48%
6 or 7 points	51%	49%
<6 points*	50%*	50%*

Modernization

Total Points	State Share	Local Share
>10 points	65%	35%
9 or 10 points	63%	37%
8 points	62%	38%
6 or 7 points	61%	39%
<6 points*	60%*	40%*

* School district projects with a total of fewer than 6 points receive the same state and local matching share percentages as SFP projects prior to Proposition 2.

OPSC will calculate the school district’s required matching share based on the following:

- A letter from the County Auditor-Controller submitted by the school district that certifies the school district’s current year assessed valuation. OPSC will contact the school district 90 days prior to application processing to request that they provide this letter. School districts that do not provide the information within the requested timelines will not be provided the associated points.
- A copy of the Project Labor Agreement, if applicable, submitted by the school district. OPSC will contact the school district 90 days prior to application processing to request that they provide a copy of the Project Labor Agreement, if applicable. School districts that do not provide the information within the requested timelines will not be provided the associated points.
- The most recent enrollment data for the school district at the time the application is processed for both New Construction and Modernization projects, which OPSC will obtain from CDE.
- The school district’s most recent unduplicated pupil percentage at the time the application is processed, which OPSC will obtain from CDE.

Upon availability, OPSC will provide hyperlinks to the CDE data sources that will be used by OPSC to obtain school districts’ most recent enrollment data and unduplicated pupil percentages, to facilitate school districts’ ability to estimate their required matching share under the Proposition 2 sliding scale.

Topic #5 - Financial Hardship

Under the current SFP regulations, a county office of education automatically qualifies for financial hardship status. School districts may qualify for financial hardship status if they are levying developer fees at the maximum rate justified under law, AND they meet one of four qualifying criteria:

1. The school district's current outstanding bonded indebtedness is at least 60 percent of the total bonding capacity of the school district, or
2. The school district has had a successful registered voter bond election for at least the maximum allowed under Proposition 39 within the previous two years, or
3. The school district has a total bonding capacity of \$5 million or less, or
4. The school district has provided "other evidence" of reasonable effort to fund its matching share to the satisfaction of the Board.

Proposition 2 increases the maximum total bonding capacity allowable for a school district to qualify for financial hardship funding from \$5 million to \$15 million, and provides an annual inflation adjustment to this amount beginning in the 2026-27 fiscal year.

No policy decisions are necessary for the Board related to this provision of Proposition 2. OPSC staff will apply the new threshold immediately to all applications requesting financial hardship assistance that are received on or after October 31, 2024. School districts that submitted an application on or before October 30, 2024 who wish to be considered for financial hardship assistance under the new Proposition 2 criteria must withdraw their existing application/s and resubmit.

Topic #6 – Modernization Supplemental Grants for Minimum Essential Facilities, Transitional Kindergarten Classrooms, and Career Technical Education

Proposition 2 provides the new ability for school districts to receive a supplemental grant under the Modernization program to expand an existing gymnasium, multipurpose room, library, or school kitchen if the facility is 60 percent or less than the recommended size to serve the enrollment of the school. School districts may also use this supplemental grant to construct a new gymnasium, multipurpose room, library, or school kitchen if the site lacks one or more of the specified facilities. However, Proposition 2 specifies that a school site may only receive a supplemental grant for one such project.

Proposition 2 also allows a school district to receive a supplemental grant under the Modernization program to adequately house transitional kindergarten pupils by either retrofitting an existing school facility or constructing new transitional kindergarten classrooms if the site is lacking sufficient facilities for this purpose. The transitional kindergarten supplemental grant cannot be used to purchase portable classrooms.

Finally, Proposition 2 establishes a supplemental grant of up to five percent of the Modernization base grant for Modernization projects on existing middle and high school campuses that include plan design and other project components promoting Career Technical Education (CTE). The grants are available for the modernization of facilities or reconfiguration of structures that will support CTE programs and enhance the educational opportunities for middle and high school pupils to pursue technical careers. The grant funding may also be used to purchase equipment with an average useful life expectancy of at least 10 years.

As the first applications to receive these supplemental grants are not expected to be processed by OPSC for two or three years if application processing rates remain at recent levels, OPSC will conduct stakeholder meetings to inform the determination of how funding of the supplemental grants will be calculated. However, to inform school districts of actions that will need to be taken now for consideration of these new supplemental grants so that Modernization applications incorporating these provisions can be submitted, OPSC staff recommends that the Board adopt the following policies until permanent regulations are in place:

- The CDE- and Division of the State Architect (DSA)-approved plans submitted with any *Application for Funding* (Form SAB 50-04) on or after October 31, 2024 must include the work eligible for any of the new supplemental grants requested.
- Scope change requests will not be approved by the Board to add the facilities, additional square footage, and the supplemental grant/s at a later date. School districts desiring to expand or add the identified facilities and/or Career Technical Education components to an existing Modernization application must withdraw their current application and resubmit a new application.
- School districts that have included the new or expanded facilities in their CDE/DSA approved plans will be allowed to amend the Form SAB 50-04 at the time of processing to request the supplemental grants. The school district must still be able to certify that it meets the 60-percent construction commensurate requirement at that time. OPSC staff anticipates Board approval and OAL approval of a revised Form SAB 50-04 well in advance of processing the funding applications.
- School districts requesting the supplemental grant for Career Technical Education must check Box #20 on the Form SAB 50-04 to indicate that CTE funds will be requested for work in the plans and specifications for the project.

Topic #7 - Energy Efficiency Supplemental Grants for New Construction and Modernization Projects

Proposition 2 establishes a supplemental grant of up to five percent of the base grant for New Construction and Modernization projects that include buildings with specified energy efficiency and renewable energy measures that exceed the nonresidential building energy efficiency standards specified in Title 24. Proposition

2 requires that the school district must certify that the cost for the project exceeds the amount of funding otherwise available to the applicant under the SFP.

As the first applications to receive these supplemental grants are not expected to be processed by OPSC for two or three years if application processing rates remain at recent levels, OPSC will conduct stakeholder meetings to inform determination of how funding of the supplemental grants will be calculated. However, to inform school districts of actions that will need to be taken now for consideration of these new supplemental grants so that funding applications incorporating these provisions can be submitted, OPSC staff recommends that the Board adopt the following policies until permanent regulations are in place:

- Any work must be included in the DSA-approved plans submitted with the initial Form SAB 50-04 on or after October 31, 2024.
- Scope change requests will not be approved by the Board to add additional work at a later date. School districts desiring to add additional work as part of their application must withdraw their current application and resubmit a new application.
- Staff recommends that supporting documentation be provided at the time of processing and will contact school districts 90 days prior to application processing to request the information.

Topic #8 – Funding for the Replacement of 75-Year Old Buildings

Proposition 2 provides Modernization program funding for the replacement of 75-year old buildings based on the “per pupil” grants provided for New Construction projects if the school district provides a cost-benefit analysis indicating the total cost to modernize the building is at least 50 percent of the current replacement cost.

OPSC staff recommends that the Board adopt the following policies until permanent regulations are in place:

- Work to demolish and replace a 75-year old building must be included in the DSA-approved plans submitted with the initial Form SAB 50-04.
- Scope change requests will not be approved by the Board to change from renovation work to replacement work at a later date. School districts desiring to add the replacement of a 75-year old building as part of their Modernization application must withdraw their current application and resubmit a new application.

During the stakeholder meeting process, OPSC will present proposals for the methodology for calculating the SFP grants for classrooms vs. other buildings on campus, impacts on modernization eligibility for replaced buildings, and parameters for the cost-benefit analysis that must be provided by the school district.

Topic #9 - Interim Housing for a Governor-Declared State of Emergency

Proposition 2 authorizes the Board to provide assistance under the SFP to procure interim housing, including, but not limited to, the leasing or acquisition of portable classrooms, and any work associated with placing them on a site, to school districts impacted by a natural disaster for which the Governor has declared a state of emergency. These funds will supplement funding from insurance or any other local, state, or federal government disaster assistance.

Proposition 2 also provides the Board the authority to provide any other assistance to a school district determined to be impacted by a natural disaster for which the Governor has declared a state of emergency.

Staff recommends that the Board review these requests on a case-by-case basis and require school districts to submit the *School District Appeal Request* (Form SAB 189) until staff has had the opportunity to seek stakeholder feedback and develop proposed regulations for implementation of this statute.

Topic #10 - Items Not Included in This Item to be Addressed Later

The following are additional topics established by Proposition 2. Staff will seek stakeholder feedback on these topics prior to presenting recommendations to the Board.

- Testing and Remediation of Lead Levels in Water at Schoolsites
- Small School District Preliminary Apportionments
- State Augmentation of Federal Supporting America's School Infrastructure Grant Program for Priority School Districts

Conclusion

As previously noted, this item is presented to seek Board guidance on the most critical components for initial implementation of Proposition 2 and it is not all-inclusive of all aspects of Proposition 2.

Staff sees a need for early guidance from the Board to inform school districts who are currently planning to submit applications for funding. Staff has also determined the need for the Board to set some program parameters early so that Facility Hardship Program and Seismic Mitigation Program applications that will receive expedited processing are processed under Proposition 2 without delay.

Additionally, staff will solicit initial stakeholder feedback from all school districts and interested parties on the topics within this item, and also those not yet discussed, for staff's consideration as we develop proposed regulations for the Board's future consideration. As previously noted, a tentative timeline for stakeholder meetings is available on Attachment C.

RECOMMENDATIONS

1. Adopt the Board policies in this item and as summarized on Attachment B for SFP applications received on or after October 31, 2024, until the effective date of regulations implementing the Board policies.
2. Request staff bring back proposed regulatory amendments for Board approval and submittal to OAL.

This Item was approved by the State Allocation Board on December 3, 2024.

ATTACHMENT A1

AUTHORITY

Education Code Section 17070.35 – Board’s duties

(a) In addition to all other powers and duties as are granted to the board by this chapter, other statutes, or the California Constitution, the board shall do all of the following:

(1) Adopt rules and regulations, pursuant to the rulemaking provisions of the Administrative Procedure Act, Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code, for the administration of this chapter. However, the board shall have no authority to set the level of the fees of any architect, structural engineer, or other design professional on any project. The initial regulations adopted pursuant to this chapter shall be adopted as emergency regulations, and the circumstances related to the initial adoption are hereby deemed to constitute an emergency for this purpose. The initial regulations adopted pursuant to this chapter shall be adopted by November 4, 1998. If the initial regulations are not adopted by that date, the board shall report to the Legislature by that date, explaining the reasons for the delay.

(2) Establish and publish any procedures and policies in connection with the administration of this chapter as it deems necessary.

(3) Determine the eligibility of school districts to receive apportionments under this chapter.

(4) Apportion funds to eligible school districts under this chapter.

(b) The board shall review and amend its regulations as necessary to adjust its administration of this chapter to conform with the act that amended this section to add this subdivision. Regulations adopted pursuant to this subdivision shall be adopted by November 5, 2002, and shall be adopted as emergency regulations in accordance with the rulemaking provisions of the Administrative Procedure Act (Chapter 3.5 (commencing with Section 11340) of Part 1 of Division 3 of Title 2 of the Government Code). The adoption of any emergency regulation pursuant to this subdivision filed with the Office of Administrative Law shall be deemed to be an emergency and necessary for the immediate preservation of the public peace, health and safety, or general welfare. Notwithstanding subdivision (e) of Section 11346.1 of the Government Code, any emergency regulation adopted pursuant to this section shall remain in effect for no more than 365 days unless the board has complied with Sections 11346.2 to 11348, inclusive, of the Government Code.

Assembly Bill No. 247
CHAPTER 81

An act to amend Sections 17070.15, 17070.43, 17070.51, 17071.10, 17071.75, 17072.30, 17072.35, 17073.15, 17074.16, 17074.25, 17075.15, 17077.35, 17078.52, and 17078.58 of, to add Sections 17070.42, 17070.54, 17070.59, 17070.87, 17073.16, 17074.265, 17075.20, and 17078.74 to, to add Article 10.7 (commencing with Section 17077.60), Article 11.5 (commencing with Section 17078.35), and Article 11.7 (commencing with Section 17078.45) to Chapter 12.5 of Part 10 of Division 1 of Title 1 of, to add Part 72 (commencing with Section 101400) to Division 14 of Title 3 of, and to repeal and add Section 17075.10 of, the Education Code, relating to education finance, by providing the funds necessary therefor through an election for the issuance and sale of bonds of the State of California and for the handling and disposition of these funds, and declaring the urgency thereof, to take effect immediately.

[Approved by Governor July 03, 2024. Filed with Secretary of State July 03, 2024.]

LEGISLATIVE COUNSEL'S DIGEST

AB 247, Muratsuchi. Education finance: school facilities: Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024.

(1) The California Constitution prohibits the Legislature from creating a debt or liability that singly or in the aggregate with any previous debts or liabilities exceeds the sum of \$300,000, except by an act that (1) authorizes the debt for a single object or work specified in the act, (2) has been passed by a $\frac{2}{3}$ vote of all the Members elected to each house of the Legislature, (3) has been submitted to the people at a statewide general or primary election, and (4) has received a majority of all the votes cast for and against it at that election.

This bill would set forth the Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024 as a state general obligation bond act that would provide \$10,000,000,000 to construct and modernize education facilities, including \$8,500,000,000 for elementary and secondary educational facilities and \$1,500,000,000 for community college facilities, as specified. This bond act would become operative only if approved by the voters.

(2) The Leroy F. Greene School Facilities Act of 1998 provides for the adoption of rules, regulations, and procedures, under the administration of the Director of General

Services, for the allocation of state funds by the State Allocation Board for the construction and modernization of public school facilities.

This bill would require a school district to submit to the Department of General Services a 5-year school facilities master plan as a condition of participating in the school facilities program under the act. The bill would amend the methodology for calculating the local contribution a school district is required to make in order to be eligible to receive state funding under the act, as specified. The bill would require a school district that seeks new construction or modernization funding under the act after November 5, 2024, to submit an updated report of the school district's existing school building capacity to the State Allocation Board.

The bill would authorize the allocation of state funds under the act for the replacement of school buildings that are at least 75 years old, for specified assistance to school districts with a school facility located on a military installation, as specified, and small school districts, as defined, and for the testing and remediation of lead levels in water fountains and faucets used for drinking or preparing food on schoolsites, as provided. The bill would authorize new construction and modernization grants to be used for seismic mitigation purposes, certain health and safety projects, and, among other things, to establish schoolsite-based infrastructure to provide broadband internet access. The bill would also authorize modernization grants to be used for the control, management, or abatement of lead.

The bill would increase the maximum level of total bonding capacity, as defined, that a school district could have and still be eligible for financial hardship assistance under the act from \$5,000,000 to \$15,000,000. The bill, commencing with the 2026–27 fiscal year, would increase that \$15,000,000 maximum by a specified inflation adjustment each fiscal year. The bill would authorize the State Allocation Board to provide assistance for purposes of procuring interim housing to school districts and county offices of education impacted by a natural disaster for which the Governor has declared a state of emergency. The bill would also make conforming changes.

The bill would make these provisions effective upon the adoption by the voters of the Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024.

(3) This bill would declare that it is to take effect immediately as an urgency statute.

Bill Text

The people of the State of California do enact as follows:

SECTION 1.

Section 17070.15 of the Education Code is amended to read:

17070.15.

For purposes of this chapter, the following terms have the following meanings, unless a different meaning appears from the context:

- (a) "Apportionment" means an allocation of funds for the purpose of eligible new construction, modernization, or hardship approved by the board for an applicant school district.
- (b) "Assessed value" means the dollar value assigned to a property for purposes of measuring applicable taxes. An assessed valuation is used to determine the value of a residence for tax purposes and takes comparable sales of residential buildings and inspections into consideration.
- (c) "Attendance area" means the geographical area serving an existing high school and those junior high schools and elementary schools included therein.
- (d) "Authority" means the California School Finance Authority.
- (e) "Board" means the State Allocation Board as established by Section 15490 of the Government Code.
- (f) "Committee" means the State School Building Finance Committee established pursuant to Section 15909.
- (g) "County fund" means a county school facilities fund established pursuant to Section 17070.43.
- (h) "Department" means the Department of General Services.
- (i) "Fund" means the applicable 1998 State School Facilities Fund, the 2002 State School Facilities Fund, the 2004 State School Facilities Fund, established pursuant to Section 17070.40, the 2016 State School Facilities Fund established pursuant to Section 17070.41, or the 2024 State School Facilities Fund established pursuant to Section 17070.42.
- (j) "Good repair" has the same meaning as specified in subdivision (d) of Section 17002.
- (k) "Gross bonding capacity" means a school district's capacity to issue debt. Gross bonding capacity is calculated by multiplying the applicable school district's total assessed value by the school district's specified tax cap pursuant to Sections 15102, 15106, 15268, and 15270.
- (l) "Modernization" means any modification or replacement of a permanent structure that is at least 25 years old, or in the case of a portable classroom, that is at least 20 years old, that will enhance the ability of the structure to achieve educational purposes.
- (m) "Portable classroom" means a classroom building of one or more stories that is designed and constructed to be relocatable and transportable over public streets, and with respect to a single story portable classroom, is designed and constructed for relocation without the separation of the roof or floor from the building and when measured at the most exterior walls, has a floor area not in excess of 2,000 square feet.
- (n) "Property" includes all property, real, personal or mixed, tangible or intangible, or any interest therein necessary or desirable for carrying out the purposes of this chapter.

- (o) "Small school district" means a school district with an enrollment of fewer than 2,501 pupils.
- (p) "School building capacity" means the capacity of a school building to house pupils.
- (q) "School district" means a school district or a county office of education. For purposes of determining eligibility under this chapter, "school district" may also mean a high school attendance area.

SEC. 2.

Section 17070.42 is added to the Education Code, to read:

17070.42.

- (a) A fund is hereby established in the State Treasury, to be known as the 2024 State School Facilities Fund. All money in the fund, including any money deposited in the fund from any source whatsoever, and notwithstanding Section 13340 of the Government Code, is hereby continuously appropriated without regard to fiscal years for expenditure pursuant to this chapter.
- (b) The board may make apportionments in amounts not exceeding those funds on deposit in the 2024 State School Facilities Fund, and any amount of bonds authorized by the committee, excluding any amount of refunding bonds authorized by the committee in accordance with Section 101430, but not yet sold by the Treasurer.
- (c) The board may make disbursements pursuant to any apportionment made from any funds in the 2024 State School Facilities Fund, irrespective of whether there exists at the time of the disbursement an amount in the 2024 State School Facilities Fund sufficient to permit payment in full of all apportionments previously made. No disbursement shall be made from any funds required by law to be transferred to the General Fund.

SEC. 3.

Section 17070.43 of the Education Code is amended to read:

17070.43.

- (a) A county school facilities fund is hereby established in the county treasury within each county for each school district in the county.
- (b) The board may from time to time authorize the Controller to transfer any funds that the board may deem necessary from the 1998 State School Facilities Fund, the 2002 State School Facilities Fund, the 2004 State School Facilities Fund, the 2006 State School Facilities Fund, the 2016 State School Facilities Fund, or the 2024 State School Facilities Fund, as the case may be, to the corresponding county fund in the county treasury. Interest on all funds deposited in the county fund shall be retained in that fund.
- (c) Funds may be expended from the county fund by the recipient school district for qualifying school facilities expenditures set forth in Sections 17072.35 and 17074.25.

SEC. 4.

Section 17070.51 of the Education Code is amended to read:

17070.51.

- (a) If any certified eligibility or funding application related information is found to have been falsely certified by school districts, architects, or design professionals, hereinafter

referred to as a material inaccuracy, the Office of Public School Construction shall notify the board.

(b) The board shall impose the following penalties if an apportionment and fund release has been made based upon information in the project application or related materials that constitutes a material inaccuracy.

(1) Pursuant to a repayment schedule that is approved by the board of no more than five years, the school district shall repay to the board, for deposit into the 1998 State School Facilities Fund, the 2002 State School Facilities Fund, the 2004 State School Facilities Fund, or the 2024 State School Facilities Fund, as the case may be, an amount proportionate to the additional funding received as a result of the material inaccuracy including interest at the rate paid on moneys in the Pooled Money Investment Account or at the highest rate of interest for the most recent issue of state general obligation bonds as established pursuant to Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code, whichever is greater.

(2) The board shall prohibit the school district from self-certifying certain project information for any subsequent applications for project funding for a period of up to five years following the date of the finding of a material inaccuracy or until the district's repayment of the entire amount owed under paragraph (1). Although a school district that is subject to this paragraph may not self-certify, the school district shall not be prohibited from applying for state funding under this chapter. The board shall establish an alternative method for state or independent certification of compliance that shall be applicable in these cases. The process shall include, but shall not be limited to, procedures for payment by the school district of any increased costs associated with the alternative certification process.

(c) For school districts found to have provided material inaccuracies when a funding apportionment has occurred, but no fund release has been made, the board shall direct its staff to reduce the apportionment as necessary to reflect the actual nature of the project and to disregard the inaccurate information or material, and paragraph (2) of subdivision (b) shall apply.

(d) For those school districts found to have provided material inaccuracies when no funding apportionment or fund release has been made, the inaccurate information or materials shall not be considered, and paragraph (2) of subdivision (b) applies. The project may continue if the application, minus the inaccurate materials, is still complete.

SEC. 5.

Section 17070.54 is added to the Education Code, to read:

17070.54.

(a) As a condition of participating in the school facilities program, a school district shall submit to the department a five-year school facilities master plan, or updated five-year school facilities master plan, approved by the governing board of the school district.

(b) The school facilities master plan submitted pursuant to subdivision (a) shall include information on the school district's eligibility for state bond funding pursuant to this chapter.

(c) The school facilities master plan shall include, but is not limited to, all of the following information:

- (1) An inventory of existing facilities, sites, and property pursuant to subdivision (d).
 - (2) Existing classroom capacity, as determined pursuant to Sections 17071.10 and 17071.25.
 - (3) Projected enrollment growth for the applicable school district over the next five years, accounting for growth pursuant to Sections 17071.75 and 17071.76.
 - (4) A capital planning budget outlining the applicable school district's projects.
 - (5) The financing and other funding sources that would be used to support the acquisition of the applicable schoolsite, new construction project, modernization project, and lead testing and remediation projects.
 - (6) Verification of the applicable school district's current assessed value from the appropriate local government entity that collects and maintains this information.
 - (7) The school district's deferred maintenance plan certified pursuant to Section 17070.75.
 - (8) A narrative describing how the school facilities master plan is consistent with the goals, actions, and services identified in the school district's local control and accountability plan for the first state priority, as described in paragraph (1) of subdivision (d) of Section 52060, as it relates to school facilities.
- (d) The department, in consultation with the State Department of Education, shall develop guidelines that school districts may use to guide the development of the school facilities master plan required as a condition of participating in the school facilities program. The department, in consultation with the State Department of Education, shall develop guidelines or standards that school districts shall use to develop and submit the inventory required pursuant to paragraph (1) of subdivision (c) for every school in the school district, including, but not limited to, all of the following:
- (1) The year each building at the school that is currently used for instructional purposes was constructed.
 - (2) The square footage of each building that is currently used for instructional purposes.
 - (3) The year, if any, each building that is currently used for instructional purposes was last modernized.
 - (4) The pupil capacity of the school.
 - (5) The age and number of portable buildings at the school.
 - (6) Whether the school has any of the following:
 - (A) A cafeteria or multipurpose room.
 - (B) A library.
 - (C) A gymnasium.
- (e) The Controller shall include the instructions necessary to verify that all of the required components of this section are reflected in a participating school district's school facilities master plan in the audit guide required by Section 14502.1, as part of the audit procedures required pursuant to Section 41024.
- (f) The school district shall update its school facilities master plan to reflect any changes in enrollment, capacity, or other areas, as appropriate for purposes of participating in the school facilities program.

SEC. 6.

Section 17070.59 is added to the Education Code, to read:

17070.59.

For purposes of determining the points used to compute the required matching funds from local sources applied pursuant to Sections 17072.30 and 17074.16, the department shall compute the sum of the following point computations applicable to each school district:

(a) For each school district, the department shall divide the district's gross bonding capacity by the district's total enrollment, as determined for purposes of this chapter.

(1) A school district determined to have a gross bonding capacity per enrollment of zero dollars (\$0) to nine thousand nine hundred ninety-nine dollars (\$9,999), inclusive, shall receive four points.

(2) A school district determined to have a gross bonding capacity per enrollment of ten thousand dollars (\$10,000) to nineteen thousand nine hundred ninety-nine dollars (\$19,999), inclusive, shall receive three points.

(3) A school district determined to have a gross bonding capacity per enrollment of twenty thousand dollars (\$20,000) to fifty-four thousand nine hundred ninety-nine dollars (\$54,999), inclusive, shall receive two points.

(4) A school district determined to have a gross bonding capacity per enrollment of fifty-five thousand dollars (\$55,000) or more shall receive one point.

(b) (1) For each school district, the department shall identify each district's unduplicated pupil percentage as determined for purposes of the local control funding formula pursuant to Section 42238.02.

(2) (A) A school district determined to have an unduplicated pupil percentage of between 75 percent and 100 percent shall receive eight points.

(B) A school district determined to have an unduplicated pupil percentage of between 50 percent and 74.99 percent shall receive six points.

(C) A school district determined to have an unduplicated pupil percentage of between 25 percent and 49.99 percent shall receive four points.

(D) A school district determined to have an unduplicated pupil percentage that is 24.99 percent or less shall receive two points.

(c) A school district that has a pupil enrollment of 200 pupils or fewer shall receive two points.

(d) (1) A school district project that includes the use of a project labor agreement shall receive two points.

(2) For purposes of this subdivision, "project labor agreement" has the same meaning as defined in paragraph (1) of subdivision (b) of Section 2500 of the Public Contract Code.

(e) The department shall draft regulations for consideration by the board to further clarify the requirements of this section.

SEC. 7.

Section 17070.87 is added to the Education Code, to read:

17070.87.

New construction and modernization applications submitted before October 31, 2024, shall be processed and apportioned in accordance with this chapter, as it read on January 1, 2024.

SEC. 8.

Section 17071.10 of the Education Code is amended to read:

17071.10.

(a) The calculation determined by this article shall be made on a one-time basis, and will be used as the baseline for eligibility determinations pursuant to this chapter.

(b) (1) Each school district that elects to participate in the new construction program pursuant to this chapter shall submit to the board a one-time report of existing school building capacity.

(2) The information reflected in the report described in paragraph (1) shall be included in a school facilities master plan submitted pursuant to Section 17070.54.

(c) Notwithstanding subdivisions (a) and (b), a school district newly formed, reorganized, or affected by reorganization, pursuant to an election that occurred on or after November 4, 1998, shall calculate or recalculate its existing school building capacity pursuant to regulations adopted by the board.

(d) Notwithstanding subdivisions (a), (b), and (c), a school district that elects to participate in the new construction program or modernization program pursuant to this chapter after November 5, 2024, shall submit an updated report of the school district's existing school building capacity to the board.

SEC. 9.

Section 17071.75 of the Education Code is amended to read:

17071.75.

After a one-time initial report of existing school building capacity has been completed, the ongoing eligibility of a school district for new construction funding shall be determined by making all of the following calculations:

(a) A school district that applies to receive funding for new construction shall use the following methods to determine projected enrollment:

(1) A school district that has two or more schoolsites each with a pupil population density that is greater than 115 pupils per acre in kindergarten and grades 1 to 6, inclusive, or a schoolsite pupil population density that is greater than 90 pupils per acre in grades 7 to 12, inclusive, as determined by the Superintendent using enrollment data from the California Basic Educational Data System for the 2004–05 school year, may submit an application for funding for projects that will relieve overcrowded conditions. That school district may also submit an alternative enrollment projection for the fifth year beyond the fiscal year in which the application is made using a methodology other than the cohort survival enrollment projection method, as defined by the board pursuant to paragraph (2), to be reviewed by the Demographic Research Unit of the Department of Finance, in consultation with the department and the Office of Public School Construction. If the Office of Public School Construction and the Demographic

Research Unit of the Department of Finance jointly determine that the alternative enrollment projection provides a reasonable estimate of expected enrollment demand, a recommendation shall be forwarded to the board to approve or disapprove the application, in accordance with all of the following:

(A) Total funding for new construction projects using this method shall be limited to five hundred million dollars (\$500,000,000), from the Kindergarten-University Public Education Facilities Bond Act of 2004.

(B) The eligibility amount for proposed projects that relieve overcrowding is the difference between the alternative enrollment projection method for the year the application is submitted and the cohort survival enrollment projection method, as defined by the board pursuant to paragraph (2), for the same year, adjusted by the existing pupil capacity in excess of the projected enrollment according to the cohort survival enrollment projection method.

(C) The Office of Public School Construction shall determine whether each proposed project will relieve overcrowding, including, but not limited to, the elimination of the use of Concept 6 calendars, four track year-round calendars, or busing in excess of 40 minutes, and recommend approval to the board. The number of unhoused pupil grants requested in the application for funding from the eligibility determined pursuant to this paragraph shall be limited to the number of seats necessary to relieve overcrowding, including, but not limited to, the elimination of the use of Concept 6 calendars, four track year-round calendars, or busing in excess of 40 minutes, less the number of unhoused pupil grants attributed to that school as a source school in an approved application pursuant to Section 17078.24.

(D) A school district shall use the same alternative enrollment projection methodology for all applications submitted pursuant to this paragraph and shall calculate those projections in accordance with the same districtwide or high school attendance area used for the enrollment projection made pursuant to paragraph (2).

(2) A school district shall calculate enrollment projections for the fifth year beyond the fiscal year in which the application is made. Projected enrollment shall be determined by using the cohort survival enrollment projection system, as defined and approved by the board. The board may supplement the cohort survival enrollment projection with any of the following:

(A) The number of unhoused pupils that are anticipated as a result of dwelling units proposed pursuant to approved and valid tentative subdivision maps.

(B) Modified weighting mechanisms, if the board determines that they best represent the enrollment trends of the district. Mechanisms pursuant to this subparagraph shall be developed and applied in consultation with the Demographic Research Unit of the Department of Finance.

(C) An adjustment to reflect the effects on kindergarten and first grade enrollment of changes in birth rates within the school district or high school attendance area boundaries.

(3) (A) A school district may submit an enrollment projection for either a 5th year or a 10th year beyond the fiscal year in which the application is made. A school district that bases its enrollment projection calculation on a high school attendance area may use pupil residence in that attendance area to calculate enrollment. A school district that uses pupil residence shall do so for all high school attendance areas within the district.

A pupil shall not be included in a high school attendance area enrollment projection based on pupil residence unless that pupil was included in the California Basic Educational Data System (CBEDS) report of the district for the same enrollment year. The board may require a district to provide a reconciliation of the districtwide CBEDS and residency data. The board also may adopt regulations to specify the format and certification requirements for a school district that submits residency data.

(b) (1) Add the number of pupils that may be adequately housed in the existing school building capacity of the applicant school district as determined pursuant to Article 2 (commencing with Section 17071.10) to the number of pupils for whom facilities were provided from any state or local funding source after the existing school building capacity was determined pursuant to Article 2 (commencing with Section 17071.10). For this purpose, the total number of pupils for whom facilities were provided shall be determined using the pupil loading formula set forth in Section 17071.25.

(2) Subtract from the number of pupils calculated in paragraph (1) the number of pupils that were housed in facilities to which the school district or county office of education relinquished title as the result of a transfer of a special education program between a school district and a county office of education or special education local plan area, if applicable. For this purpose, the total number of pupils that were housed in the facilities to which title was relinquished shall be determined using the pupil loading formula adopted by the board pursuant to subparagraph (B) of paragraph (2) of subdivision (a) of Section 17071.25. For purposes of this paragraph, title also includes any lease interest with a duration of greater than five years.

(c) Subtract the number of pupils pursuant to subdivision (b) from the number of pupils determined pursuant to paragraph (2) of subdivision (a).

(d) The calculations required to establish eligibility under this article shall result in a distinction between the number of existing unhoused pupils and the number of projected unhoused pupils.

(e) Apply the increase or decrease resulting from the difference between the most recent report made pursuant to former Section 42268, as that section read on June 30, 2013, and the report used in determining the baseline capacity of the school district pursuant to subdivision (a) of Section 17071.25.

(f) For purposes of calculating projected enrollment pursuant to subdivision (a), the board may adopt regulations to ensure that the enrollment calculation of individuals with exceptional needs receiving special education services is adjusted in the enrollment reporting period in which the transfer occurs and three previous school years as a result of a transfer of a special education program between a school district and a county office of education or a special education local plan area. However, the projected enrollment calculation of a county office of education shall only be adjusted if a transfer of title for the special education program facilities has occurred. The regulations, if adopted, shall ensure that if a transfer of title to special education program facilities constructed with state funds occurs within 10 years after initial occupancy of the facility, the receiving school district or school districts shall remit to the state a proportionate share of any financial hardship assistance provided for the project pursuant to Section 17075.10, if applicable.

(g) For a school district with an enrollment of 2,500 or fewer, an adjustment in enrollment projections shall not result in a loss of ongoing eligibility to that school district for a period of five years from the date of the approval of eligibility by the board.

SEC. 10.

Section 17072.30 of the Education Code is amended to read:

17072.30.

(a) Subject to the availability of funds, the board shall apportion funds to an eligible school district only upon the approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281, and certification by the school district that the required matching funds from local sources have been expended by the district for the project, or have been deposited in the county fund, or will be expended by the district by the time the project is completed, in an amount at least equal to the proposed apportionment pursuant to this chapter, before release of the state funds.

(b) The board shall adjust a school district's required local contribution pursuant to this section and the school district's associated state contribution required pursuant to Article 4 (commencing with Section 17072.10), as follows:

(1) For a school district determined to have a score of more than 10 points pursuant to Section 17070.59, the school district's required local matching funds pursuant to subdivision (a) shall be 45 percent and the associated state contribution pursuant to Article 4 (commencing with Section 17072.10) shall be 55 percent.

(2) For a school district determined to have a score of 9 or 10 points pursuant to Section 17070.59, the school district's required local matching funds pursuant to subdivision (a) shall be 47 percent and the associated state contribution pursuant to Article 4 (commencing with Section 17072.10) shall be 53 percent.

(3) For a school district determined to have a score of eight points pursuant to Section 17070.59, the school district's required local matching funds pursuant to subdivision (a) shall be 48 percent and the associated state contribution pursuant to Article 4 (commencing with Section 17072.10) shall be 52 percent.

(4) For a school district determined to have a score of six or seven points pursuant to Section 17070.59, the school district's required local matching funds pursuant to subdivision (a) shall be 49 percent and the associated state contribution pursuant to Article 4 (commencing with Section 17072.10) shall be 51 percent.

(5) For a school district determined to have a score of less than six points pursuant to Section 17070.59, the required local matching funds pursuant to subdivision (a) shall be 50 percent and the associated state contribution pursuant to Article 4 (commencing with Section 17072.10) shall be 50 percent.

SEC. 11.

Section 17072.35 of the Education Code is amended to read:

17072.35.

(a) A grant for new construction may be used for any and all costs necessary to adequately house new pupils in any approved project, and those costs may only include the cost of design, engineering, testing, inspection, plan checking, construction management, site acquisition and development, evaluation and response action costs

relating to hazardous substances at a new or existing schoolsite, demolition, construction, acquisition and installation of portable classrooms, landscaping, necessary utility costs, utility connections and other fees, equipment including telecommunication equipment to increase school security, furnishings, and the upgrading of electrical systems or the wiring or cabling of classrooms in order to accommodate educational technology, including schoolsite-based infrastructure necessary to provide access to broadband internet within the schoolsite. A grant for new construction may also be used to acquire an existing government or privately owned building, or a privately financed school building, and for the necessary costs of converting the government or privately owned building for public school use. A grant for new construction may also be used for the costs of designs and materials that promote the efficient use of energy and water, the maximum use of natural lighting and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and other characteristics of high performance schools. A grant for new construction may be used for the costs of design, materials, and construction to advance state energy goals pursuant to state law, support outdoor learning environments, or to directly shade and protect pupils from higher average temperatures, which may include incorporating nature and natural materials. A grant for new construction may be used for seismic mitigation purposes and for related design, study, and testing costs.

(b) This section does not preclude a school district from using a grant for new construction to support the construction of a school kitchen, a transitional kindergarten classroom, a facility to support a local educational agency-administered preschool program, including, but not limited to, a California state preschool program set forth in Article 2 (commencing with Section 8207) of Chapter 2 of Part 6, that is operated by a school district and located on a schoolsite operated by the district, or a facility to support school nurses and counselors to increase access to health care and mental health services.

(c) In developing guidelines and regulations for consideration by the board, the State Department of Education shall provide a school district with maximum flexibility in the design and new construction of school facilities.

SEC. 12.

Section 17073.15 of the Education Code is amended to read:

17073.15.

(a) A school district is eligible to receive an apportionment for the modernization of a permanent school building that is more than 25 years old or a portable classroom that is at least 20 years old. A school district is eligible to receive an additional apportionment for the modernization of a permanent school building every 25 years after the date of the previous apportionment or a portable classroom every 20 years after the previous apportionment.

(b) (1) Notwithstanding subdivision (a), a school district that has a school facility located on a military installation that is the recipient of a federal grant for facilities modernization that requires a local matching share is eligible to receive an apportionment for the modernization of a permanent or portable building that is at least 10 years old, or is at

least 10 years old after the date of the previous modernization apportionment under this chapter.

(2) Portable buildings modernized pursuant to paragraph (1) shall be replaced with a permanent structure.

SEC. 13.

Section 17073.16 is added to the Education Code, to read:

17073.16.

(a) A school district eligible for funding pursuant to this article may receive a supplemental grant for either of the following:

(1) Expanding an existing gymnasium, multipurpose room, library, or school kitchen, if the facility is 60 percent or less than the department's recommended size needed to serve the enrollment of the school.

(2) Constructing a new gymnasium, multipurpose room, library, or school kitchen if the site is lacking one or more of the specified facilities.

(b) A site may receive a supplemental grant for only one project described in subdivision (a).

(c) (1) A school district eligible for a modernization apportionment may also receive a supplemental grant for either of the following:

(A) Retrofitting an existing school facility to adequately house transitional kindergarten pupils.

(B) Constructing new transitional kindergarten classrooms if the site is lacking sufficient school facilities to house transitional kindergarten pupils.

(2) A school district that receives a supplemental grant to house transitional kindergarten pupils pursuant to paragraph (1) shall meet the requirements of subparagraphs (A) and (B) of paragraph (5) of subdivision (b) of, paragraphs (2) and (3) of subdivision (f) of, and subdivision (g) of, Section 17375.

(d) The funding provided under this section shall be in addition to any other funding provided pursuant to this article.

(e) The board, in consultation with the Superintendent, shall develop regulations implementing this section.

SEC. 14.

Section 17074.16 of the Education Code is amended to read:

17074.16.

(a) The board shall release disbursements to school districts with approved applications for modernization, to the extent state funds are available for the state's share, and the school district has provided its required local match. Subject to the availability of funds, the board shall apportion funds to an eligible school district only upon the approval of the project by the Department of General Services pursuant to the Field Act, as defined in Section 17281, including, but not limited to, a project that complies with the Field Act by complying with Section 17280.5, and evidence that the certification by the school district that the required matching funds from local sources have been expended by the district for the project, or have been deposited in the county fund or will be expended by the district by the time of completion of the project, and evidence that the district has entered into a binding contract for the completion of that

project. If state funds are insufficient to fund all qualifying school districts, the board shall fund all qualifying school districts in the order in which the application for funding was approved by the board.

(b) The board shall adjust a school district's required local contribution pursuant to this section and the school district's associated state contribution required pursuant to this article as follows:

(1) For a school district determined to have a score of more than 10 points pursuant to Section 17070.59, the school district's required local matching funds pursuant to subdivision (a) shall be 35 percent and the associated state contribution pursuant to this article shall be 65 percent.

(2) For a school district determined to have a score of 9 or 10 points pursuant to Section 17070.59, the school district's required local matching funds pursuant to subdivision (a) shall be 37 percent and the associated state contribution pursuant to this article shall be 63 percent.

(3) For a school district determined to have a score of eight points pursuant to Section 17070.59, the school district's required local matching funds pursuant to subdivision (a) shall be 38 percent and the associated state contribution pursuant to this article shall be 62 percent.

(4) For a school district determined to have a score of six or seven points pursuant to Section 17070.59, the school district's required local matching funds pursuant to subdivision (a) shall be 39 percent and the associated state contribution pursuant to this article shall be 61 percent.

(5) For a school district determined to have a score of less than six points pursuant to Section 17070.59, the required local matching funds pursuant to subdivision (a) shall be 40 percent and the associated state contribution pursuant to this article shall be 60 percent.

SEC. 15.

Section 17074.25 of the Education Code is amended to read:

17074.25.

(a) (1) A modernization apportionment may be used for an improvement to extend the useful life of, or to enhance the physical environment of, the school. The improvement may only include the cost of design, engineering, testing, inspection, plan checking, construction management, demolition, construction, the replacement of portable classrooms, necessary utility costs, utility connection and other fees, the purchase and installation of air-conditioning equipment and insulation materials and related costs, furniture and equipment, including telecommunication equipment to increase school security, fire safety improvements, playground safety improvements, the identification, assessment, or abatement of hazardous asbestos, seismic safety improvements, and the upgrading of electrical systems or the wiring or cabling of classrooms in order to accommodate educational technology, including schoolsite-based infrastructure necessary to provide access to broadband internet within the schoolsite. A modernization apportionment may be used for the costs of design, materials, demolition, and construction to advance state energy goals pursuant to state law, support outdoor learning environments, or to directly shade and protect pupils from higher average temperatures, which may include incorporating nature and natural

materials. A modernization grant may not be used for costs associated with acquisition and development of real property or for routine maintenance and repair.

(2) A modernization apportionment may also be used for any of the following:

(A) The cost of designs and materials that promote the efficient use of energy and water, the maximum use of natural lighting and indoor air quality, the use of recycled materials and materials that emit a minimum of toxic substances, the use of acoustics conducive to teaching and learning, and other characteristics of high-performance schools.

(B) Seismic mitigation purposes and related design, study, and testing costs.

(C) To remediate any water outlet used for drinking or preparing food with lead levels in excess of 15 parts per billion.

(D) The control, management, or abatement of lead.

(b) This section shall not preclude a school district from using a grant for modernization to support the modernization of a school kitchen, a transitional kindergarten classroom, a facility to support a local educational agency-administered preschool program, including, but not limited to, a California state preschool program set forth in Article 2 (commencing with Section 8207) of Chapter 2 of Part 6, that is operated by a school district and located on a schoolsite operated by the district, or a facility to support school nurses and counselors to increase access to health care and mental health services.

(c) (1) A modernization apportionment may be used to limit pupil exposure to harmful air pollutants by updating air filtration systems.

(2) (A) This subdivision is declaratory of existing law.

(B) It is the intent of the Legislature in enacting Chapter 714 of the Statutes of 2018 (Assembly Bill 2453 of the 2017–18 Regular Session) to encourage school districts to add air filtration systems to applications for modernization apportionments when air pollution occasionally or regularly exceeds levels known to be harmful to public health.

(d) Notwithstanding any other provision of this article, a school district that is apportioned funds pursuant to Section 17073.16 shall use the supplemental grant for expanding an existing, or constructing a new, gymnasium, multipurpose room, library, or school kitchen.

(e) In developing guidelines and regulations for consideration by the board, the department, in consultation with the State Department of Education, shall provide a school district with maximum flexibility in the design and modernization of school facilities.

SEC. 16.

Section 17074.265 is added to the Education Code, immediately following Section 17074.26, to read:

17074.265.

(a) Notwithstanding Article 6 (commencing with Section 17073.10), a school district shall be eligible to receive a modernization apportionment to demolish and construct a building or buildings on an existing schoolsite if both of the following conditions are met:

(1) The building or buildings to be replaced are at least 75 years old.

(2) The school district provides a cost-benefit analysis that indicates the total cost to modernize the building or buildings is at least 50 percent of the current replacement

cost, as defined by the board, of the building or buildings. The cost-benefit analysis may include applicable site development costs.

(b) A project that meets the requirements of subdivision (a) shall be eligible for a grant equal to the grant provided under Section 17072.10 multiplied by the capacity of the building or buildings calculated pursuant to Section 17071.25.

(c) The board may adopt regulations to implement this section.

SEC. 17.

Section 17075.10 of the Education Code is repealed.

SEC. 18.

Section 17075.10 is added to the Education Code, to read:

17075.10.

(a) (1) For health and safety projects for school facilities that are determined by the department to pose an unacceptable risk of injury to occupants in the event of a seismic event, a school district shall demonstrate both of the following to the satisfaction of the board:

(A) That due to unusual circumstances that are beyond the control of the school district, excessive costs need to be incurred in the construction of school facilities.

(B) That the facilities are needed to ensure the health and safety of pupils if the health and safety of pupils is at risk.

(2) For purposes of paragraph (1), health and safety projects include projects to replace the most vulnerable school facilities that are identified as a Category 2 building, as defined in the report submitted pursuant to Section 17317.

(b) (1) A school district is eligible for health and safety funding to replace, reconstruct, or construct new classrooms and related facilities if the school district demonstrates there is a threat to the health and safety of pupils. To determine the applicable grant amounts, the district shall prepare and submit to the department a cost-benefit analysis that compares the minimum cost to remain in the classroom or related facility and mitigate the health and safety problem with the current replacement cost.

(2) The project qualifies for modernization funding if the minimum cost is less than 50 percent of the current replacement cost of the classroom or related facility.

(3) The project qualifies for replacement facilities if the cost-benefit analysis prepared pursuant to paragraph (1) demonstrates that the cost to remain in the classroom or related facility and mitigate the problem is at least 50 percent of the replacement value.

(c) The department shall develop regulations to define eligible health and safety projects that meet the requirements of subdivisions (a) and (b) for purposes of project approval by the board.

SEC. 19.

Section 17075.15 of the Education Code is amended to read:

17075.15.

(a) From funds available from any bond act for the purpose of funding facilities for school districts with a financial hardship, the board may provide other construction, modernization, or relocation assistance as set forth in this chapter or Chapter 14 (commencing with Section 17085) to the extent that severe circumstances may require,

and may adjust or defer the local financial participation, as pupil health and safety considerations require to the extent that bond act funds are provided for this purpose.

(b) The board shall adopt regulations for determining the amount of funding that may be provided to a district, and the eligibility and prioritization of funding, under this article.

(c) The regulations shall define the amount, and sources, of financing that the school district could reasonably provide for school facilities as follows:

(1) Unencumbered funds available in all facility accounts in the school district, including, but not limited to, fees on development, redevelopment funds, sale proceeds from surplus property, funds generated by certificates of participation for facility purposes, bond funds, federal grants, and other funds available for school facilities, as the board may determine.

(2) The board may exclude from consideration all funds encumbered for a specific capital outlay purpose, a reasonable amount for interim housing, and other funds that the board may find are not reasonably available for the project.

(d) The regulations shall also specify a method for determining required levels of local effort to obtain matching funds. The regulations shall include consideration of at least all of the following factors:

(1) Whether the school district has passed a bond measure within the two-year period immediately preceding the application for funding under this article, the proceeds of which are substantially available for use in the project to be funded under this chapter, but remains unable to provide the necessary matching share requirement.

(2) Whether the principal amount of the current outstanding bonded indebtedness issued for the purpose of constructing school facilities for the school district and secured by property within the school district or by revenues of, or available to, the school district, which shall include general obligation bonds, Mello-Roos bonds, school facility improvement district bonds, certificates of participation, and other debt instruments issued for the purpose of constructing school facilities for the school district and for which owners of property within the school district or the school district are paying debt service is at least 60 percent of the school district's total bonding capacity, as determined by the board.

(3) (A) Whether the total bonding capacity, as defined in Section 15102 or 15106, as applicable, is fifteen million dollars (\$15,000,000) or less, in which case, the school district shall be deemed eligible for financial hardship.

(B) Commencing with the 2026–27 fiscal year, the amount described in subparagraph (A) shall be adjusted each fiscal year by the inflation adjustment computed pursuant to paragraph (2) of subdivision (d) of Section 42238.02.

(4) Whether the application for funding under this article is from a county superintendent of schools.

(5) Whether the school district submits other evidence of substantial local effort acceptable to the board.

(6) The value of any unused local general obligation debt capacity, and developer fees added to the needs analysis to reflect the district's financial hardship, available for the purposes of school facilities financing.

SEC. 20.

Section 17075.20 is added to the Education Code, immediately following Section 17075.15, to read:

17075.20.

(a) Notwithstanding any other law, the board may provide assistance under this chapter for purposes of procuring interim housing, including, but not limited to, the leasing or acquisition of portable classrooms and any work associated with placing them on a site, to school districts and county offices of education impacted by a natural disaster for which the Governor has declared a state of emergency. The allocated funds shall supplement funding from insurance or any other local, state, or federal government disaster assistance.

(b) For purposes of this section, and notwithstanding any other section of this chapter, school districts and county offices of education determined by the board to be impacted by a natural disaster as described in subdivision (a) are deemed to meet the requirements set forth in Section 17075.10.

(c) Notwithstanding any other law, a school district or county office of education that receives assistance under this section shall be entitled to retain savings from a project and use those savings for other high-priority capital outlay purposes consistent with the requirements of subdivision (c) of Section 17070.63.

(d) (1) A grant provided pursuant to this section shall not affect the applicant's eligibility for any other program under this chapter.

(2) Notwithstanding paragraph (1), a portable classroom purchased pursuant to subdivision (a) shall be included in the determination of eligibility for new construction funding pursuant to Section 17071.75.

(e) The board may provide any other assistance to a school district or county office of education determined by the board to be impacted by a natural disaster as described in subdivision (a).

SEC. 21.

Section 17077.35 of the Education Code is amended to read:

17077.35.

(a) An applicant school district may include plan design and other project components that promote school facility energy efficiency approaching the ultimate goal of school facility energy self-sufficiency and pollution reduction, and may seek a grant adjustment for the state's share of the increased costs associated with those components.

(b) Energy efficiency components that enable school facilities to advance state energy goals and adapt to higher average temperatures that pose a threat to the health and safety of pupils and staff are eligible for inclusion into a project pursuant to this section, including, but not limited to, all of the following:

(1) Electric heating, ventilation, and air conditioning (HVAC), school kitchen equipment, and water heating.

(2) The use of ground source temperatures for heating and cooling.

(3) Energy and water conservation, load reduction, peak-load shifting, and building energy efficiency measures.

(4) Solar water heating technologies.

(5) Onsite renewable energy and storage, such as photovoltaics and battery storage, microgrid controllers, and service panel upgrades.

(6) Shade structures and the conversion of ground and rooftop surfaces to materials with low absorption and reflection of heat, which may include, but are not limited to, natural surfaces.

(c) In order to be eligible for the grant adjustment pursuant to this section, the building proposed for the project, including the energy-efficiency and renewable energy measures used pursuant to this section, shall exceed the nonresidential building energy-efficiency standards specified in Part 6 (commencing with Section 100) of Title 24 of the California Code of Regulations. The applicant shall certify that the cost for the project exceeds the amount of funding otherwise available to the applicant under this chapter.

(d) The board shall provide an applicant for a new construction or modernization project with a grant adjustment to provide an increase not to exceed 5 percent of its state grants authorized by Sections 17072.10 and 17074.10 for the state's share of costs associated with design, purchase, and installation related to school facility energy efficiency as set forth in this article.

(e) The board may adopt regulations for purposes of this section.

SEC. 22.

Article 10.7 (commencing with Section 17077.60) is added to Chapter 12.5 of Part 10 of Division 1 of Title 1 of the Education Code, to read:

Article 10.7. Testing and Remediation of Lead Levels in Water at Schoolsites 17077.60.

(a) (1) With funds made available for this purpose, the board shall provide a grant to test for lead in water outlets used for drinking or preparing food on schoolsites serving kindergarten or any of grades 1 to 12, inclusive, that were constructed before January 1, 2010, and for the remediation of any water outlets with lead levels in excess of 15 parts per billion.

(2) The board shall release disbursements to school districts with approved applications for purposes of this article, to the extent state funds are available, consistent with the applicable school district's local and state contribution percentages determined pursuant to Section 17074.16. Subject to the availability of funds, the board shall apportion funds to an eligible school district only upon review of evidence that the required local matching funds, for the applicable school district determined pursuant to Section 17074.16, have been expended by the school district for the project, have been deposited in the county fund, or will be expended by the school district by the time of completion of the project, and upon review of evidence that the school district has entered into a binding contract for the completion of that project.

(b) (1) A school district that applies for funding to test lead levels in water outlets used for drinking or preparing food shall be required to test all outlets on the schoolsite, except outlets that have been tested or replaced since January 1, 2010.

(2) A school district shall provide the test results to the Office of Public School Construction and the community water system that serves the school district.

(c) (1) A school district may request a grant for the replacement of a water outlet used for drinking or preparing food if the test results indicate lead levels for that water outlet exceed 15 parts per billion.

(2) Additional testing shall be required upon completion of the remediation efforts specified in paragraph (1) to ensure that lead levels have fallen below 15 parts per billion.

(d) The board shall establish funding cycles for allocation of funds. If funds are available at the conclusion of the funding cycles, the board may adopt regulations to provide grants to replace any pipes or fixtures that are contributing to the elevated lead levels if lead levels do not fall below 15 parts per billion after additional testing has been performed, as specified in paragraph (2) of subdivision (c).

(e) The board may consider setting a maximum amount on the grant to be provided for testing and remediation.

SEC. 23.

Article 11.5 (commencing with Section 17078.35) is added to Chapter 12.5 of Part 10 of Division 1 of Title 1 of the Education Code, to read:

Article 11.5. Assistance to Small School Districts

17078.35.

For purposes of this article, the following definitions apply:

(a) "Final apportionment" has the same meaning as "apportionment" as defined in subdivision (a) of Section 17070.15.

(b) "Preliminary application" means an application for a preliminary apportionment pursuant to this article.

(c) "Preliminary apportionment" means a reservation of bond authority for eligible applicants under this article in advance of full compliance with all of the application requirements otherwise required for an apportionment pursuant to this chapter.

(d) "Project and construction management grant" means a grant for purposes of obtaining the services from a county office of education, other local educational agency with applicable school facilities construction expertise, applicable state department, or a certified private construction consulting entity from the list maintained pursuant to paragraph (2) of subdivision (d) of Section 17078.47, to assist with the planning, site acquisition, preconstruction, construction, and closeout of a project.

(e) "Small school district" is a school district, as defined in Section 17070.15, with an enrollment of fewer than 2,501 pupils.

17078.36.

(a) Unless this article expressly provides otherwise, the provisions contained in the other articles of this chapter shall apply with equal force to a project funded under this article. This article shall control over the provisions of this chapter contained in other articles only to the extent that this article expressly conflicts with those provisions.

(b) This article shall apply only to a small school district that is otherwise eligible under this chapter for a project that meets both of the following:

(1) The project meets the criteria set forth in subdivision (a) of Section 17078.37.

(2) The project is to be funded from proceeds of state bonds approved by the voters at the November 5, 2024, statewide general election that shall not exceed the amounts made available pursuant to paragraphs (1) and (2) of subdivision (a) of Section 101412.

17078.37.

Notwithstanding subdivision (a) of Section 17072.30 and subdivision (a) of Section 17074.16, as applicable:

(a) Applicants for funding pursuant to this article shall do both of the following:

(1) Submit preliminary applications to the board.

(2) Meet the eligibility requirements described in Article 3 (commencing with Section 17071.75) and Article 6 (commencing with Section 17073.10), as applicable.

(b) The board shall do both of the following:

(1) Accept a preliminary application from, and make a preliminary apportionment to, a small school district for new construction grants pursuant to Article 4 (commencing with Section 17072.10) or modernization grants pursuant to Article 7 (commencing with Section 17074.10) in a manner substantially identical to the preliminary apportionment requirements established in Section 17078.24, except that the eligibility of the applicant shall be based on the criteria established in paragraph (2) of subdivision (a).

(2) If requested, provide a preliminary apportionment of a project and construction management grant equal to 5 percent of the state share of the preliminary apportionment.

17078.38.

The board shall adopt regulations setting forth all of the following:

(a) The preliminary application and preliminary apportionment.

(b) The apportionment of design grants, project assistance grants pursuant to subdivision (e) of Section 17072.10 and subdivision (e) of Section 17074.10, as applicable, and project and construction management grants to applicants that qualify for financial hardship assistance pursuant to Section 17075.15, as part of the preliminary apportionment.

(c) The existence of substantial progress requirements on apportionments for design and site grants identical to the requirements set forth in Section 1859.105 of Title 2 of the California Code of Regulations.

(d) The requirements for a final apportionment for the project in a manner substantially identical to the requirements of subdivisions (a) and (b) of Section 17078.25.

SEC. 24.

Article 11.7 (commencing with Section 17078.45) is added to Chapter 12.5 of Part 10 of Division 1 of Title 1 of the Education Code, to read:

Article 11.7. State Augmentation of Federal Supporting America's School Infrastructure Grant Program for Priority School Districts

17078.45.

For purposes of this article, the following definitions apply:

(a) "Centralized online resources" means an online portal or webpage dedicated to facilities maintenance and capital outlay in support of priority school districts.

(b) "Direct technical assistance" means professional support on facilities maintenance and capital outlay provided in person to a priority school district at the site.

(c) "Priority school district" means a school district that the State Department of Education determines is in need of capital outlay assistance. The State Department of Education's determination is based on the school district meeting one or more of the following criteria:

- (1) An enrollment of fewer than 2,501 pupils.
- (2) Low gross bonding capacity per enrollment.
- (3) A high percentage of unduplicated pupils.
- (4) Has not previously submitted an application for funding pursuant to the School Facility Program.
- (d) "SASI Grant" means the federal Supporting America's School Infrastructure Grant Program.
- (e) "State and county collaboration" means the joint efforts of the State Department of Education, county offices of education, and other state agencies, such as the Division of the State Architect and the Office of Public School Construction, to provide regional resource centers throughout the state to ensure priority school districts have access to local support.

17078.46.

(a) The board shall provide a grant of five million dollars (\$5,000,000) to the State Department of Education to expand the objectives of the SASI Grant and support priority school districts as described in this article. The grant funds shall be made available from the amounts allocated pursuant to paragraphs (1) and (2) of subdivision (a) of Section 101412 at the board's discretion.

(b) Any portion of the amount described in subdivision (a) that is not allocated pursuant to subdivision (a) by January 1, 2030, shall be available for the purposes described in paragraphs (1) and (2) of subdivision (a) of Section 101412, as determined by the board.

17078.47.

The bond funds allocated to the State Department of Education pursuant to Section 17070.46 shall be used for all of the following purposes:

(a) Direct technical assistance to priority school districts, including training in at least all of the following:

(1) Tools used to determine if a school facility is in "good repair" as defined in paragraph (1) of subdivision (d) of Section 17002 and rating a facility pursuant to paragraph (2) of subdivision (d) of Section 17002.

(2) Developing a schoolsite inventory.

(3) Assessing facility needs, estimating costs, and prioritizing projects.

(4) Identifying funding options, including eligibility to participate in the school facilities program.

(5) Developing facility contracts, including testing, architectural services, inspections, and construction.

(b) State and county collaboration efforts, including at least all of the following:

(1) Developing a regional network of facilities and maintenance staff at county offices of education throughout the state to sustain ongoing support for priority school districts.

(2) Conducting quarterly meetings throughout the state, in partnership with the Division of the State Architect and the Office of Public School Construction, designed to address the facilities challenges faced by priority school districts.

(3) Partnering with other state agencies and organizations representing priority school districts with limited expertise and capacity.

(c) Development and maintenance of centralized online resources, including at least all of the following:

- (1) Dedicating a portal or webpage to school facilities maintenance to support maintenance assessment, state and national funding programs, and contract development and management.
- (2) Providing standardized forms and tools for use by priority school districts.
- (3) Developing an on-demand library of resources, including webinars, videos, and additional learning tools.
- (d) State level expertise on facility maintenance, which may include both of the following:
 - (1) Building the capacity of the State Department of Education and county offices of education in supporting priority school districts.
 - (2) Establishing, in partnership with the Division of the State Architect and the Office of Public School Construction, a certification process for private construction consultants and maintaining an up-to-date list of certified consultants for use by priority school districts.

17078.48.

The State Department of Education shall adopt regulations setting forth the requirements and procedures for the allocation and use of bond funds pursuant to this article, including, but not limited to, all of the following:

- (a) The process for determining recipients of direct technical assistance.
- (b) The framework for state and county collaboration efforts.
- (c) The development, maintenance, and accessibility of centralized online resources.
- (d) Reporting and accountability measures to ensure the effective use of the allocated funds and the achievement of its intended outcomes.

SEC. 25.

Section 17078.52 of the Education Code is amended to read:

17078.52.

- (a) There is hereby established the Charter School Facilities Program to provide funding to qualifying entities for the purpose of establishing school facilities for charter school pupils.
- (b) (1) The 2002 Charter School Facilities Account is hereby established within the 2002 State School Facilities Fund established pursuant to subdivision (b) of Section 17070.40. The proceeds of bonds, as set forth in subparagraph (A) of paragraph (1) of subdivision (a) of Section 100620, shall be deposited into the 2002 Charter School Facilities Account for the purposes of this article. Notwithstanding Section 13340 of the Government Code, funds deposited into the account are hereby continuously appropriated for the purposes of this article.
- (2) The 2004 Charter School Facilities Account is hereby established within the 2004 State School Facilities Fund established pursuant to subdivision (c) of Section 17070.40. The proceeds of bonds, as set forth in subparagraph (A) of paragraph (1) of subdivision (a) of Section 100820, if approved by the voters, shall be deposited into the 2004 Charter School Facilities Account for the purposes of this article. Notwithstanding Section 13340 of the Government Code, funds deposited into the account are hereby continuously appropriated for the purposes of this article.
- (3) The 2006 Charter School Facilities Account is hereby established within the 2006 State School Facilities Fund established pursuant to subdivision (d) of Section

17070.40. The proceeds of bonds, as set forth in paragraph (2) of subdivision (a) of Section 101012, if approved by the voters, shall be deposited into the 2006 Charter School Facilities Account for the purposes of this article. Notwithstanding Section 13340 of the Government Code, funds deposited into the account are hereby continuously appropriated for the purposes of this article.

(4) The 2024 Charter School Facilities Account is hereby established within the 2024 State School Facilities Fund established pursuant to Section 17070.42. The proceeds of bonds, as set forth in paragraph (3) of subdivision (a) of Section 101412 and if approved by the voters at the November 5, 2024, statewide general election, shall be deposited into the 2024 Charter School Facilities Account for purposes of this article.

Notwithstanding Section 13340 of the Government Code, funds deposited into the account are hereby continuously appropriated for purposes of this article.

(c) As used in this article, the following terms have the following meanings:

(1) "Authority" means the California School Finance Authority established pursuant to Section 17172.

(2) "Account" means the pertinent account established under subdivision (b).

(3) "Preliminary apportionment" means an apportionment made for eligible applicants under this article in advance of full compliance with all of the application requirements otherwise required for an apportionment pursuant to this chapter. The process for making preliminary apportionments under this article shall be substantially identical to the process established for critically overcrowded schools pursuant to Sections 17078.22 to 17078.30, inclusive.

(4) "Financially sound" means a charter school that has demonstrated, over a period of time determined by the authority, but not less than 24 months immediately preceding the submission of the application, that it has operated as a financially capable concern in California, as measured by criteria established by the authority. A charter school that cannot demonstrate that it has been a financially capable concern for at least 24 months immediately preceding the submission of the application, due solely to not having operated as a charter school for at least 24 months, may meet this 24-month requirement if the charter school is managed by staff who have at least 24 months of documented experience, as measured by criteria established by the authority and the charter school has an educational plan, financial resources, facilities expertise, management expertise, and has been a financially capable concern for at least 24 months, as established by the authority.

(d) The board shall, from time to time, transfer funds within the account to the California School Finance Authority Fund for the purposes of this article pursuant to the request of the authority as set forth in this article.

SEC. 26.

Section 17078.58 of the Education Code is amended to read:

17078.58.

(a) Funding granted pursuant to this article may not exceed 100 percent of the total allowable project costs as determined by calculating double the per-pupil grant eligibility as set forth in Section 17072.10, and subdivision (e) of Section 17078.53, plus 100 percent of all other allowable construction project costs, as appropriate to the project, that would otherwise be available to school district projects as set forth in this chapter.

Funding granted for the purposes of rehabilitating buildings under Section 17078.54 shall be limited to the costs necessary to comply with subdivision (c) of Section 17078.54, and shall not exceed the maximum costs that would otherwise be allowable for a new construction project funded under this article.

(b) The local share equivalent shall be collected in the form of lease payments or otherwise as set forth in this article.

(c) Lease payments in lieu of local share payments, and any other local share payments made pursuant to this article, shall be made to the board for deposit into the respective 2002, 2004, 2006, or 2024 Charter School Facilities Account. Funds deposited into the account pursuant to this section may be used by the board only for a purpose related to charter school facilities pursuant to this article.

(d) When a preliminary apportionment under this article is converted to a final apportionment, any funds not needed for the final apportionment shall remain in the 2002, 2004, 2006, or 2024 Charter School Facilities Account for use by the board for any purpose related to charter school facilities pursuant to this article.

SEC. 27.

Section 17078.74 is added to the Education Code, immediately following Section 17078.72, to read:

17078.74.

(a) Except as otherwise provided in this section, a modernization grant adjustment provided pursuant to this section is not subject to the requirements of Section 17078.72.

(b) An applicant school district may include plan design and other project components that promote career technical education to enhance the educational opportunities for pupils in existing middle and high schools, and may seek a modernization grant adjustment for the state's share of the increased costs associated with those components.

(c) Career technical education components that enable school facilities to provide pupils with the skills and knowledge necessary for high-demand technical careers are eligible for inclusion into a project pursuant to this section, including, but not limited to, all of the following:

(1) Modernization of facilities to support career technical education programs.

(2) Reconfiguring a structure of any age that will enhance the educational opportunities for pupils in existing middle and high schools in order to provide them with the skills and knowledge necessary for high-demand technical careers.

(3) Purchasing equipment with an average useful life expectancy of at least 10 years.

(d) (1) In order to be eligible for the modernization grant adjustment pursuant to this section, the applicant shall certify that the cost for the project exceeds the amount of funding otherwise available to the applicant under this chapter and that the career technical education components are necessary to maintain industry standards.

(2) The applicant shall submit necessary plans and specifications for career technical education components to the State Department of Education for approval, ensuring compliance with eligibility criteria as stipulated, for modernization projects only, in Section 1859.192 of Title 2 of the California Code of Regulations, with the exception of paragraph (2) of subdivision (b) of Section 1859.192 of Title 2 of the California Code of Regulations.

(e) The board shall provide an applicant for a modernization project with a grant adjustment to provide an increase not to exceed 5 percent of its state grants authorized by Section 17074.10 for the state's share of costs associated with the design, purchase, and installation related to career technical education components as set forth in this section.

(f) An applicant career technical education program shall meet the criteria developed under subdivision (b) of Section 17078.72 and shall demonstrate all of the following:

(1) A clear and comprehensive career technical education plan for each course of study applicable to the instructional space.

(2) Projections of pupil enrollment.

(3) Identification of feeder schools, industry partners, and community colleges or institutions of higher education participating in the development, articulation, and review of the educational program.

(4) Evidence of approval of the plan described in paragraph (1) by the entities listed in paragraph (3) and the State Department of Education, including a determination by the State Department of Education that the application has scored at least 105 points as required under subdivision (c) of Section 1859.192 of Title 2 of the California Code of Regulations.

(5) The method by which accountability for pupil enrollments and outcomes will be maintained. Outcomes shall include, but are not limited to, certificate completion, successful entry of pupils to employment in the applicable industry, and successful transition to institutions of higher education for work in the applicable industry or other areas of study.

(6) Evidence of coordination with all feeder schools, middle schools, and high schools within the area to ensure that the project and programs complement career technical education offerings in the area.

(7) Evidence that upon completion of the project, the local educational agency will meet all of its obligations under Section 51228 relating to career technical education.

(g) The Office of Public School Construction shall develop regulations, subject to board approval, to implement this section. The regulations shall include procedures for the submission of State Department of Education-approved plans and specifications as a condition for the modernization grant adjustment, in alignment with subdivision (b) of Section 1859.197 of Title 2 of the California Code of Regulations.

(h) Projects shall be subject to a program accountability expenditure audit, consistent with State Department of Education guidelines, to ensure compliance with the funding regulations. Any repayments due back to the state as a result of these audits shall be subject to the repayment provisions in Section 1859.106.1 of Title 2 of the California Code of Regulations.

SEC. 28.

Part 72 (commencing with Section 101400) is added to Division 14 of Title 3 of the Education Code, to read:

PART 72. The Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024

CHAPTER 1. General Provisions

101400.

This part shall be known, and may be cited, as the Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024.

101401.

The Legislature finds and declares all of the following:

(a) A University of California, Berkeley report estimates that 85 percent of the classrooms in California are more than 25 years old, 30 percent of the classrooms are between 50 to 70 years old, and about 10 percent of the classrooms are 70 years old or older.

(b) Research on school building conditions and student outcomes finds a consistent relationship between poor facilities and poor performance by students. School facilities that are clean, in good repair, and designed to support high academic standards are more likely to support higher student achievement, regardless of student socioeconomic status. Students who receive instruction in buildings with good environmental conditions can earn test scores that are 5 to 17 percent higher than scores for students in substandard buildings.

(c) About one-third of new jobs in California will require some training beyond high school but less than a four-year degree. Career technical education, also known as vocational training, connects students to these career opportunities by providing industry-based skills.

(d) The School Facility Program is almost out of funding. School districts across California have submitted a total of \$3,300,000,000 in new construction and modernization projects and they are waiting to be funded.

(e) There are over 1,000 charter schools in California, and those charter schools are primarily located in urban areas. Charter schools often face significant financial challenges in securing adequate facilities. Therefore, supporting charter school facilities is essential to ensuring that all students have access to high-quality learning environments. By investing in the construction and rehabilitation of charter school buildings, we can help ensure these schools can provide safe, modern, and conducive learning environments. This support is important for fostering educational innovation and providing equitable educational opportunities for all students.

(f) Small and disadvantaged school districts often face significant challenges in maintaining and upgrading their facilities. These districts serve some of the most vulnerable student populations and frequently lack the resources to address critical infrastructure needs.

(g) The California Community Colleges is the largest postsecondary educational system in the United States, historically serving approximately 2,100,000 students annually. The California Community Colleges have billions of dollars in need for construction of new facilities for enrollment growth and for modernization of existing facilities.

101402.

(a) The incorporation of, or reference to, any provision of state statutory law in this part includes all acts amendatory thereof and supplementary thereto.

(b) For purposes of this part, "State General Obligation Bond Law" means the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), as it may be amended from time to time.

101403.

Bonds in the total amount of ten billion dollars (\$10,000,000,000), not including the amount of any refunding bonds issued in accordance with Sections 101430 and 101451, may be issued and sold for the purposes set forth in Sections 101420 and 101442. The bonds, when sold, issued, and delivered, shall be and constitute a valid and binding obligation of the State of California, and the full faith and credit of the State of California is hereby pledged for the punctual payment of the principal of, and interest on, the bonds as the principal and interest become due and payable.

CHAPTER 2. Kindergarten through Grade 12**Article 1. Kindergarten Through Grade 12 School Facilities Program Provisions****101410.**

The proceeds of bonds issued and sold pursuant to this chapter, not including the proceeds of any refunding bonds issued in accordance with Section 101430, shall be deposited in the 2024 State School Facilities Fund established in the State Treasury under Section 17070.42, and shall be allocated by the State Allocation Board pursuant to this chapter.

101411.

All moneys deposited in the 2024 State School Facilities Fund for the purposes of this chapter shall be available to provide aid to school districts, county superintendents of schools, and county boards of education of the state in accordance with the Leroy F. Greene School Facilities Act of 1998 (Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1), to provide funds to repay any money advanced or loaned to the 2024 State School Facilities Fund under any act of the Legislature, together with interest provided for in that act, and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

101412.

(a) The proceeds from the sale of bonds issued and sold for the purposes of this chapter shall be allocated in accordance with the following schedule:

(1) (A) The amount of three billion three hundred million dollars (\$3,300,000,000) for new construction of school facilities of applicant school districts pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1. Of the amount allocated under this paragraph, up to 10 percent shall be available to small school districts pursuant to Article 11.5 (commencing with Section 17078.35) of Chapter 12.5 of Part 10 of Division 1 of Title 1.

(B) Of the amount allocated under this paragraph, up to the amount necessary to fund the applications on the Applications Received Beyond Bond Authority List shall be available to support applications for the new construction of school facilities submitted pursuant to the Leroy F. Greene School Facilities Act of 1998 on or before October 31, 2024.

(2) (A) The amount of four billion dollars (\$4,000,000,000) for the modernization of school facilities pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1. Of the amount allocated under this paragraph, up to 10 percent shall be available to small school districts pursuant to Article 11.5 (commencing with Section 17078.35) of Chapter 12.5 of Part 10 of Division 1 of Title 1.

(B) Of the amount allocated under this paragraph, up to the amount necessary to fund the applications on the Applications Received Beyond Bond Authority List shall be available to support applications for the modernization of school facilities submitted pursuant to the Leroy F. Greene School Facilities Act of 1998 on or before October 31, 2024.

(C) Of the amount allocated under this paragraph, up to one hundred fifteen million dollars (\$115,000,000) shall be available to address the remediation of lead in water pursuant to Article 10.7 (commencing with Section 17077.60) of Chapter 12.5 of Part 10 of Division 1 of Title 1.

(3) The amount of six hundred million dollars (\$600,000,000) for providing school facilities to charter schools pursuant to Article 12 (commencing with Section 17078.52) of Chapter 12.5 of Part 10 of Division 1 of Title 1.

(4) The amount of six hundred million dollars (\$600,000,000) for facilities for career technical education programs pursuant to Article 13 (commencing with Section 17078.70) of Chapter 12.5 of Part 10 of Division 1 of Title 1.

(b) School districts may use funds allocated pursuant to paragraph (2) of subdivision (a) only for one or more of the following purposes in accordance with Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1:

(1) The purchase and installation of air-conditioning equipment and insulation materials, and related costs.

(2) Construction projects or the purchase of furniture or equipment designed to increase school security or playground safety.

(3) The identification, assessment, or abatement in school facilities of hazardous asbestos.

(4) Project funding for high-priority roof replacement projects.

(5) Any other modernization of facilities pursuant to Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1.

(c) Funds allocated pursuant to paragraph (1) of subdivision (a) may also be used to provide new construction grants for eligible applicant county boards of education under Chapter 12.5 (commencing with Section 17070.10) of Part 10 of Division 1 of Title 1 for funding classrooms for severely handicapped pupils, or for funding classrooms for county community school pupils.

(d) Of the amounts allocated under paragraphs (1) and (2) of subdivision (a), the State Allocation Board may provide a grant of five million dollars (\$5,000,000) to the State Department of Education pursuant to Section 17078.46.

Article 2. Kindergarten Through Grade 12 School Facilities Fiscal Provisions 101420.

(a) Of the total amount of bonds authorized to be issued and sold pursuant to Chapter 1 (commencing with Section 101400), bonds in the amount of eight billion five hundred million dollars (\$8,500,000,000), not including the amount of any refunding bonds issued in accordance with Section 101430, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the State School Building Finance Committee established pursuant to Section 15909 at any times necessary to service expenditures required by the apportionments.

101421.

The State School Building Finance Committee, established by Section 15909 and composed of the Governor, the Controller, the Treasurer, the Director of Finance, and the Superintendent, or their designated representatives, all of whom shall serve thereon without compensation, and a majority of whom shall constitute a quorum, is continued in existence to act as the committee, as defined in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), for purposes of this chapter. The Treasurer shall serve as chairperson of the committee. Two Members of the Senate appointed by the Senate Committee on Rules, and two Members of the Assembly appointed by the Speaker of the Assembly, shall meet with and provide advice to the committee to the extent that the advisory participation is not incompatible with their respective positions as Members of the Legislature. For purposes of this chapter, the Members of the Legislature shall constitute an interim investigating committee on the subject of this chapter and, as that committee, shall have the powers granted to, and duties imposed upon, those committees by the Joint Rules of the Senate and the Assembly. The Director of Finance shall provide assistance to the committee as it may require. The Attorney General is the legal adviser of the committee.

101422.

(a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code). The provisions of that law, including all acts amendatory thereof and supplementary thereto, apply to those authorized bonds and this chapter, and are hereby incorporated into this chapter as though set forth in full within this chapter, except that subdivisions (a) and (b) of Section 16727 of the Government Code shall not apply to the bonds authorized by this chapter.

(b) For purposes of the State General Obligation Bond Law, the State Allocation Board is designated the “board” for purposes of administering the 2024 State School Facilities Fund.

101423.

(a) Upon request of the State Allocation Board, the State School Building Finance Committee shall determine by resolution whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to fund the related apportionments and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to fund those apportionments progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

(b) A request of the State Allocation Board pursuant to subdivision (a) shall be supported by a statement of the apportionments made and to be made for the purposes described in Section 101412.

101424.

There shall be collected each year, in the same manner and at the same time as other state revenue is collected and in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

101425.

Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that equals the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 101428, appropriated without regard to fiscal years.

101426.

The State Allocation Board may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purpose of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter excluding any refunding bonds authorized pursuant to Section 101430, less any amount loaned and not yet repaid pursuant to this section and withdrawn from the General Fund pursuant to Section 101428 and not yet returned. The State Allocation Board shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the 2024 State School Facilities Fund to be allocated by the State Allocation Board in accordance with this chapter.

101427.

Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes under designated conditions or is otherwise entitled to any federal tax advantage, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

101428.

For purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount not to exceed the amount of the unsold bonds, excluding any refunding bonds authorized pursuant to Section 101430, less any amount loaned and not yet repaid pursuant to Section 101426 and withdrawn from the

General Fund pursuant to this section and not yet returned, that have been authorized by the State School Building Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the 2024 State School Facilities Fund and allocated by the State Allocation Board in accordance with this chapter. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for purposes of carrying out this chapter.

101429.

All moneys deposited in the 2024 State School Facilities Fund that are derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest, except those amounts derived from premium may be reserved and used to pay the cost of the bond issuance before any transfer to the General Fund.

101430.

The bonds issued and sold pursuant to this chapter may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds. Any bond refunded with the proceeds of refunding bonds as authorized by this section may be legally defeased to the extent permitted by law in the manner and to the extent set forth in the resolution, as amended from time to time, authorizing that refunded bond.

101431.

The proceeds from the sale of bonds authorized by this chapter are not “proceeds of taxes” as that term is used in Article XIII B of the California Constitution, and the disbursement of these proceeds is not subject to the limitations imposed by that article.

CHAPTER 3. California Community College Facilities

Article 1. General Provisions

101440.

(a) The 2024 California Community College Capital Outlay Bond Fund is hereby established in the State Treasury for deposit of funds from the proceeds of bonds, not including the proceeds of any refunding bonds issued in accordance with Section 101451, issued and sold for the purposes of this chapter.

(b) The Higher Education Facilities Finance Committee established pursuant to Section 67353 is hereby continued in existence to act as the committee, as defined in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code), for purposes of this chapter and to provide funds to aid the California Community Colleges.

**Article 2. California Community College Program Provisions
101441.**

(a) From the proceeds of bonds issued and sold pursuant to Article 3 (commencing with Section 101442), the sum of one billion five hundred million dollars (\$1,500,000,000) shall be deposited in the 2024 California Community College Capital Outlay Bond Fund for purposes of this chapter. When appropriated, these funds shall be available for expenditure for purposes of this chapter.

(b) The purposes of this chapter include assisting in meeting the capital outlay financing needs of the California Community Colleges.

(c) Proceeds from the sale of bonds issued and sold for purposes of this chapter may be used to fund construction on existing campuses, including the construction of buildings and the acquisition of related fixtures; construction of intersegmental facilities; the renovation and reconstruction of facilities; site acquisition; the equipping of new, renovated, or reconstructed facilities, which equipment shall have an average useful life of 10 years; and to provide funds for the payment of preconstruction costs, including, but not limited to, preliminary plans and working drawings for facilities of the California Community Colleges.

(d) For purposes of this section, “intersegmental” means may be used by more than one segment of public higher education.

**Article 3. California Community College Fiscal Provisions
101442.**

(a) Of the total amount of bonds authorized to be issued and sold pursuant to Chapter 1 (commencing with Section 101400), bonds in the total amount of one billion five hundred million dollars (\$1,500,000,000), not including the amount of any refunding bonds issued in accordance with Section 101451, may be issued and sold to provide a fund to be used for carrying out the purposes expressed in this chapter and to reimburse the General Obligation Bond Expense Revolving Fund pursuant to Section 16724.5 of the Government Code.

(b) Pursuant to this section, the Treasurer shall sell the bonds authorized by the Higher Education Facilities Finance Committee established pursuant to Section 67353 at any different times necessary to service expenditures required by the apportionments.

101443.

(a) The bonds authorized by this chapter shall be prepared, executed, issued, sold, paid, and redeemed as provided in the State General Obligation Bond Law (Chapter 4 (commencing with Section 16720) of Part 3 of Division 4 of Title 2 of the Government Code). The provisions of that law, including all acts amendatory thereof and supplementary thereto, apply to those authorized bonds and this chapter, and are hereby incorporated into this chapter as though set forth in full within this chapter, except that subdivisions (a) and (b) of Section 16727 of the Government Code shall not apply to the bonds authorized by this chapter.

(b) For purposes of the State General Obligation Bond Law, each state agency administering an appropriation of the 2024 Community College Capital Outlay Bond Fund is designated as the “board” for projects funded pursuant to this chapter.

(c) The proceeds of the bonds issued and sold pursuant to this chapter shall be available for the purpose of funding aid to the California Community Colleges for the

construction on existing or new campuses, and their respective off-campus centers and joint use and intersegmental facilities, as set forth in this chapter.

101444.

The Higher Education Facilities Finance Committee established pursuant to Section 67353 shall authorize the issuance of bonds under this chapter only to the extent necessary to fund the related apportionments for the purposes described in this chapter that are expressly authorized by the Legislature in the annual Budget Act. Pursuant to that legislative direction, the committee shall determine by resolution whether or not it is necessary or desirable to issue bonds authorized pursuant to this chapter in order to carry out the purposes described in this chapter and, if so, the amount of bonds to be issued and sold. Successive issues of bonds may be authorized and sold to carry out those actions progressively, and it is not necessary that all of the bonds authorized to be issued be sold at any one time.

101445.

There shall be collected each year and in the same manner and at the same time as other state revenue is collected, in addition to the ordinary revenues of the state, a sum in an amount required to pay the principal of, and interest on, the bonds each year. It is the duty of all officers charged by law with any duty in regard to the collection of the revenue to do and perform each and every act that is necessary to collect that additional sum.

101446.

Notwithstanding Section 13340 of the Government Code, there is hereby appropriated from the General Fund in the State Treasury, for the purposes of this chapter, an amount that equals the total of the following:

(a) The sum annually necessary to pay the principal of, and interest on, bonds issued and sold pursuant to this chapter, as the principal and interest become due and payable.

(b) The sum necessary to carry out Section 101449, appropriated without regard to fiscal years.

101447.

The board, as defined in subdivision (b) of Section 101443, may request the Pooled Money Investment Board to make a loan from the Pooled Money Investment Account or any other approved form of interim financing, in accordance with Section 16312 of the Government Code, for the purpose of carrying out this chapter. The amount of the request shall not exceed the amount of the unsold bonds that the Higher Education Facilities Finance Committee, by resolution, has authorized to be sold for the purpose of carrying out this chapter excluding any refunding bonds authorized pursuant to Section 101451, less any amount loaned and not yet repaid pursuant to this section and withdrawn from the General Fund pursuant to Section 101249 and not yet returned. The board, as defined in subdivision (b) of Section 101443, shall execute any documents required by the Pooled Money Investment Board to obtain and repay the loan. Any amounts loaned shall be deposited in the 2024 California Community College Capital Outlay Bond Fund to be allocated by the board in accordance with this chapter.

101448.

Notwithstanding any other provision of this chapter, or of the State General Obligation Bond Law, if the Treasurer sells bonds pursuant to this chapter that include a bond

counsel opinion to the effect that the interest on the bonds is excluded from gross income for federal tax purposes under designated conditions or is otherwise entitled to any federal tax advantage, the Treasurer may maintain separate accounts for the investment of bond proceeds and for the investment earnings on those proceeds. The Treasurer may use or direct the use of those proceeds or earnings to pay any rebate, penalty, or other payment required under federal law or take any other action with respect to the investment and use of those bond proceeds required or desirable under federal law to maintain the tax-exempt status of those bonds and to obtain any other advantage under federal law on behalf of the funds of this state.

101449.

(a) For purposes of carrying out this chapter, the Director of Finance may authorize the withdrawal from the General Fund of an amount not to exceed the amount of the unsold bonds, excluding any refunding bonds authorized pursuant to Section 101451, less any amount loaned and not yet repaid pursuant to Section 101447 and withdrawn from the General Fund pursuant to this section and not yet returned, that have been authorized by the Higher Education Facilities Finance Committee to be sold for the purpose of carrying out this chapter. Any amounts withdrawn shall be deposited in the 2024 California Community College Capital Outlay Bond Fund consistent with this chapter. Any money made available under this section shall be returned to the General Fund, plus an amount equal to the interest that the money would have earned in the Pooled Money Investment Account, from proceeds received from the sale of bonds for purposes of carrying out this chapter.

(b) Any request forwarded to the Legislature and the Department of Finance for funds from this bond issue for expenditure for the purposes described in this chapter by the California Community Colleges shall be accompanied by the five-year capital outlay plan that reflects the needs and priorities of the community college system and is prioritized on a statewide basis. Requests shall include a schedule that prioritizes the seismic retrofitting needed to significantly reduce, in the judgment of the particular college, seismic hazards in buildings identified as high priority by the college.

101450.

All moneys deposited in the 2024 California Community College Capital Outlay Bond Fund that are derived from premium and accrued interest on bonds sold pursuant to this chapter shall be reserved in the fund and shall be available for transfer to the General Fund as a credit to expenditures for bond interest, except those amounts derived from premium may be reserved and used to pay the cost of the bond issuance before any transfer to the General Fund.

101451.

The bonds issued and sold pursuant to this chapter may be refunded in accordance with Article 6 (commencing with Section 16780) of Chapter 4 of Part 3 of Division 4 of Title 2 of the Government Code, which is a part of the State General Obligation Bond Law. Approval by the voters of the state for the issuance of the bonds described in this chapter includes the approval of the issuance of any bonds issued to refund any bonds originally issued under this chapter or any previously issued refunding bonds. Any bond refunded with the proceeds of refunding bonds as authorized by this section may be legally defeased to the extent permitted by law in the manner and to the extent set forth in the resolution, as amended from time to time, authorizing that refunded bond.

101452.

The proceeds from the sale of bonds authorized by this chapter are not “proceeds of taxes” as that term is used in Article XIII B of the California Constitution, and the disbursement of these proceeds is not subject to the limitations imposed by that article.

CHAPTER 4. Transparency and Accountability Provisions**101460.**

(a) (1) The governing board of a school district, the governing board of a community college district, a county superintendent of schools, or the governing body of a charter school shall ensure that an independent performance audit of any project funded in whole or in part from the proceeds of bonds authorized by this part is conducted to ensure that the use of the applicable funds has been reviewed for expenditure consistent with the requirements of all applicable laws.

(2) A performance audit conducted for any project funded in whole or in part from the proceeds of bonds authorized by this part and required by any other law, including, but not limited to, an audit conducted pursuant to Section 41024, shall be deemed to satisfy the requirement of paragraph (1).

(3) The result of any audit required by this subdivision shall be posted on the internet website of the applicable school district, community college district, county office of education, or charter school.

(b) (1) (A) Before approving a project or projects seeking funds from this part, the governing board of a school district, a county board of education, or the governing body of a charter school shall hold at least one public hearing to solicit input from members of the public regarding the project or projects being proposed for submission.

(B) Before approving a request for the consideration of a project or projects by the Legislature that would be funded by the proceeds of bonds authorized by this part, the governing board of a community college district shall hold at least one public hearing to solicit input from members of the public regarding the project or projects being requested for consideration.

(2) The public hearing required pursuant to paragraph (1) may occur at the same public hearing in which the applicable governing board or body approves the project or projects seeking funds from this part. The public hearing may be conducted as part of a regularly scheduled and publicly noticed hearing of the applicable governing board or body.

(3) (A) A school district, county office of education, charter school, or community college district shall post information regarding a project or projects seeking, or requesting, funds from this part that have been approved by the applicable governing board or body on its public internet website.

(B) The project information reflected on the internet website pursuant to subparagraph (A) shall include, but not be limited to, the location of the project or projects, estimated project costs, and the estimated timeline for the completion of the project or projects.

(4) (A) A school district, county office of education, charter school, or community college district shall retain all financial accounts, documents, and records necessary for the audit required pursuant to subdivision (a).

(B) For purposes of this paragraph, a school district, county office of education, charter school, or community college district may maintain records electronically in compliance with any applicable state and federal laws.

SEC. 29.

The provisions of this act are severable. If any provision of this act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

SEC. 30.

Sections 1 to 28, inclusive, of this act shall take effect upon the adoption by the voters of the Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024, as set forth in Section 28 of this act.

SEC. 31.

This act is an urgency statute necessary for the immediate preservation of the public peace, health, or safety within the meaning of Article IV of the California Constitution and shall go into immediate effect. The facts constituting the necessity are:
In order to provide for the submission of the Kindergarten Through Grade 12 Schools and Local Community College Public Education Facilities Modernization, Repair, and Safety Bond Act of 2024 at the November 5, 2024, statewide general election to provide funding for public education facility projects as soon as possible, it is necessary for this act to take effect immediately.

ATTACHMENT B

Proposition 2 Initial Implementation – Recommended Board Policies

The following is a summary of staff’s recommended State Allocation Board’s (Board) policies and procedures for initial implementation of Proposition 2 following voter approval. The policies and procedures would be in effect for applications received on or after October 31, 2024, and would be applied until the Office of Public School Construction (OPSC) has conducted stakeholder meetings, the Board has adopted formal regulations for each item, and the regulations are approved by the Office of Administrative Law.

Topic	Proposition 2 Requirements	Informational Updates and Recommended Board Policies
<p>Topic #1 New Construction and Modernization Program Authority Set Asides</p>	<ul style="list-style-type: none"> • Up to 10 percent of the funding allocated for both New Construction and Modernization shall be available for small school districts. • Up to \$115 million from Modernization authority shall be available to address the remediation of lead in water. • \$5 million shall be provided as a grant to the California Department of Education (CDE) from New Construction and/or Modernization authority for specified purposes. 	<p><i>Informational Update:</i></p> <ul style="list-style-type: none"> • Staff will present options to the Board at a future meeting regarding amounts to be set aside from funding authorized by Proposition 2 for these purposes, as well as for necessary administrative costs.

Topic	Proposition 2 Requirements	Informational Updates and Recommended Board Policies
<p>Topic #2 Unfunded Approvals and Priority Funding Apportionments</p>	<p>N/A</p>	<p><i>Informational Update:</i></p> <ul style="list-style-type: none"> • Once remaining General Fund proceeds for the School Facility Program (SFP) are exhausted, staff will present applications to the Board for consideration of Unfunded Approvals. • Upon the Board’s Unfunded Approval, projects will be placed on the Unfunded List (Lack of AB 55 Loans) and must participate in the existing priority funding process, including regulations guiding non-participation in the priority funding process.
<p>Topic #3 Five-Year School Facilities Master Plans</p>	<p>Requires a five-year school facilities master plan to be submitted as a condition of participating in the SFP.</p>	<p><i>Recommended Board Policies:</i></p> <ul style="list-style-type: none"> • Districts must submit a governing board resolution acknowledging the submittal timeline and that the project may be rescinded for failure to submit with the required components. • Facility Hardship and Seismic Mitigation Program projects must submit the master plan with the substantial progress certification for construction of the project or the 100 percent complete <i>Expenditure Report</i> (For SAB 50-06), whichever occurs first. • New Construction and Modernization applications received October 31, 2024 through 12 months following the Office of Administrative Law’s (OAL) approval of regulations must submit the master plan at time of processing. • New Construction and Modernization applications received more than 12 months following OAL approval of regulations must submit the master plan with the application.

Topic	Proposition 2 Requirements	Informational Updates and Recommended Board Policies
Topic #4 Required Local Matching Share	Provides a sliding scale for the required matching share for New Construction and Modernization projects.	<p><i>Recommended Board Policies:</i></p> <ul style="list-style-type: none"> • When the application is ready to be processed, school districts must provide a letter from the County Auditor-Controller certifying the school district's current year assessed valuation and a copy of the project's Project Labor Agreement, if applicable. • OPSC will obtain the school district's most recent enrollment data and unduplicated pupil percentage from CDE for purposes of computing the matching share requirement.
Topic #5 Financial Hardship	Increases the maximum bonding capacity a school district may have to qualify for financial hardship funding from \$5 million to \$15 million.	<p><i>Informational Update:</i></p> <ul style="list-style-type: none"> • OPSC staff will apply the new threshold immediately to all applications received on or after October 31, 2024. • School districts that submitted an application on or before October 30, 2024 who wish to be considered for financial hardship assistance under the new criteria must withdraw their existing application/s and resubmit.

Topic	Proposition 2 Requirements	Informational Updates and Recommended Board Policies
<p>Topic #6 Modernization Supplemental Grants for Minimum Essential Facilities, Transitional Kindergarten Classrooms, and Career Technical Education</p>	<p>Establishes a supplemental grant for Modernization projects to expand an existing gymnasium, multipurpose room, library, or school kitchen if the facility is 60 percent or less than the recommended size to serve the enrollment of the school.</p> <p>School districts may also construct a new gymnasium, multipurpose room, library, or school kitchen if the site lacks one of more of the specified facilities.</p> <p>Allows a school district to receive a supplemental grant under the Modernization program to adequately house transitional kindergarten pupils by either retrofitting an existing school facility or constructing new transitional kindergarten classrooms if the site is lacking sufficient facilities for this purpose.</p> <p>Establishes a supplemental grant of up to five percent of the Modernization base grant for Modernization projects on existing middle and high school campuses for Career Technical Education (CTE) facilities and equipment.</p>	<p><i>Recommended Board Policies:</i></p> <ul style="list-style-type: none"> • The CDE- and Division of the State Architect (DSA)-approved plans submitted with an <i>Application for Funding</i> (Form SAB 50-04) on or after October 31, 2024 must already include the work. • Scope change requests will not be approved by the Board to add the facilities, additional square footage, and/or the supplemental grant without reapplying for a new received date. • School districts that have included the new or expanded facilities in their CDE/DSA approved plans will be allowed to amend the Form SAB 50-04 at the time of processing to request the supplemental grants. • School districts requesting the supplemental grant for Career Technical Education must check Box #20 on the Form SAB 50-04 to indicate that CTE funds will be requested.

Topic	Proposition 2 Requirements	Informational Updates and Recommended Board Policies
<p>Topic #7 Energy Efficiency Supplemental Grants for New Construction and Modernization Projects</p>	<p>Establishes a supplemental grant of up to five percent of the base grant for New Construction and Modernization projects that include buildings with specified energy efficiency and renewable energy measures that exceed the nonresidential building energy efficiency standards specified in Title 24.</p>	<p><i>Recommended Board Policies:</i></p> <ul style="list-style-type: none"> • Any work must be included in the DSA-approved plans submitted with the initial Form SAB 50-04. • Scope change requests will not be approved by the Board to add additional work without reapplying for a new received date. • Supporting documentation must be provided at the time of processing.
<p>Topic #8 Funding for the Replacement of 75-Year Old Buildings</p>	<p>Provides Modernization program funding for the replacement of 75-year old buildings based on the “per pupil” grants provided for New Construction projects.</p>	<p><i>Recommended Board Policies:</i></p> <ul style="list-style-type: none"> • Work to demolish and replace a 75-year old building must be included in the DSA-approved plans submitted with the initial Form SAB 50-04. • Scope change requests will not be approved by the Board to change from renovation work to replacement work without reapplying for a new received date.
<p>Topic #9 Interim Housing for a Governor-Declared State of Emergency</p>	<p>Authorizes the Board to provide assistance for procuring interim housing or any other assistance to a school district impacted by a natural disaster for which the Governor has declared a state of emergency.</p>	<p><i>Recommended Board Policies:</i></p> <ul style="list-style-type: none"> • Review these requests on a case-by-case basis and require school districts to submit the <i>School District Appeal Request</i> (Form SAB 189) until staff has had the opportunity to seek stakeholder feedback and develop proposed regulations for implementation of this statute.

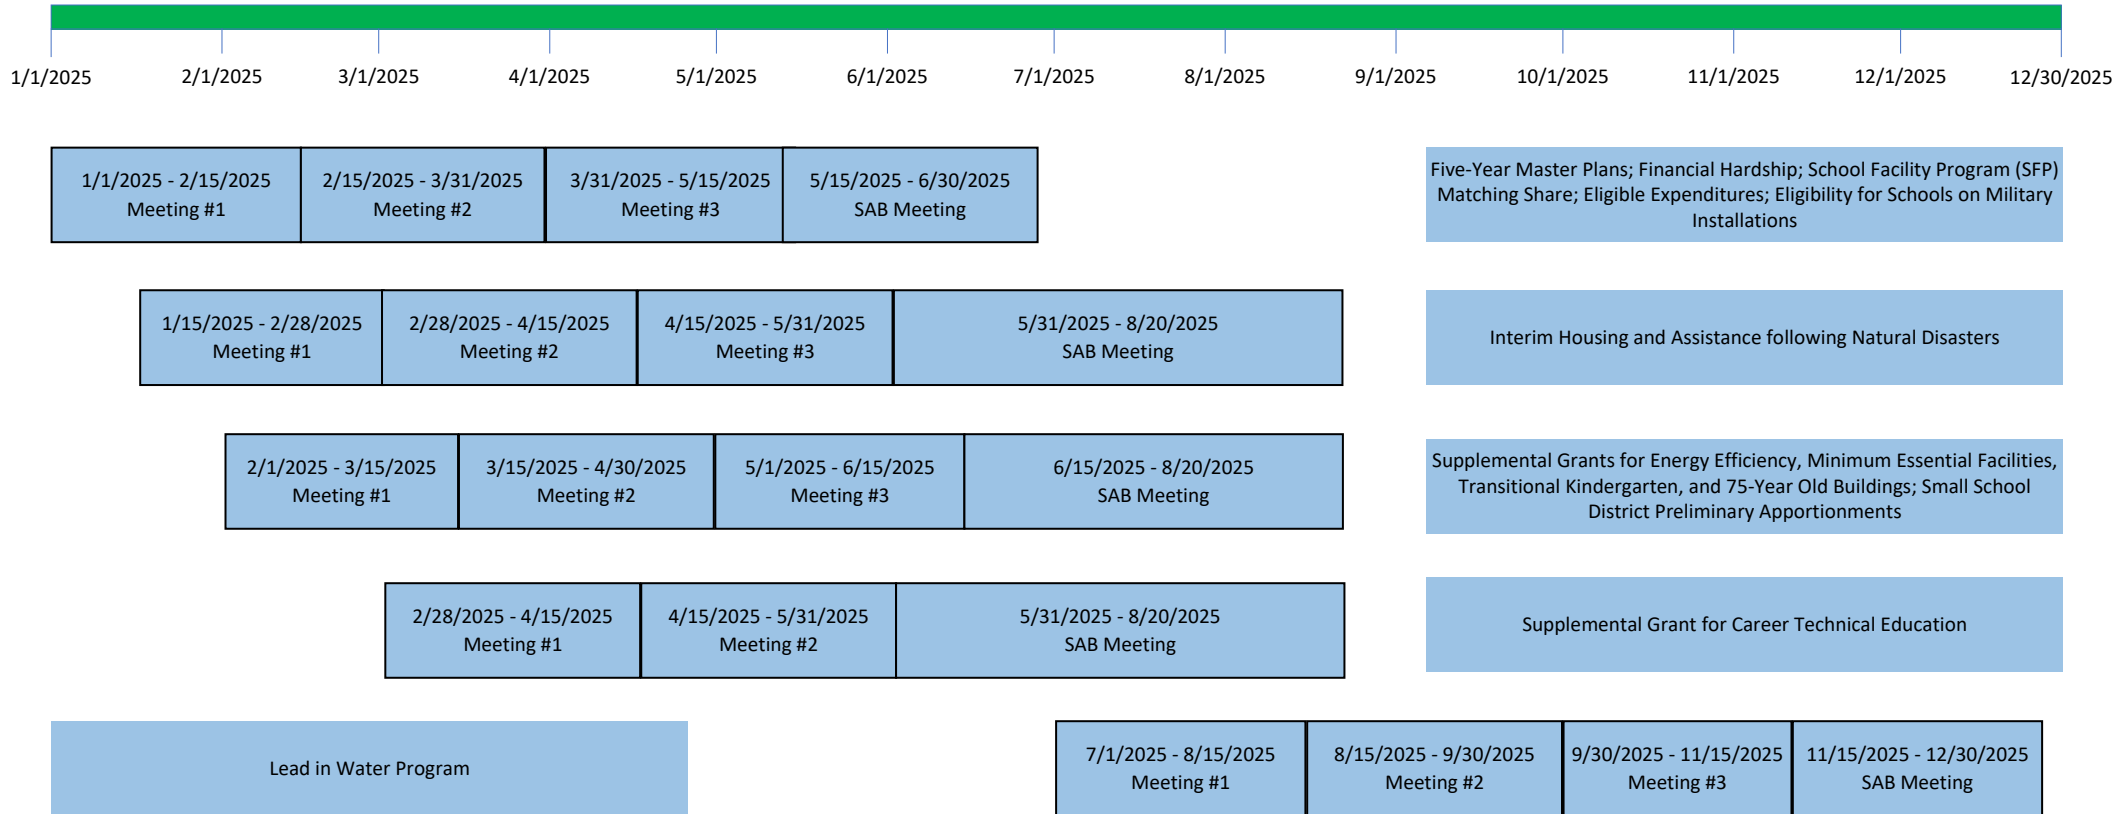

ATTACHMENT C Estimated Timelines for Implementation of Proposition 2

With the passage of Proposition 2, the Office of Public School Construction (OPSC) will conduct a series of collaboration meetings in early 2025 to engage and discuss the implementation of Proposition 2. These meetings will be held in person and via Zoom to allow all interested parties the ability to participate. Dates are subject to change based on scheduling availability and the number of comments received.

At each meeting, OPSC will present initial staff proposals, followed by an open discussion. Each meeting will be recorded and posted to OPSC's website and YouTube channel and interested parties will be able to submit written comments for OPSC's consideration following each meeting.

Upon conclusion of each series of discussions on a topic, OPSC will batch proposals for presentation to the State Allocation Board (SAB) for approval, then submit regulatory packages to the Office of Administrative Law.

If interested parties would like to submit comments in advance, please email OPSCCommunications@dgs.ca.gov.

APPEALS

Received as of October 31, 2024

<u>Appeal Received Date</u>	<u>District/County</u>	<u>Tentative SAB Date*</u>	<u>Description</u>
2/16/2024	Alpaugh USD/Tulare	TBD	District requests reconsideration of audit findings for two Facility Hardship Program applications.
6/10/2024	Mountain Empire USD/Imperial	2/26/2025	District requests approval of Financial Hardship status based on “other evidence.”
9/23/2024	Camptonville Union ESD/Yuba	1/22/2025	District requests SAB determination on whether asbestos abatement for removal of vinyl tile and mastic in classrooms qualifies for Facility Hardship assistance.
10/28/2024	Pioneer Union SD/El Dorado	1/22/2025	District requests SAB approval for an expedited apportionment.

*Please note: Tentative SAB Date is not a guaranteed meeting date and may be subject to change.

STATE ALLOCATION BOARD MEETING DATES

The State Allocation Board (SAB) meeting dates for the 2025 calendar year are as follows:

Board Date*	Type of Meeting
January 22, 2025	Monthly (Consent/Appeals/Action)
February 26, 2025	Monthly (Consent/Appeals/Action)
March 26, 2025	Monthly (Consent/Appeals/Action)
April 23, 2025	Monthly (Consent/Appeals/Action)
May 28, 2025	Monthly (Consent/Appeals/Action)
June 25, 2025	Monthly (Consent/Appeals/Action)
July 23, 2025	Monthly (Consent/Appeals/Action)
August 19, 2025	Monthly (Consent/Appeals/Action)
September 24, 2025	Monthly (Consent/Appeals/Action)
October 22, 2025	Monthly (Consent/Appeals/Action)
December 3, 2025	Monthly (Consent/Appeals/Action)

*The projected board dates and time will be determined upon the discussion with the Chair based on workload.

The SAB meets at 4:00 p.m. when the State Legislature is in session and at 3:00 p.m. when the State Legislature is out on recess.

Due to scheduling changes within the Legislature, some of the SAB meetings may be canceled or changed with short notice.

INFORMATION ITEM

SCHOOL FACILITY PROGRAM NEW CONSTRUCTION AND MODERNIZATION UNFUNDED LIST (as of October 23, 2024)

The New Construction and Modernization projects on this list have received an “unfunded” approval by the State Allocation Board (SAB). Note that an “unfunded” approval does not guarantee a future apportionment by the SAB.

Published monthly in the SAB Agenda.

This report is also located on the [OPSC Website](#)

INFORMATION ITEM

SCHOOL FACILITY PROGRAM OFFICE OF PUBLIC SCHOOL CONSTRUCTION FUNDING WORKLOAD LISTING (Applications Received Through October 31, 2024)

The New Construction and Modernization projects on this list represent complete applications awaiting the Office of Public School Construction (OPSC) processing and scheduling to the State Allocation Board.

This list includes projects that are being presented for approval in this month's State Allocation Board Agenda.

Inclusion on this list does not constitute a guarantee of future funding.

This list is also available on the [OPSC Website](#) and is updated the beginning of each month.

(a) Represents estimated 60% state share of project including excessive cost grants. Seismic Mitigation Program projects represents the estimated 50% state share of project. Amounts shown have not been reviewed by OPSC for compliance with all School Facility Program requirements.

(b) Represents estimated financial hardship. Amounts shown have not been reviewed by OPSC for compliance with all School Facility Program requirements.

*Facility Hardship project requesting Seismic Mitigation Program funding.

**School districts have been notified that the Office of Public School Construction will begin processing the district's application in the near future.

School Facility Program Applications within Bond Authority*
- in millions of dollars, as of October 31, 2024-

*The projects on this report only represents completed applications that are awaiting Office of Public School Construction (OPSC) processing and scheduling to the State Allocation Board. It does not reflect the OPSC's complete workload or guarantee the project is within available bond authority.

** Includes Facility Hardship Non-Seismic applications.

This list includes future workload that is identified as:

- Pending reflects workload that has been processed by OPSC but awaiting further information/documentation from the district.
- Reviewing reflects currently being processed by OPSC.

INFORMATION ITEM

SCHOOL FACILITY PROGRAM APPLICATIONS RECEIVED BEYOND BOND AUTHORITY LIST (as of October 31, 2024)

The applications on this list represent School Facility Program (SFP) New Construction and Modernization projects in date order received that were received on or after February 11, 2022 through October 31, 2024. These applications have been received, but not reviewed, by the Office of Public School Construction (OPSC). This list is presented to the State Allocation Board for acknowledgement, but not approval pursuant to SFP Regulation Section 1859.95.1.

Published monthly in the SAB Agenda.

This report is also on the [OPSC Website](http://www.dgs.ca.gov/opsc) at:
www.dgs.ca.gov/opsc

--------------------------------------------------------------------------------	---------------

*This project has received conceptual approval from the State Allocation Board pursuant to SFP Regulation Section 1859.82.3. The District is not subject to a timeline to submit a funding request corresponding to this project. Conceptual approval does not reserve Bond Authority.

**This project has received approval for design funding which is included in the Estimated State Grant amount.

Section 1859.81. Financial Hardship.

Except for Joint-Use Projects and Career Technical Education Facilities Projects, a district is eligible for financial hardship to fund all or a portion of its matching share requirement after demonstrating the requirements of (a), (c), and (d) below:

(a) The district is financially unable to provide all necessary matching funds for an eligible project. To determine this, an analysis shall be made of the district's financial records by the OPSC including data and records maintained by the CDE and the County Office of Education. The analysis shall consist of a review of the district's latest Independent Audit regarding funds available from all capital facility accounts, including, but not limited to, developer fees, funds generated from capital facility certificates of participation, federal grants, redevelopment funds, sale proceeds from surplus property, the appraised value of facilities approved for replacement pursuant to Section 1859.82, bond funds either encumbered, unencumbered or authorized but unsold, and savings from other SFP projects. All funds thus identified that have not been expended or encumbered by a contractual agreement for a specific capital outlay purpose prior to the initial request for financial hardship status shall be deemed available as a matching contribution.

After the initial request for financial hardship status is granted, no further encumbrances will be approved by the OPSC and all prospective revenue made available to the district's capital facility accounts shall be deemed available as matching contribution on the subsequent financial hardship review, with the exception of:

- (1) Approved interim housing expenditures.
- (2) Funding to pay for previously recognized multi-year encumbrances approved at the initial financial hardship approval.
- (3) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Federal Renovation Program when the amount expended out of that fund does not exceed the maximum Federal Renovation Grant amount.
- (4) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the School Facilities Needs Assessment Grant Program or Emergency Repair Program when the amount expended out of that fund does not exceed the maximum grant amount apportioned.
- (5) Funding that is transferred into a Special Reserve Fund and is used for the express purpose of the Career Technical Education Facilities Program when the amount expended out of that fund does not exceed the applicant's share of the maximum grant amount apportioned.
- (6) Funding that is transferred into a Special Reserve Fund and used for the express purpose of the Overcrowding Relief Grant when the amount expended out of that fund does not exceed the amount of the site acquisition and design costs of the project and the district has submitted an approved Form SAB 50-11.
- (7) Funding that is used for the express purpose of reimbursing the State a proportionate share of financial hardship received when there has been a transfer of a special education program and title to the facility. In addition, the funding was used within five years of the title transfer.
- (8) Funding to pay for obtaining a structural report pursuant to Section 1859.82.2 for an approvable and funded seismic mitigation project.
- (9) All other capital facility funding for a period of three years when no subsequent financial hardship request is made during this period, with the exception of the funding identified in (6). The three-year period begins with the date of the most recent financial hardship new construction or modernization adjusted grant funding apportionment.

When Overcrowding Relief Grant funding is set aside pursuant to (6) and the School District has not submitted, or the OPSC has not accepted, a Form SAB 50-04 for an Overcrowding Relief Grant within three years from the date of deposit into the Special Reserve Fund, or the School District has not met the requirements in Sections 1859.90 or 1859.105, remaining funds plus interest accrued at the Pooled Money Investment Board rate at that time period shall be deemed available as matching contribution on a subsequent financial hardship project or be captured through an audit adjustment pursuant to Section 1859.106.

The financial hardship analysis is subject to approval by the Board.

(b) From the funds deemed available as a matching contribution, the district may retain \$19,776 per classroom in each enrollment reporting period for the cost to provide interim housing for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing for the currently unhoused pupils shall be the sum of the positive numbers determined in (b)(7) as follows:

(1) Determine the current enrollment of the district by grade level as shown on the latest Form SAB 50-01.

(2) Determine the New Construction Grants apportioned by grade level for all SFP projects and LPP funded under the provisions of Sections 1859.12 or 1859.13 where the district has submitted Form SAB 50-06 indicating that the project is 100 percent complete.

(3) Subtract (b)(2) from (b)(1).

(4) Determine the number of classrooms by grade level reported in Part 1, Line 8 on Form SAB 50-02.

(5) Multiply the classrooms determined in (b)(4) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe.

(6) Subtract the product determined in (b)(5) from the difference determined in (b)(3) by grade level.

(7) Divide the difference by grade level determined in (b)(6) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per portable toilet unit in each reporting period for the cost to provide necessary interim toilet facilities for the currently unhoused pupils of the district. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of toilet facilities needed for interim housing shall be the sum of the positive numbers determined in (b)(7) divided by eight rounded up to the nearest whole number.

From the funds deemed available as a matching contribution, the district may also retain \$19,776 per classroom in each reporting period for the cost to provide necessary interim housing for the currently unhoused pupils displaced as a result of a SAB approved seismic mitigation project pursuant to Section 1859.82.2. The amount shown shall be adjusted annually in the manner prescribed in Section 1859.71. The number of classrooms needed for interim housing shall be the quotient of the displaced pupils by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

If the district's available funds, as determined by the OPSC analysis less costs for interim housing, is less than its matching share, the district will be deemed to have met the requirements of this Subsection.

(c) The district has made all reasonable efforts to fund its matching share of the project by demonstrating it is levying the developer fee justified under law or an alternative revenue source equal to or greater than the developer fee otherwise justified under law at the time of request for hardship and the district meets at least one of the following:

(1) The current outstanding bonded indebtedness of the district issued for the purpose of constructing school facilities in accordance with Education Code Section 17072.35 or 17074.25 as appropriate, at the time of request for financial hardship status, is at least 60 percent of the district's total bonding capacity. Outstanding bonded indebtedness includes that part of general obligation bonds, Mello-Roos Bonds, School Facility Improvement District Bonds and certificates of participation which the district is paying a debt service that was issued for capital outlay school facility purposes.

(2) The district had a successful registered voter bond election for at least the maximum amount allowed under Proposition 39 within the previous two years from the date of request for financial hardship status. The proceeds from the bond election that represent the maximum amount allowed under the provisions of Proposition 39 must be used to fund the district's matching share requirement for SFP project(s).

(3) It is a County Superintendent of Schools.

(4) The district's total bonding capacity at the time of the request for financial hardship status is \$5 million or less.

(5) Other evidence of reasonable effort as approved by the SAB.

If the district's request for financial hardship status is denied by the Board, the district may be deemed eligible for rental payments of \$2,000 per year per classroom under the Emergency School Classroom Law of 1979 for a two year period when relocatable classroom buildings are available and the district provides financial documentation that it is unable to afford the full rental amount and any other information satisfactory to the Board that the rental reduction is necessary. The number of classrooms eligible for the \$2,000 rental payments shall be the sum of the numbers determined in (c)(5)(B) as follows:

(A) Determine the number of pupils by grade level that the district requested a New Construction Grant on the Form SAB 50-04 that were denied financial hardship status.

(B) Divide the number by grade level determined in (c)(5)(A) by 25 for K-6, 27 for 7-12, 13 for Non-Severe and 9 for Severe and round up to the nearest whole number.

(d) The district has not signed a contract for acquisition or construction of classrooms that replace existing facility(ies), which were included in the determination of the district's new construction eligibility pursuant to Education Code Section 17071.75, in a locally funded project during the five-year period immediately preceding the district's application for financial hardship assistance. This restriction may be lifted if the Board finds that unforeseen and extenuating circumstances existed that required the district to use local funds to replace the facility(ies).

(e) If the district meets the financial hardship requirements in this Section, the amount of financial hardship is equal to the district's matching share less funds deemed available in (a).

(1) Once a district has been notified by OPSC that it meets the requirements of financial hardship in this Section, the district may file Form SAB 50-04 under the

provisions of financial hardship anytime within a period of 180 calendar days from the date of the OPSC notification.

(2) If the district does not submit Form SAB 50-04 under the provisions of financial hardship within 180 calendar days of the OPSC notification of approval of financial hardship status, the district must re-qualify for financial hardship status under the provisions of this Section by submittal of a new request for financial hardship status.

(3) If the project(s) has been included on an unfunded list for more than 180 calendar days, a review of the district's funds pursuant to (a) will be made to determine if additional district funds are available to fund the district's matching share of the project(s).

Financial hardship approval status by the OPSC for a separate design and/or site apportionment does not apply to any subsequent funding for the project(s).

(f) If the district submits Form SAB 50-04 within 180 calendar days of the OPSC notification of approval of financial hardship and the project(s) has been included on the "Unfunded List (Lack of AB 55 Loans)" for more than 180 calendar days as a result of the State of California's inability to provide interim financing from the Pooled Money Investment Account (AB 55 loans), the Board may suspend the unfunded review requirement as defined in Regulation Section 1859.81(e). Projects added to any other unfunded list shall be subject to the review detailed in Regulation Section 1859.81(e). Regulation Section 1859.81(f) shall become inoperative July 1, 2011.

(g) A project added to an unfunded list on or after July 1, 2011 will be subject to the review detailed in section (e)(3). For projects added to an unfunded list between February 25, 2009 and June 30, 2011, only the district's financial records on or after July 1, 2011 will be considered in calculating any adjustment to the district's matching share.

(h) On or after September 22, 2017, a district may submit a request for funding in advance of obtaining a determination of Financial Hardship.

(1) To be considered for Financial Hardship, the district must check the box on the Form SAB 50-04 requesting Financial Hardship pursuant to this subsection when submitting a request for funding.

(2) Prior to processing an application OPSC will notify the district in writing to submit the necessary documentation for a Financial Hardship analysis pursuant to (a), (b), (c) and (d). OPSC will not accept any documents for a Financial Hardship analysis in advance of the notification. Failure to submit the requested documentation within 60 calendar days of OPSC's notification will result in either a. or b.:

a. District may amend their Form SAB 50-04 to exclude the request for Financial Hardship determination.

b. OPSC will return the request for funding and related materials to the district.

(3) Upon notification of Financial Hardship approval, any Form SAB 50-04 processed within 180 calendar days of the approval date will be included in the approval.

(4) For any Form SAB 50-04 processed more than 180 calendar days after the date of the Financial Hardship approval the district shall re-qualify for Financial Hardship status.
